An Interesting Wedding.

The following from the Chattanooga News concerning the wedding of Margaret Willingham, daughter of Mr. and Mrs. W. J. Willingham, to Mr. W. H. Finleyson, will be of interest here.

The ceremony, which was very simple and free from ostentation, took place at the family residence on the street and the guest list included only relatives and close friends.

A green and white color note was observed throughout the rooms, great many palms and ferns being interspersed with bouquets of white flowers—carnations in the front parlor, chrysanthemums in the back parlor and bride roses in the dining room.

The bride descended the stairs accompanied by her father. They passed through the group of friends in the hall and first parlor to the back parlor, reserved for the relatives. Before an improvised altar they were joined by the groom, the best man, Mr. Dan Turnbull of Birmingham, and the officiating clergyman, Rev. R. J. Willingham, of Richmond.

Worm Destroyer.

Hallowe'en Party.

The Merchants Hotel presented a gay and festive scene Tuesday night on the occasion being a Hallowe'en Party tendered by Mrs. McCall to the young people of the city.

The large parlors were filled with a crowd of gay and happy young folks which overflowed into the corridors, lobby and stairways. The costumes were arrayed in "tacky" costumes and this together with their manners would have caused an uninitiated stranger to imagine that he had walked into a social gathering in Yaptown. The prizes for the "tackiest" costumes were awarded by Miss Ossie Morrow and Mrs. Carroll. Games suitable to the season were played, the Virginia reel was danced, fun waxed fast and furious and after partaking of delicious refreshments the happy young people dispersed to their several homes each one declaring it to be the best time of my life" and the best of the season.

Flag for School House.

The editor of this paper has received from the Perry Mason Company of Boston, Mass., a handsome United States flag which will adorn the staff provided on our new High and Grammar School building. As soon as the building is completed we will present the flag to the principal for the use of the school with the compliments of the donors.

The Perry Mason Company are the publishers of The Youth's Companion, a weekly publication which for nearly three quarters of a century has stood for all that is best in literature for young people. The company believing that patriotism and love of country should be instilled into the youthful mind while it is being formed, hit upon the excellent and patriotic scheme of presenting these flags to the schools of the country. Knowing their custom and noting that the specifications of our new building included a flag staff, the editor of this paper communicated with the Perry Mason Company and asked for the flag for the use of the school. It is here. Came to us by express, prepaid, and we shall esteem it a privilege to deliver it into the proper hands at the proper time.

No Poison in Chamberlain's Cough Remedy.

From Napier New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by D. G. Smith and all druggists.
