Queen Quality Shoes.

There is nothing in which we take more pride than in the quality of the goods we sell. It has been our constant aim to carry only the best and most reliable brands.

In shoes, we found that we could not always have in stock a uniform quality of goods to offer our customers, if we adhered to the old time method of buying from the jobber, therefore we have sought out the most reliable manufacturers of shoes in the country, and all of the high grade shoes you may buy from us will be the dependable kinds. This is the reason why we have put in stock the famous "Queen Quality" shoes for ladies. These shoes will not cost you any more than the make-of-unknown and irresponsible manufacturers who have no reputation to sustain. If we should not have your width in stock we will be pleased to order them from the factory for you. We can make the delivery in six days, and at no additional cost.

Boots \$3.00,
Oxfords \$2.50.

MEETING OF COUNTY BOARD.

A Resume of the Business Transacted by the Volusia County Board at their Meeting This Week.

The Board of County Commissioners had a regular meeting Monday, with Commissioner Cannons in the chair. The improvements on roads were reported as follows: The pinestrawing on the Enterprise and Osteen road has been completed; shell repairs are being made on the DeLand and Orange City road; pinestraw has been laid on the DeLand and Lake Helen road, and repairs are being made on the Daytona and DeLand road.

The official bonds of the following officers were presented and approved: A. P. Osteen as notary public, A. T. Patillo as notary public, A. M. Bailey as justice of the peace, J. J. Vinzant as county treasurer, T. F. Drury as county surveyor, J. P. Turner as justice of the peace, and G. M. Carpenter as justice for District No. 10.

A petition was received asking for a road from Daytona to Ormond, and a committee, consisting of J. E. Francis, J. R. Early and Ezra Lee, was appointed to mark, view and lay out the same and report at the next meeting. It appeared from the report that the present road is not located on the survey, and, it having been obstructed by owners, it was necessary to relocate and open it, so as to be passable.

A petition to change the DeLand and Seville road, near Seville, was presented and referred to F. E. Causey, John D. Emery, T. E. Register, John W. Hyden and W. B. Mealey to mark, view and lay out the change, and report at the next meeting. On motion, Sheriff Turner was appointed a special constable to take down and deliver at New Smyrna the jail cages now in the old jail building in DeLand, the city council of New Smyrna agreeing to furnish a suitable building in which to put them, and the county and city of New Smyrna to have the joint use of them until they are purchased by the city at a price to be agreed upon. After the payment of the usual bills the board adjourned. —DeLand correspondence to the Times-Union and Citizen.

SAY 'VE DON'T.

The Chicago Tribune says: It is always unsafe to impute improper motives to an opponent. Why should one newspaper constantly impute such motives to all others with which it may happen to disagree. It is to those of little thought and less conscience a cheap and easy way of disposing of an adversary to impugn his motives and also put in his mouth language he has not used nor thought of using, but a resort to the methods of unevilsized warfare does not pay in the long run. Nobody was ever hurt by it and nobody who employed it ever got any permanent advantages out of it. The public has not yet discovered in that particular newspaper such great business sagacity or such ability, experience, soundness of judgment, breadth of view, or freedom from bias, prejudice, and outside influence that it is beyond all others qualified to discharge the important office of press censor which it has undertaken.

DEATH OF BARRETT HOWK

Details of the "Ending of this Young Man's Life as Told by a Newspaper Published at His Late Home.

We print below the details of the death of Barrett Howk, taken from Cynthia (Ky.) Log Cabin of last Saturday:

"George Barrett Howk, son of Mr. and Mrs. George Howk, of this place, died in the city hospital at Cubanotti Tuesday afternoon, at the age of nineteen years and four months.

Early Monday morning the young man, bleeding from his throat and wrists, was found lying across a bed in a room in the Burlington hotel, 'Cubanotti,' by the proprietor, Capt. R. B. Julian, a friend of the family. The gas had been turned on and the cuts made with a broken saucer with suicidal intent. He was at once taken to the hospital where his wounds were dressed. The physicians believe he would have recovered had it not been for enfeebled heart action, he having suffered on previous occasions with heart trouble.

There is absolutely no foundation whatever for the story that Barrett Howk took his life on account of entanglement with some girl, whose identity was, of course, unknown. His mental faculties were in an abnormal condition after days of continued drinking, and brooding over imaginary troubles doubtless caused him to commit the rash act. It is but simple justice to say that he had voluntarily taken several treatments, had made determined efforts to resist and for long intervals had overcome his besetting fault,—the lifting of the cup. On the contrary, he was a polished and gentlemanly young fellow, kind hearted and generous, always courteous and respectful, speaking ill of no one.

The remains were brought here Wednesday afternoon and the funeral services, conducted by Rev. E. L. Southgate and Rev. F. L. Norton, were held at the residence at 2 o'clock Thursday afternoon, after which the remains were interred in Battle Grove cemetery. The deceased is survived by his father, George Barrett Howk, and his mother, Mrs. Cynthia Howk, both of whom are members of the church community in their deep sorrow over this extremely sad bereavement.

"MARY B" AGROUND

The schooner "Mary B." owned by Captain U. D. Hendrickson, of Palm Beach, went aground near Mosquito Inlet at four o'clock Sunday morning. The "Mary B." is a ten ton schooner and carried a cargo of general merchandise valued at \$1000, about half of which was destroyed. The boat was in charge of Captain J. E. Empie, who was last winter engaged with Mr. Burgoyne as captain of the "Sweetheart." According to Captain Empie's story the boat was bound from Jacksonville to Lake Worth and left the St. John's river at eleven o'clock Saturday morning and during the entire day experienced one of the worst gales he was ever in. Saturday evening the boat began to leak, and despite the fact that both pumps were put in use, the water could not be lowered. At three o'clock Sunday morning the captain saw he must land and tried to make the harbor at Mosquito Inlet but owing to the darkness struck about one half mile north of the harbor. The schooner is not badly damaged and can be saved.

OLD SOLDIERS' CAMP FIRE

Was Held Last Friday Evening. Officers Were Installed and a Rattling Good Time Was Enjoyed.

Friday evening of last week the members of the Hooker Post, No. 9, G. A. R., held their annual meeting and installation of officers. After the installation ceremonies a camp-fire was held and the boys of 1861-5 enjoyed themselves as only old soldiers can.

A history of the post was read by the commander and incidents relating to war times in this vicinity recited. The following members of the Hooker Post were present: G. P. Ballough, H. E. Thompson, Dr. G. E. Walsh, Oliver Harding, J. B. Uppergraph, T. C. Cave, C. R. Cox, E. Dillingham and H. F. Douglass, together with the following visiting comrades: J. S. Lynch, J. G. Brown, L. B. Crooker, G. H. Ludwig, T. C. McMurry, Mr. Mosley, Dr. F. H. Houghton, Harry Burns, Dana Sherrill, S. O. Rawson and E. B. Wrightman. Supper was served at the City Hotel.

We print below a story of the skirmish between marines from Dupont's fleet and the Third Florida Regiment as on file with the navy a d war departments.

"On March 21, 1862 an expedition with four or five boats, carrying 43 men, all under command of Acting Lieutenant T. A. Budd, U. S. Navy, commanding the U. S. S. Penguin and Acting Master, S. W. Mathew, commanding the U. S. S. Henry Andrew, left their ship and proceeded up Mosquito Inlet beyond Smyrna. When returning, and in sight of the Henry Andrew they attempted to land near an abandoned earthwork. The boats were run into by the enemy, who the wounded were made prisoners. The men sought cover on shore and as soon as it was dark Acting Master McIntosh returned to the boats bringing off the body of one of the crew who had been killed. All the arms, ammunition and flags he succeeded in bringing away but the howitzer he threw in the river. Lieutenant Butt and Acting Master Mathew were both killed and under flag of truce their bodies were disinterred and given to Acting Master Wright on the 23 of March."

KNIGHTS ENTERTAIN.

Monday evening as the hour of eight rolled around, the Opera House was filled with people who came to witness the installation of officers and other festivities of Fountain City Lodge of the Knights of Pythias. Dr. Glover, Past Grand Chancellor, spoke for sixty minutes upon the foundation, early history and the lodge as it stands today, and told of the many advantages to be derived from being numbered in the folds of an organization of this kind. Dr. Glover is an eloquent orator and delivered a highly interesting discourse.

The installation of officers followed next and after these ceremonies were completed the hall was cleared and all who cared to engaged themselves in a social dance.

The history of this prosperous organization dates back to February 19, 1864 when Justin Rathburn instituted the first lodge at Washington, D. C. It was re-organized in 1866 and year by year has steadily advanced until to-day it is one of the mightiest in the world. Fountain City lodge was organized about three years ago with twelve charter members. During the first year six additional members were added and the end of the second year saw eight more new faces and to-day it has a membership of about fifty six.

The meeting conducted by the various churches the past week have been carried out according to the program published last week and the attendance has been very large.
