

The Punta Gorda Herald

A. P. JORDAN, Editor

PUBLISHED THURSDAY AFTERNOON.

Cross Street, Punta Gorda, Florida.

PHONE 17—Both Local and Long Distance.

Entered at the Punta Gorda Postoffice as second class matter.

Subscription Rates—One year, \$1.00; six mos., 50 cents; three months, 25 cents.

Advertising Rates—Space rates depend greatly on position in the paper and will be furnished on application. Local notices, 10 cents per line each insertion. Legal advertisements will be published only at rates prescribed by law.

Remittances should be made by check, postal note, money order or registered letter; and a cent stamp will be received in payment of small amounts.

FRIDAY, JUNE 10, 1904.

DEPLORABLE POLITICS.

The Lakeland News, which is edited by a gentleman whom THE HERALD regards as intelligent, fair and conscientious, indulged last week in charges and insinuations so at variance with the personal fine character of the editor that THE HERALD was simply astonished. It will not excuse the editor to say that others, even this paper, has done the same thing. No matter who or how many do such things, it is not right; it is deplorable.

THE HERALD singles out the Lakeland News from others even more guilty for the simple reason that it regards the News as a decent paper and its editor as a conscientious gentleman. The offense of the News is, therefore, all the more glaring, because it was totally unexpected from such a source.

The following quotations from the editorial columns of the News of June 8 contain the sins upon which this kindly lecture and remonstrance are based:

"There is no longer any doubt as to who is the corporation candidate for governor of Florida. Mr. Davis may not have the corporation collar around his neck, but, if he is elected and the corporations come to him and say, 'How your knees and receive the insignia of ownership, we elected you. You are 'Our Bob,' we will have to respond to their demand."

"Is it natural to suppose that the railroads and corporations of the State would spend thousands upon thousands of dollars to elect Mr. Davis governor, if they did not think, yea if they did not know that they could use him?"

"We have it on good authority that the folks who are trying to elect Davis governor of Florida have promised our friend Mays the governorship four years hence. What they have promised old man Brown, who advertises himself as 'the cheapest in town,' is not known. We have heard it suggested that he had been told that he would be a good man to succeed Mr. Sparkman."

"The additional fact that these corporations (railroad companies) are spending thousands of dollars to elect him (Davis) to the governorship would beyond all question place him under lasting obligations to them."

"Mr. Davis is a man * * * who has placed himself beyond the power of helping the people by tying himself up with obligations to the enemy of the people, the corporate powers of the State.

"Why should the corporations spend so much money to elect a governor of Florida?"

Now consider the foregoing in connection with the following two paragraphs from the same issue of the News:

"We believe we are broadminded and have common sense enough to differ with a man politically without hating him personally. Some of our best friends are men with whom we cannot agree politically."

"This has been one of the dirtiest political campaigns ever conducted in the history of the State and the lavish use of money to secure votes makes it all the more damnable and disgusting in the eyes of the unpartisan voter."

As covering all of the false and injurious charges made in the foregoing paragraphs against one of the foremost men of Florida, it might be simply suggested that the "broadminded" editor of the News, who condemns this last campaign as being "one of the dirtiest in the history of the State," might have satisfied himself as to the truth or falsity of his charges merely by making a little inquiry and investigation at the Lakeland postoffice. This would have disclosed to him the fact that the enemies of Hon. Robt. W. Davis were fairly loading down the mails with thousands upon thousands of political circulars denouncing Mr. Davis and advocating themselves, while practically nothing of the sort was being mailed in behalf of Mr. Davis.

If the railroads, the Standard Oil Company and other corporations had been backing Col. Davis, as charged by the News and others, he would have had plenty of money to deluge the whole State with campaign literature, as Messrs. Broward, Stockton and Barrs did. Not only this, but he would have been able to hire a press agent, like Guy Metcalf, who was employed by Davis's enemies; a campaign manager like W. J. Bryan, who came near compassing the election of Capt. Broward, and eloquent advocates to travel up and down through the State presenting his cause to the people. But, in his first campaign at least, Col. Davis had none of these powerful aids and no one knows this better than the editor of the News.

In his second campaign, it is well

known that the want of these aids and defeat in consequence of such want stared him in the face; and his home friends, Dr. Crill, Mr. Fernald and others, realizing the disadvantage at which he was placed and knowing that he was practically without money, rallied to his assistance, went down into their own pockets, formed themselves into a campaign committee and at their own expense and for love and admiration of the man undertook the work of saving him from defeat.

On the other hand, Mr. Broward and his confederates, Messrs. Stockton and Barrs, started in at the beginning with an organization, with a live and tireless press agent in Guy Metcalf, a splendid manager in W. J. Bryan and plenty of money. They spent thousands and thousands of dollars advertising in the newspapers and in having countless thousands of political circulars printed and mailed. They did this through both campaigns, and the expense which they incurred would indicate that they, and not Bob Davis, were backed by the Standard Oil Company or some other rich and powerful corporation.

If W. J. Bryan and Guy Metcalf, of Jacksonville, were required to tell the truth, they would testify that the expense of Mr. Broward alone for the two campaigns was not a cent less than \$12,000, which is only \$2,000 less than the entire amount of the governor's salary for four years.

It is just as Col. Davis said: If the corporations were backing him, it was the poorest backing any man ever had.

All these things—this entire situation and the TRUTH of it were patent to all intelligent, fair-minded men who would take the trouble to investigate a little and to think; and how any man having the brains and high moral character of the editor of the Lakeland News could have arrived at conclusions to induce him to make such unjust and inexcusable charges against Col. Davis, passes all understanding.

It cannot be excused by saying that it is politics. Such politics may be very mildly described as being even worse than extremely deplorable. It would seem a deliberate attempt to discredit in advance the man who is to be the next governor of Florida and to stand up before all the world as the representative, not only of the intelligence, but of the very honor of our State. It is an attempt to brand him in advance as a disreputable person, a low character unworthy of respect, a firebrand and traitor who descended from a high and honorable position in the estimation of his people to become a man to be scorned and hated and handed down in disgrace and loathing to future generations. And all this, too, without justification whatsoever.

In view of such inexcusable warfare made upon patriotic and honorable men who may dare to aspire to high positions,—if such warfare is to be tolerated, what self-respecting man hereafter will have the temerity to expose his character to such onslaughts by becoming a candidate before the people for any office within their gift? Where is the man who wishes to be thus abused and maligned?

Only a man who is actually corrupt, who cares nothing for his State, his own honor, public opinion or the future life, may dare hereafter to run the gauntlet of such unmerited vilification. The natural consequence may be that the people hereafter may have only hardened villains to choose between for their highest officials.

All true Democrats will cordially support the nominees.

"Lord, Lord! how this world is given to lying!"—Shaks.

THE HERALD stands up for the entire ticket as nominated.

The fight is over. Now, let's all get in line and give a cordial support to all the nominees.

If heaven ever forgives the fellows who told so many prodigious lies in behalf of Broward, no man hereafter need fear the fate of Ananias.

Professional musicians can never be made to understand that nine people out of ten cannot appreciate artistic instrumental music, but that 90 per cent of the average audience greatly enjoys vocal music, especially simple, but touching ballads. Hence it is that all the concert given at the closing exercises of the schools and colleges are a positive bore to nearly every one who is so thoughtless as to be present. When will musicians ever learn to cater to the uncultivated taste of the average crowd?

Some awful lying was done for Broward, and people actually believed it. For instance: It was charged that the Coast Line put a special train at the disposal of Senator Tallafiero and Col. Davis to take them from Tampa to Arcadia and thence to Fort Myers. They came out of Tampa in the caboose of a freight train and from Lakeland they came down on the regular passenger train. Another "big one" was the charge that the railroad people had hired the Punta Gorda band to play at the Davis meeting at Fort Myers, when it was the Fort Myers people who hired and paid the band.

TALAFERRO TRIUMPHANT!

Davis Two Thousand Ahead.

CRAWFORD, SECRETARY OF STATE.

Freeman, Sheriff; Brown, Superintendent; Parker, Treasurer.

GREAT VICTORY FOR CONCANNON. THE CHRISTIAN.

The above headlines contain the results of Tuesday's primary election in State and county. It was the most acrimonious contest ever witnessed in Florida and all good citizens will be glad that it is over.

Dispatches from Jacksonville to the Tampa Tribune, received up to midnight Tuesday, state that Senator Tallafiero has undoubtedly won by 12,000 majority over Stockton.

Frank Clark, for congress, has a majority of 2,800 over Barrs in the second district.

Crawford is nominated for secretary of State by a large majority over J. E. Broome.

The race between R. W. Davis and N. B. Broward for governor is very close, with the indications pointing to the nomination of Davis for governor.

Davis has carried nearly every county heard from, but the back counties may take from the figures. So far he is in the lead by about 2,500.

In Duval county, Davis received a majority of 500 over Broward and Clark about the same over Barrs.

Fernald, manager of the Davis campaign, said at midnight that Davis had been nominated by 2,500 majority.

Stockton carried Polk county by 150 majority and Broward carried it by 150. Tallafiero had 2,000 majority in Escambia and 305 in Key West. Davis had 56 majority in Key West. He also carried Manatee and Hillsborough counties by small majorities.

[Special Dispatch to THE HERALD.] TAMPA, S. P. M., June 8.—Davis carries Hillsborough county by 124. Tallafiero and Crawford also received handsome majorities.

The State will give Davis 2,000 majority over Broward.

F. Badger Wilder, candidate for circuit clerk in the May primary, was shot and seriously wounded tonight by J. Bartlett McGee, a preacher from Plant City. The shooting was the result of animosities engendered by the election. This message was delayed two hours by the Western Union Telegraph Co. of Tampa.

DEKOTO COUNTY VOTE.

Returns from all precincts of the county except Venus and Grove City, small ones, whose vote will not change the results, show that A. C. Freeman has been nominated for sheriff by about 35 majority over T. E. Fielder; Joseph H. Brown, for superintendent of public instruction, and Fins E. Parker, for treasurer.

W. E. Leitner, of Arcadia, had no opposition for state committeeman, nor had W. H. Johnson for county committeeman from this district.

The county increased its majority for Senator Tallafiero, gave 50 majority for Broward and 11 for Broome.

The total vote of the county, as far as received, is as follows:

For U. S. Senator—Tallafiero 679, Stockton 475.

For Governor—Davis 563, Broward 613.

For Secretary of State—Crawford 454, Broome 465.

For Sheriff—Fielder 616, Freeman 651.

For Superintendent—Brown 746, Odum 461.

For Treasurer—Hendry 573, Parker 680.

All of the nominees of both primaries for State, federal and district offices are good men and should have the cordial support of all Democrats.

AS TO THE LOSERS.

Jacksonville Metropolis, June 6:—We believe that every Democratic voter should make up his mind to stand loyally by the will of the majority. There should be no ill-natured afterthoughts. Suppose the loser had been the winner, would you not naturally expect the other fellow to take his medicine like a man, and be satisfied in a measure at least, with your success? While there is but one office and two men are running for it, it cannot be expected that both will win, and what we say to the candidates we say to the men who supported the candidates: If your favorite fails, be man enough, be democrat enough, be citizen enough to lay down your prejudices, put your sword back in its scabbard and stand loyally by the result of the conflict.

Chamberlain's Stomach and Liver Tablets Better Than a Doctor's Prescription.

Mr. J. W. Turner, Truhart, Va., says that Chamberlain's Stomach and Liver Tablets have done him more good than anything he could get from the doctor. If any physician in this country was able to compound a medicine that would produce such gratifying results in cases of stomach troubles, biliousness or constipation, his whole time would be spent in preparing this one medicine, and sale by all druggists.

THE PRIMARY IN PUNTA GORDA.

Greater interest was taken here in last Tuesday's primary than in that of May 10th and, in consequence, a larger vote was polled. The total vote was 201 as against 169 in the May primary.

This increased vote was attributable chiefly to the very vigorous contest made for the county offices. Several of the county candidates had live and hustling men working for them, and these succeeded in bringing out nearly all the qualified voters.

While the keenest interest was taken and there was persistent, earnest work going on all the time, no ill feeling resulted and the day passed off peacefully and pleasantly.

Messrs. Dishong and Brenzel, two of the managers appointed, declined to serve and Messrs. Ed. Wotitzky and Sam Hoffman were sworn in to fill the vacancies. They, with Mr. George McCane, constituted the board of managers. Everybody was pleased with the manner in which they conducted the election.

The polls closed at sunset and then, after the managers had supper, the count began. About two hours was consumed in the count.

Only two tickets were thrown out for being illegally marked. This speaks highly for the intelligence of our voters.

The count showed the following results. The vote of both the May and June primaries is given in separate columns for purposes of comparison.

For U. S. Senator June 7 May 10
Stockton 70 37
Tallafiero 103 76

For Governor
Broward 106 33
Davis 80 27

For Secretary of State
Broome 81 60
Crawford 68 43

For Sheriff
Fielder 35 31
Freeman 101 129

For School Supt.
Brown 100 71
Odum 70 43

For Treasurer
Parker 135 53
Hendry 51 52

County Commissioner
Concannon 98 53
Perkins 97 85

For State committeeman—W. E. Leitner, of Arcadia, 112.

For county committeeman from Punta Gorda precinct—W. H. Johnson, 110.

A very funny incident of the local campaign occurred in this contest for county commissioner in this district. It seems that about June 2, M. Perkins had some circulars printed attacking his opponent, Mr. Concannon. The latter somehow got hold of one of the circulars and he at once issued an answer in the shape of a most amusing circular in which he described himself as a Christian, a believer in God and the Bible, and denounced Mr. Perkins as an outspoken infidel. These Concannon circulars were distributed at Fort Ogden and had the effect of winning Mr. Concannon a large majority there and of securing his election. The circulars were very comical, but they had a great effect.

At Cleveland, the vote for county commissioner was: Perkins 15, Concannon none, Fort Ogden's vote was: Concannon 65, Perkins 24. Including Punta Gorda's vote, the total was: Concannon 163, Perkins 136.

Mr. Concannon will make an excellent commissioner and no one need regret his election. In saying this, no disparagement is intended Mr. Perkins, who is also fully qualified for the office he sought and would have proved a very satisfactory official.

The telegraph wires between Lakeland and Jacksonville were down from noon Wednesday till noon yesterday, and election news received during that time may not be regarded as altogether reliable.

A goodly number of Punta Gorda people attended the Confedera to reunion at Wauchula, yesterday, and had a royal time. Our base ball boys also went up and played a game there, but the result was not known when this paper went to press.

Brother Godwin, of the Gainesville Star, will please accept this morsel of "erow" with the compliments of the victors: With the exceptions of James E. Broome and Cromwell Gibbons, every candidate from constable up to United States senator and governor for whom THE HERALD editor voted, has been triumphantly nominated in the primaries.

For Over Sixty Years.

Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure to ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Is Brute Creation Wiser?
Every living bird and beast strives its utmost to cram itself with food before retiring for the night, and this food is digested as the night progresses. The evening feed is the feed of the day with the brute creation, and yet doctors tell us to refrain from eating heartily at night and even advise us to retire to rest with a more or less empty stomach. Are we following nature when following this advice?—English Country Gentleman.

Too Good to Miss.
"I suppose the hero and heroine of that story got married in the last chapter?" she said.
"No, divorced," replied her friend.
"Oh, how lovely! Will you let me borrow it when you get through?"—Exchange.

Pleased at Last.
"Was your last mistress satisfied with you?" Servant—Well, mum, she said she was very well pleased when I left.—Stray Stories.
