B. BLAKE & CO.

FIRE INSURANCE.

F. B. CALLAWAY, Agent.

I am pleased to tell the people of Chipley and vicinity, that I have purchased the insurance business of Buell Cook.

I represent only the very best companies—those time tried and fire tested. If you are not insured, I would be glad to write you a policy.

The value of insurance cannot be rated. Ask a man who owns a policy if he will sell it! The savings of a life-time may be wiped out in a few minutes. Not so, if you are insured.

Therefore I would advise you to place your insurance with me.

F. B. Callaway,
Insurance Agent.

War Scares.

We hear a great deal about war scares just now and it seems to be the special business of somebody to keep these scares alive. A writer in the St. Louis Globe-Democrat mtkes a timely observation when he says:

"Threats of war on the part of foreign countries against the United States did not bother Abraham Lincoln, who said in speech at Springfield: 'All the armies of Europe, Asia and Africa combined, with all the treasures of the earth (our own excepted) in their military chest, with a Bonaparte for a commander, could not by force take a drink from the Ohio or make a track on the Blue Ridge in a trial of a thousand years.'"

Dunn-Coleman Co. will sell you more goods for same money, or same goods for less money.

The progress that men make should be measured by the distance they have traveled from the starting point, rather than by the distance to the goal.

One of the most hopeful signs of the age is the continued rise in the moral standards. Many things that men bewail as wickedness in this generation would have been passed over in former days as not worthy of mention.
