PATRICK BEGINS

SIXTH YEAR IN PRISON.

New York, April 6.—Hopeful as ever that he will win his fight for freedom, Lawyer Albert T. Patrick, convicted of the murder of the aged Texas millionaire, William Marsh Rice, today rounded out five years as a prisoner in Sing Sing.

Though Patrick was arrested in October, 1900, it was not until April 7, 1902, nearly two years later, that he was taken to Sing Sing. For four years and eight months thereafter he was an inmate of the death house, during which time he continued to fight with dogged persistence to escape the death chair.

Since his sentence was commuted to

life imprisonment by Gov. Higgins, last December, Patrick has been at work in the prison bake-shop. The unaccustomed labor has reduced his weight, but his health remains good and he appears confident that the petition now circulating in his behalf will ultimately bring a pardon.

INCREASING SENTIMENT

AGAINST CHILD LABOR.

Washington, April 6.—Although the list of States fixing fourteen years as the legal age for working slowly lengthens, there are still a number of exceptions. The legal age for beginning work remains at ten years in Nebraska (in vacation), and in Alabama and Arkansas at all times for children of widows and disabled fathers.

Maine, New Hampshire and Vermont are the only remaining Northern States which permit factory work at the age of twelve years.

WANTED—Immediately, experienced salesman, territory your vicinity; call on drug, general store trade. Established house, good line, unequal inducements to the trade. Position that will pay well and where ability will be recognized. State age, experience, lines handled, average monthly sales in first letter. Replies confidential. Box 555, Chicago.
