Dear Sir:-Will you kindly give me space for a few lines. I am here attending the New Orleans Polyclinic, and wish to say that it offers special advantages for busy doctors who can spare only a short time to renew their medical studies. We have access to the wards of Charity Hospital with over 700 beds, and at times it is overrun with patients. Also the Eye, Ear, Nose and Throat Hospital, with its hundreds of out door clinic every day, makes a course here very instructive. We see, handle and assist in all the operations that are brought before us, whereby we get the practice as well as the theory.
I will be here until about Feby. 20th, and if any of my friends should come here during the Mardi Gras festivities, either on business or in pursuit of pleasure, I would be pleased to have them call on me at my room, No. 841 N. Rampart street. I will take pleasure in showing them to any point of interest in the city with which I am acquainted. The Carnival will certainly be a treat this season.
With many good wishes for the people of my home, old Washington Co., I am
Very respectfully,
W. E. COLEMAN.
Pine Flat, Jan. 30, 1899.

MR. EDITOR.

I thought, if you would allow me space in your columns, I would give you a few notes from this part of the piney woods.
We piney woods folks are all living high now on the interest of what we owe and fried eggs. Me and Sarie Ann are living on sausage and fried eggs since our old hens hed a meeting and passed a resolution to the effect that they would lay no more 8-cent eggs, and would only lay enough for home consumption.
God bless you Mr. Editor, I was glad they put in that latter clause for I am as fond of eggs as any piney woods man you ever saw, me and Sarie Ann both; and Sarie Ann knowshoud to fix them up to suit the old man.
We back woods folks don't know anything about how you town folks live, but think you must live mighty high on 8-cent eggs and Grayham flour. Anyway I hope our old hens will stick to their resolution and help us to meet blackberry season, as at that time we are always able to raise our bristles when the merchant and editor duns us.
I am sorry for the Editor, because we think he is always fed on the scraps when there is any left, and nine times out of ten there is nothing left, and he is put off to live on what few thoughts he is able to gather up, whether he is able to digest them or not.
Our community is all quiet now and serene. Some of our farmers are sowing oats in the dry spots, with the promise of reaching out a little further when the wet weather stops. Me and Sarie Ann often talk about how easy it can rain now and along last summer Sarie Ann said she couldn't step out doors without getting dusty all over, like the old hen when wallowing in the ash bank.
Me and Sarie Ann never talk about our neighbors, you know, because you know if a woman can't say something good about her neighbors, she won't say anything at all; therefore we talk only about the wind and weather.
Our neighbor, Mr. E. S. Gaskin, has been quite sick for some time but we hope to see him up soon. Mr. Gaskin is a good quiet God-fearing, law abiding citizen; hence all hope for his early recovery.
Very truly, yours
OLD SLOW.
Mr. Hodgson, General Supervising Agt. for the N. Y. Life Insurance Co., came in Wednesday evening and will spend a few days here, together with Mr. Jordan, in the interest of their company.
Last Tuesday, Mr. Jack Taylor, who lives 12 miles south of here, was at Dothan; his team ran away with him and he was so badly hurt that he died on Wednesday. He remains passed through here Thursday for his home. He leaves a wife, two children and many friends to mourn his death.

Short communications from all communities are solicited; give us items of interest and news of the neighborhood.
