What the Sandwich Was For.

A stately old professor was approached by a young student one day in one of the Western colleges. Trying hard to keep back a smile, the young man asked:

"Professor, you say you are an expert at solving riddles, don't you?"

"I claim that I am, my boy."

"Well, then, can you tell me why a man who has seen London on a foggy day and a man who has not seen London on a foggy day are like a ham-sandwich?"

The professor studied for a long time, venturing several answers, which proved to be wrong. Finally, at his wit's end, he said:

"I give it up."

"It's easy," said the other.

"Give it up," repeated the professor.

"Why," was the reply, "one has seen the mist and the other has missed the scene. Ha, ha! Catch on?"

"Of course I do, you lunatic! But what has the sandwich to do with it?"

After the youngster had recovered from a spell of laughter he chuckled: "Oh, that's what you bite on."—From the Circle.

BY INFERENCE.

Bridge-Teacher: Now, if your partner is dealer and has a dreadful hand, what will she make it?

Mrs. Baker: No trumps.

Bridge-Teacher: Why, you don't know anything about bridge!

Mrs. Baker: Possibly not; but I know all about my partner.—Harper's Bazar.

MAKING SUNSHINE

It Is Often Found in Pure Food.

The improper selection of food drives many a healthy person into the depths of despairing illness. Indeed, most sickness comes from wrong food, and just so surely as that is the case, right food will make the sun shine once more.

An old veteran of Newburyport, Mass., says: "In October, I was taken sick and went to bed, losing 47 pounds in about 60 days. I had doctor after doctor, food hurt me and I had to live almost entirely on magnesia and soda. All solid food distressed me so that water would run out of my mouth in little streams.

"I had terrible night sweats and my doctor finally said I had consumption and must die. My good wife gave up all hope. We were at Old Orchard, Me., at that time, and my wife saw Grape-Nuts in a grocery there. She bought some and persuaded me to try it.

"I had no faith in it, but took it to please her. To my surprise it did not distress me, as all other food had done, and before I had taken the fifth package I was well on the mend. The pains left my head, my mind became clearer and I gained weight rapidly.

"I went back to my work again and now after six weeks' use of the food I am better and stronger than ever before in my life. Grape-Nuts surely saved my life and made me a strong, hearty man, 15 pounds heavier than before I was taken sick.

"Both my good wife and I are willing to make affidavit to the truth of this."

SPORTING BREVITIES.

Tom Bannon will not be with Brockton this year.

Harvard is offering 10 to 8 that the Crimson will beat Cornell on the water.

Harvard loses two point winners by graduation, Dick Harwood and Captain Rand.

Harvard, Syracuse, Columbia and N. Y. U., they say, will row the Navy next season.

The French team defeated the Americans in the rifle and revolver match by cable.

R. Maxwell won the British amateur golf championship, defeating Captain Hutchinson, 1 up.

Since 1870 Harvard and Princeton have played 84 games of baseball. Each college has won 42.

The Boston experts who saw Cornell's junior eight beat Harvard's say the Ithacans are dangerous.

"The days when a 4.30 man can show in the intercollegiate mile have passed," says Johnny Mack. "That sort of a runner is just a dub now."

The intercollegiate games this year were well conducted in every detail by Manager Joseph D. Leland and Assistant Manager Leon Little, of the Harvard track team.

J. W. Anthony, of Pennsylvania, recently made a new collegiate record of 13 minutes and 19 seconds for the half mile swim. The old record was 13 minutes 59 4-5 seconds.

At any event some one else will win the Harvard tennis championship next year, unless Nat Niles enters a graduate school. He has won the title every year since he entered the college.

Brennan, who was a member of the American Olympic team last year, is entered in the conference games from Marquette University. He has jumped 6 feet 1/2 inch in the high and 23 feet in the broad.

LABOR WORLD.

Missouri labor unions are engaged in a campaign to stop the contracting of prison labor in that State.

The new union of women employes of the bureau of engraving and printing at Washington, D. C., has upward of 300 members.

Children of Hazleton, Pa., under fourteen, who can not read and write, will be taken out of mills and factories by truant officers.

Vallejo (Cal.) gas workers recently obtained their charter from A. F. of L., and since then have reduced their hours and increased wages.

John E. Nolan has been re-elected president of the Boston branch of the Amalgamated Society of Engineers for the twentieth consecutive term.

A vote of the cigar makers of the country favors a plan to advertise the blue label of the organization at the forthcoming Alaska-Yukon exposition.

It was decided at a meeting of the Northumberland (England) coal conciliation board that wages should be reduced eight and three-quarter per cent.

Dirigible Bought From Baldwin

Hits Pole at Fort Omaha.

Fort Omaha, Neb.—While making a descent from an experimental flight at dusk the army dirigible balloon, No. 1, bought from Captain Baldwin last fall, was in collision with a telephone pole and received such injuries that it will be laid up for repairs for some time, and further experiments will be indefinitely postponed.

Lieutenants Lahm and Winter were in the airship when the accident occurred. During the day eight successful flights were made.
