Entered in the Postoffice at Starke, Fla., as Second-class Matter.

Starke, Fla., August 2, 1895.

THE Metropolis mentions the name of Judge Geo. P. Raney in connection with the next gubernatorial nomination.

E. J. TRIAY is suing the Times-Union for libel. Mr. Triay thinks that he has been libeled $10,000 worth and is suing for that amount.

THE recent hard rains have done cotton no good, and if we have extremely hot weather during the next few days it is likely that the yield will be considerably diminished.

THE valuation of property in Orange county was lowered more than a million of dollars by the freezes of last winter. Bradford's decrease is less than a fifth of that amount.

IF the Carrabelle Times keeps coupling "stable currency" with the name of a certain senatorial aspirant somebody will be mean enough to believe that the currency question has been presented to the Times in a very tangible shape. That would be bad.

IN speaking of Volusia county's large crop of candidates the Citizen says: "If each county in the state shall produce as many candidates, the campaign of 1896 will be an interesting one." The paper at Daytona with a hyphenated name should give the Citizen a lecture.

THE Daytona Gazette-News errs in alleging that the TELEGRAPH is worrying about Volusia county's numerous candidates for office. For all we care Volusia may present a candidate for every office in the gift of the people of Florida. We doubt not that Major Healey would make a good governor, but we hardly think he will reach it.

ON the day that Tax Collector Dowling was killed in this county four other men were killed in Florida. The increase in crime lends color to the allegation of the press that there is a screw loose about the machinery of the law in Florida, and the time is rapidly approaching when public sentiment must frown down instead of countenancing the lax administration of our criminal laws.

THE Carrabelle Times is reminded that the TELEGRAPH deprecated the "reform" movement in Florida before the Times had celebrated the laying aside of its diapers. Our protestations against the movement were due entirely to the fear that it might lead to a split in the democratic party, and not that we objected to genuine reform. In this particular we differed from the present position of the Times in that the times cares nothing about party harmony, but imagines that it is tickling the hen that is said to lay golden eggs.

THE TELEGRAPH has not heard what action the county executive committee has taken in the matter of filling the vacancy caused by the death of Tax Collector Dowling, but we do know that it is imperative that the vacancy should be filled at once. It is also imperative that a man should be recommended for appointment who has had experience in the collection of the county's reveneus, for the reason that the time is rapidly approaching for the closing of the tax books. The duties that devolve upon the collector at this time make it nepessary for the good of all persons concered that he should have a full knowledge of the work at hand. The prompt appointment of Mr. Dowling's successor will spare the people of Bradford county much annoyance and probably litigation in the future.

DOWLING'S MURDER.

Continued from First page.

there. I went home and on the way got to thinking over the matter and wrote to Dowling asking him to come and have a settlement with me, as he had been doing some trading with me in my store. I had also lent him $5 50. He came in and said he thought he paid the $5.60. I told him he had not. He replied that if he hadn't he could. He handed me a $20 bill and I gave him the change. After he had gone my wife came to me and said the baby was sick and would not eat anything, and she wanted me to go out and kill a bird for it.

"I took my gun and went out. Up the road I met a neighbor and asked him if there were any rabbits on his place. He replied that he did not know. They did come around there occasionally. While we were talking a man came along in a dog cart and said he had been to the store and could not get in. He wanted to make some purchases. I got in the dog cart with him and went back. After putting up the goods for him I got in the cart with him and drove back up the road to my neighbor's.

"Justice Chase came along, and while we were all alking, Dowling came up and asked my neighbor to get him some writing paper when he went over to Lake Butler. Mr. Chase told him to put his money back in his pocket, as he had plenty of paper down to the mill.

"I went back to the store and started to work on an egg case. I leaned my gun up against the side of the building near the door. While I was at work Dowling drove up on his mule. I told him that if he wanted writing paper, I had some in the store. He replied:

"'Well, that's all right.'

"I got to thinking over the way he had spoken to me during the earlier part of the day, and told him he was due me an apology. He said he had said nothing that he was not willing to back up. I told him that he needn't try to bulldoze me.

"He answered; 'Well, if I havn't bulldozed you, I can.'

"I said: G—d d—m you, don't you do it.'

"His answer was: 'You G—d d—m — — —, I'll show you,' and started to get off his mule. He didn't get off. He fell off."

When asked if Dowling had made any attempt to draw any weapon on him, Driggers said that he did not see any, that there was a knife found where Dowling fell. 'I sent for his wife after Dowling fell, and waited there till she came."

There is one medicine that will cure immediately. We refer to De Witt's Colic and Cholera Cure for all summer complaints. No delay, no disappointment, no failure. Starke Drug Co.

East Florida Seminary.

We have received a copy of the annual register of the East Florida Seminary for 1895-96, and note the following changes and additions:

Another year's work has been added to the curriculum of the school in the departments of English, mathematics, science and Latin.

A department of pedagogy has been provided for, so that all persons desiring to prepare for the work of teaching can find all necessary training and instruction at this school. This work in pedagogy will be under the care and management of Dr. W. F. Yocum, whose drill and instruction in the summer normal schools have been so satisfactory to all who have had the privilege of being his students.

The commandant is Lieut. Chas. P. Cabaniss, Jr., U. S. Army—an officer in the prime of life, moral, energetic and thoroughly prepared by education and experience for the duties of the position.

The expense of attending the school has been greatly lessened in all particulars, and the cost of table board has been reduced to $10 per month.

A fairly furnished gymnasium now offers to students opportunities for beneficial recreation.

Travelers find a safe companion in De Witt's Colic and Cholera Cure. A change in drinking water and in diet, often causes severe and dangerous complaints. This medicine always cures them. Starke Drug Co.

Mr. C. G. Strong, principal of the public schools at Anderson, Cal., says: "I have used Chamberlain's Pain Balm and have found it an excellent remedy for lameness and slight wounds. Lameness usually results from a sprain, or other injury, or from rheumatism, for which Chamberlain's Pain Balm is especially intended and unequalled. It affords almost immediate relief and in a short time effects a permanent cure. For sale by Starke Drug Co.

NEW RIVER NOTES.

The happiest man in town—Mr. R. J. Olliver. It is a fine girl and tips the beam at ten and a quarter pounds. Both mother and child doing well.

Mrs. F. B. Johns is very ill with a severe attack of typhoid fever, but we are pleased to state that indications now point to her gradual recovery. Miss Minnie Andrews of Starke, her sister, is with her at present.

We regret very much to state that one of Mr. J. E. Renfroe's children has been very ill for some time and at this writing is lying in a very critical condition, but we must hope for the best.

Mr. Demis Kellum and his mother, Mrs. J. W. Kellum, are recovering from serious attacks of typoid pneumonia. They and Mrs. F. B. Johns are under the able treatment of Dr. E. L. Stewart.

Prof. T. B. Hartig opened his special school at New River on Monday, July 8th. While our community has not escaped the general business depression and the cry of "hard times" has become fearfully familiar, yet the professor, with his characteristics, energy, perseverance and wonderful ability as an organizer, has worked up a fine and flourishing school, the enthusiasm of which reflects great credit upon both the professor and the community. FIDELS.

Women know more about clothes in general than men. We have our strongest friends among the gentle sex. They endorse the BUCKSKIN BREECHES because they know they are the best; because the buttons stay on and the seams don't rip. Then they like to see a man's clothes fit. Our pants wear well, fit well, and look neat.

Col. W. T. Weeks, Bradford's popular clerk, and Hon. J. T. Wills, the silver tongued orator and representative from Bradford, both of Starke, were in town Tuesday.

The burial of Mr. R. T. Dowling took place at Swift Creek church at 10 o'clock Friday. He was buried with Masonic honors, the services, which were very impressive, being conducted by Mr. M. L. McKinney, acting as Worshipful Master. A large number of Masons, as well as others, were in attendance. Mr. Dowling was born and lived in this county, was well known and highly esteemed by all. He was once superintendent of public instruction in this county, and was tax collector at the time of his death. He leaves a wife and babe and several brothers and sisters to mourn his death.

One night when Mr. Isaac Reese was stopping with me, says M. F. Hatch, a prominent merchant of Quartermaster, Washington, I heard him groaning. On going to his room I found him suffering from cramp colic. He was in such agony I feared he would die. I hastily gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He was soon relieved and the first words he uttered were, "what was that stuff you gave me?" I informed him. A few days ago we were talking about his attack and he said he was never without that remedy now. I have used it in my family for several years. I know its worth and do not hesitate to recommend it to my friends and customers. For sale by Starke Drug Co.

"It is the best patent medicine in the world" is what Mr. E M. Hartman, of Marpuam, Oregon, says of Chamberlain's Colic, Cholera and Diarrhoea Remedy. MESSRS. LIPPMAN BROS., Proprietors P. P. P., Savannah, Ga.

GENTLEMEN:—I feel it my duty to inform you of the cure your wonderful medicine, P. P. P., wrought in my case. I have suffered for two years with dyspepsia and malaria in the worst form, and was a daily sufferer from sick headache. My bowels did not act but twice a week and frequently only once a week. I could not retain half I ate and my stomach was always uncomfortably heavy. I tried pills and all kinds of medicines, but only found temporary relief in them. I was despondent and was hoping to soon find relief in death.

Seeing your P. P. P. advertisement I decided to try it and requested Dr. Peak to give me a bottle, and after taking that bottle I felt one hundred per cent. better. I have taken two bottles and will soon get another, and I can now eat in peace and enjoy everything, and can sleep like a top. My headaches have ceased and my bowels are regular. I would advise all sufferers like myself to give P. P. P. a trial and they will write you as I have, that P. P. P. beats any medicine on the market. Yours truly,

CURTIS COLLVER,
Artist Painter, Orlando, Fla.
