

THE NEW ENTERPRISE

Madison, Florida.

PUBLISHED WEEKLY.

Entered at the Madison Post Office as Second Class Matter.

COLUMBUS B. SMITH, Editor.

Subscription, \$1.00 per year. Advertising rates made known on application. Correspondents will please write on only one side of the paper. Be brief in your items, but give every item of news. We must have the name of every contributor, not for publication, but that we may know the correspondents are authentic. All anonymous communications will find a home in the waste basket. Address all communications to:
THE NEW ENTERPRISE,
Madison, Florida.

Official Organ County Commissioners

THURSDAY, JUNE 25, 1903

The first newspaper advertisement appeared in 1652. There are firms doing business who are apparently ignorant of this fact.

The Breakers, recently destroyed by fire at Palm Beach, will be immediately rebuilt upon a grander scale than before. And the price of oil continues up.

Instead of getting mad at what the newspapers say about him the wise man is thankful every hour in the day for what the newspapers know about him but don't print.

Stockings will go higher, says a recent press dispatch. Probably this accounts for the new fashion recently introduced under which some women have taken to wearing socks.

Governor Jennings will announce his decision respecting the time and place for holding the encampment some time this week. In the meantime Jacksonville, St. Augustine, Tampa and a few other places are living in hopes that the encampment lightning will strike them.

Having disposed of the legislature and knocked out a little of its extravagance with his veto mark governor Jennings is spending a short time at his old home in Brooksville. Maybe during his retirement for rest and recreation the governor will amuse himself by preparing his announcement as a candidate for the State Senate.

Grandin, down in Putnam county is to be the scene of another big political picnic on July 4th. Plenty to eat and drink, fireworks and candidates galore. The Times-Herald says that "all candidates and prospective candidates are requested to be present, and let the good people of Putnam take a squint at 'em."

Robert E. Davis of Alachua county, has announced himself a candidate for Congress to succeed Robert W. May. He thinks his name will carry him through to victory but Barrs and Clark and Alexander and a few more of the candidates over there will see to it that the voters do not get the names confused.

Pennsylvania democrats threaten to send a solid Cleveland delegation to the next national democratic convention, but, as the Metropolis remarks, "Pennsylvania democrats are in the same condition of Southern republicans, they can assist in nominating, but can't promise a single vote in the electoral college to make anyone president."

Here's generosity for you. E. E. Smathers won \$80,000 on the victory of his horse, McChesny in the Harlem National handicap near Chicago last week. When he received the purse he banded the entire amount over to Gray, the jockey who rode the winning horse. He also gave a \$1,000 bill to each man who had a part in taking care of the animal, including the two stable boys and the man whose duty it was to rub down the racer.

No Weather Weakness

If you feel lagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Freegard, Propr. Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." 50c at W. B. Davis.

Last week was rather productive of candidates. Ex-Congressman Robert Bullock, of Ocala, announced that he would positively be in the race for governor, and there was mention of the name of Dannette H. Mays, of Jefferson, as another probable candidate. Candidate Brown of Marion in an interview with the Star of Ocala, gave out the information that if General Bullock was really a candidate for the place that he, Brown, would withdraw and support the old gentleman with all his might. Magnanimous Brown.

Revolution Imminent.

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness, or stomach upsets. Electric Bitters will quickly dismember the troublesome cause. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, and clarify the blood. Run down systems benefit particularly and all the usual attending aches vanish under its searching and thorough effectiveness. Electric Bitters is only 50c, and that is returned if it don't give perfect satisfaction. Guaranteed by B. F. Moseley druggist.

The Times-Union will have a booth at the great St. Louis Exposition, and that paper will issue three illustrated editions for free circulation at the fair. These editions will be devoted respectively to the east coast, west coast and middle and western Florida. Three young lady commissioners, one from each of the sections named, will be elected by the readers of the paper by popular ballot and these young ladies will go to St. Louis at the expense of the Times-Union, spending several weeks in that city and distributing the illustrated papers. The balloting will be by coupons published daily in the paper from July 5 to December 6. What is the matter with having a Madison county girl for one of the commissioners?

Interesting to Asthma Sufferers.

Daniel Bantz of Otterville, Iowa, writes, "I have had asthma for three or four years and have tried about all the cough and asthma cures in the market and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar which gave me immediate relief and I will never be without it in my house. I sincerely recommend it to all." D. G. Smith.

The jury in the famous Marcum case in Breathitt county, Kentucky, failed to agree on a verdict and were dismissed. Now the governor is to be petitioned to call a special legislative session for the purpose of wiping out Breathitt county. Unless the people of that county who are creating all the disgraceful disturbance can be wiped out with the county we fail to see what good such action could accomplish.

A Splendid Remedy.

Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerve and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, agent Illinois Central railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1.00 at W. B. Davis.

The editor of this paper has never yet felt called upon to engage in a "newspaper war" with any of his brethren of the State press. Such a war is inconsistent with and in violation of our ideas of clean journalism and we do not intend to depart from the course heretofore pursued. Billingsgate is the weapon most used by cowards and slanderous and vituperative epithets are the resource of blackguards. Being neither the one nor the other we cannot afford to dignify the writer of a recent unwarranted attack upon us by even so much as a passing notice of his dissolute vaporings.

Fight Will Be Bitter

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beall of Beall, Miss. has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her; Guaranteed by B. F. Moseley druggist. Price 50c, and \$1.00. Trial bottle free.

The action of governor Jennings in vetoing the appropriation bill enacted by the last legislature seems to meet the hearty approval and endorsement of the people of this section. It was, indeed, a nifty act upon the part of the executive, especially as he must have known that by cutting out the appropriations for the State colleges (of which there seems to be a superfluity) the condemnation of the friends of such institutions would be visited upon him. And you know it is loudly whispered that the governor wants to occupy one of the desks assigned to Florida in the U. S. Senate. Of course there is difference of opinion as to whether the law as enacted was constitutional or not. The governor thought it was not and gave excellent reasons for the faith that was in him. So thinking he saw his duty plainly and did not hesitate to perform it.

Tax on Babies.

Extreme hot weather is a great tax on babies; when puny and feeble they should be given a few doses of White's Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. 25c at W. B. Davis.

TOWN TOPICS.

(Continued from Fifth Page.)

The children of Mr. W. R. Thurston have gone to Quitman, Ga., where they will make their future home with their grandmother Mrs. Hendry. Mr. Thurston will also move his headquarters to that town but will continue to pay Madison visits as frequent as his business will permit. On the first prox. he will be connected with the Consolidated Company of Jacksonville and travel in Florida only.

Several times lately we have heard strains of music on the streets which we couldn't locate, but from the sound we concluded that an expert player of the fife or flute was parading. We discovered our mistake the other day when Andrew Self passed us whistling, and we want to say right here that as a whistler Mr. Self easily surpasses anything in that line we have ever heard. His whistle is a brass band of a dozen pieces combined in one.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach, why not take the tablets and get well? For sale by all druggists and medicine dealers.

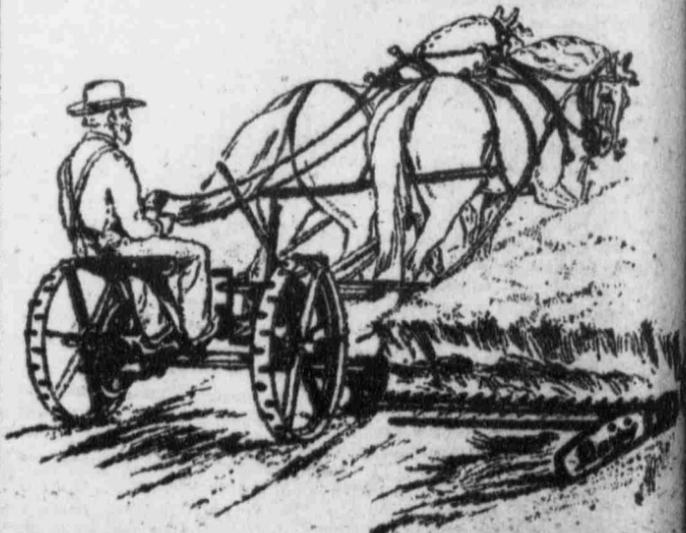

One of those pleasant westerly breezes blew Joe Hinely back into the midst of his many friends on last Monday and their delight to welcome home this popular young gentleman was boundless. For nearly five months Joe has been out in the "wild and woolly" west, spending most of his time in Oklahoma though his travels carried him away out on the Pacific slope. Of course Joe is full of the wonders of that great country, and his recital of the scenes and incidents of his trip always attracts interested listeners. We are glad to have you back, Joseph, and hope you will remain with us always.

DeWitt's Witch Hazel Salvo
For Piles, Burns, Sores.

WORMS! WHITE'S CREAM VERMIFUGE!
Most in Quantity. — Best in Quality.
