

City Happenings and Personal Mention.

C. J. O'Haver has sold two lots on the hill, above the new water works, to Miss Essie Sale of Madison.

Mr. and Mrs. R. R. Brakeman will celebrate the fortieth anniversary of their marriage on the 27th inst.

Rev. Father Barry will go to Crescent City next Sunday afternoon to hold service at the Catholic church at that place.

Geo. W. Lansing of Jacksonville, formerly manager of the Palatka Ice Co., is in the city calling on old friends this week.

R. F. Adams has been appointed to the local agency of the Clyde Line temporarily, owing to the death of his father.

Mrs. Geo. E. Gay is spending the week at Palm Beach in attendance upon the annual meeting of the Florida Federation of Women's Clubs.

A concatenation of Hoo Hoos will be held at the Elk's hall on Saturday night, bringing Hoo Hoos from all over the eastern part of Florida. This order has as its emblem a bunch backed black cat, which is worn as an ornament in the buttonhole. You may know him by that if it's him.

At the meeting of the board of trade last Monday night considerable kicking was done at the lack of an all day electric power current in the city and as a result a resolution was adopted calling on the president to appoint a committee to look into the feasibility of establishing a municipal plant.

D. W. Ramsauer arrived home last Saturday in excellent health after undergoing an operation for appendicitis in Jefferson Hospital, Philadelphia. Since the operation and his discharge from the hospital Mr. Ramsauer has been recuperating his strength at various northern resorts. He says he feels like a new man.

Remember the basket ball game this (Friday) evening at the Athletic Club. This is to be a return game between the teams of the Palatka Association and the High School. The first game was won by the Athletic Association club, and the High School boys say that their adversaries cannot repeat the dose. The game will be called promptly at 7:45, so as not to interfere with the regular Friday night dance. Let's go.

The Florida Federation of Women's Clubs has sent out cards for the various cities of Florida which should receive attention of the respectful kind. They read: "It is against the law to throw any litter into the streets. Put papers, fruit skins and street rubbish into the baskets. Do not put garbage, household refuse or store rubbish into the baskets, put into separate receptacles which must be provided by each household."

The steamer Kennedy has been withdrawn from the Jacksonville, Palatka and Crescent City run for lack of patronage and has gone on the east coast canal run. There didn't appear to be sufficient business for the Kennedy on the daylight river run and the boats already engaged in that service.

D. K. Merwin and family, who have spent several months at their old home near Bloomington, Ill., returned to this city last week and have reopened their residence on Kirby street. Mr. Merwin and family are now deriving much pleasure from a seven-passenger Davis touring car, purchased in Illinois.

Peter Sun of the Sun Brothers World Progressive shows was in Palatka yesterday making arrangements for the coming of his big show in Palatka early in January. This is probably the finest show of the kind on the road and its coming will be looked forward to with joy by all lovers of high-class circus entertainments.

Don't put it off when you have something to go in the paper; remember that the printers cannot do everything at the end of the week. Many times we simply cannot do the things that are piled upon us on Thursday. Changes for commercial advertising should be left with us not later than Wednesday afternoon.

In listing the accomplishments of the Palatka board of trade last week the San Mateo item failed to mention the disappearance of dengue fever "from our midst." But perhaps the item was willing to allow Providence and the doctors some credit. Secretary Royster assures us that it is not the purpose of the board to usurp any of the ordinary functions of Providence.

December 5th is the date of the first of the series of Lyceum entertainments to be given this winter by the Ladies Aid Society of the Methodist church, and on the evening of that date Prof. Cole will give his charming and wonderful lecture on "The Cliff Dwellers." More will be said concerning this instructive and entertaining lecture next week.

O. Blume, a well known former Chicago civil engineer and who was for several years engaged professionally in constructing the big concrete viaduct over water on the Key West extension of the Florida East Coast Railway, was a visitor to the city over Monday and attended the meeting of the board of trade at the Putnam House. Mr. Blume was an interesting caller at the News office in the afternoon, and to this paper he expressed the opinion that Palatka should build new homes were making a mistake in not building them of concrete. "Beautiful homes can be built," said he "of concrete, and at no greater expense than frame, and if once a start was made and the people could see what a really beautiful home they could have of this material they would all say good by to frame structures. They are fire proof and last forever." Mr. Blume recently contributed some valuable articles on reinforced concrete construction to the News and we may be able to secure more of them. His home is now at Kenwood, this county.

Union Thanksgiving day services will be held at the Presbyterian church at 10:30, when the sermon will be by Rev. W. M. Pogue.

"Mutt and Jeff" will be the Thanksgiving night attraction at the Kalbfeld Grand and will if as funny as anticipated be a great aid in the digestion of the Thanksgiving dinner. Laughter is a great aid to digestion, and who is there so sour but can laugh at the antics of this pair of fun makers? The company carries 50 people and two car loads of scenery, and the theaters of the country have seldom been large enough to hold the crowds.

Our good friend Curry should cease to worry, Or grow Moody o'er a screed; He's "done" turned on the light And won a good fight; What more could he want, indeed? You can't tarish a name Chock-a-block with fame, Or a victory so complete; So quit kickin' around That old shell mound, And its sponsor in retreat.

"Miss Nobody from Starland." This merry musical comedy with a chorus of pretty girls and clever is billed for the Kalbfeld Grand next Monday night and Manager Kalbfeld gives his word that no more gorgeous or pleasing entertainment has ever been offered theater goers of Palatka.

The New Orleans Picyaine says that "the company has a sure enough chorus of pretty girls, who are well trained and who know how to sing as well as dance. The young men of the chorus are also far above the mark. The stage rehearsal scene is a great one, and quite a novelty. Miss Olive Vail, the star, has developed wonderfully since last season, and today she deserves to take place in the very front rank of musical comedy queens. Her work is more convincing, her voice is clearer and sweeter, capable of genuine operatic achievements, and she seems to have grown prettier and more graceful, and this is saying a whole lot, for last year she was charming enough."

Saint Marks Church. Temperance Sunday; Holy Communion 7 a. m.; Morning Prayer 11 a. m.; Evensong 7:30 p. m.; Sunday School and Bible class 10 a. m. Thanksgiving service: Holy Communion 7 a. m.; Morning Prayer 10:30; Holy Baptism 11:30.

SORE EYES
Cured in one Day by Soothing Lotion. Nothing else so quickly cures sore eyes as Leonard's Golden Eye Lotion. It soothes smarting, heals the soreness and strengthens the eyes. It will cure any ordinary case of sore eyes in one day and the first application will give prompt relief. Solid guarantee of money back if not satisfactory. 25 cents for liberal size bottle. Sold by Ackerman-Stewart Drug Co., and J. H. Haughton.

Geo. M. Powell of DeLand spent a few hours in the city on Tuesday.

G. Jos. Braddock, one of the business men of Crescent City, was a visitor in Palatka this week.

Hon. J. H. Harp of Crescent City was here on Tuesday and Wednesday, having come down to attend the funeral of his old friend, Capt. R. J. Adams.

Hon. S. J. Hilburn has been invited and has accepted the invitation to address the Jacksonville Elks on the occasion of their annual Memorial services for deceased members to be held on the night of December 1st.

Attorney Henry Strunz returned last Friday evening from a visit of several weeks in Connecticut and New York, and had the pleasure of attending the annual meeting of the alumni of Yale college and visiting with many of his old classmates.

Deputy Sheriff P. M. Hagan has this week purchased a 1913 Model Ford touring car for his daughter, Miss Gertrude. This is one of the best, if not the best car for getting over Florida roads, and there are more in use in Palatka than any other make.

Booster Trip to Crescent City
The Crescent City Booster Trip committee appointed at the last meeting of the Board of Trade has decided to postpone the trip until next week.

It seems there are several very good reasons for this action on the part of the committee; inclemency of the weather and lack of cars to transport the crowd. Many Palatka cars are undergoing repairs at present and these will doubtless be available a week later. The Crescent City Board of Trade has been notified of this change and it is hoped that by giving the Palatka Boosters a little more time a larger crowd can be arranged for.

WARNING—All persons are hereby warned not to trade or buy a note for \$500 given and endorsed by me, as the same was obtained by fraud.—A. B. PREVATT, Seville, Fla. Nov. 21, 1912. 11-22-12.
