Dr. J. O. Haynes received a letter a few days ago from Mr. W. H. Heafford, who is now in Chicago, which conveys a high compliment to the dental work of Dr. Haynes. Mr. Heafford had called upon a leading dentist of Chicago and while examining his teeth the Chicago dentist closely scrutinized some work done for Mr. Heafford by Dr. Haynes, and afterward pronounced the work first-class in every particular.

The commission of Mr. J. C. Byrd as tax collector for Bradford county has been issued, and he wishes to announce to the tax payers that he will be at the court house in this city for the purpose of collecting taxes every day, except Sundays, until the delinquent list is made up and given to the printer. The law provides that the books shall be closed on the 1st day of September, therefore it will be necessary for those who intend to pay to do so at once.

A medical journal says to those afflicted with the liquor habit: "Let any victim of this terrible habit eat tomatoes sprinkled with salt, consuming as much each day as possible. Let the eating of tomatoes and salt to excess be continued for several days, and the tomato eater will find liquor absolutely offensive and unpalatable, or if drunk it will be ungrateful to the stomach to such a degree that it will be thrown up." This is the cheapest gold cure yet heard of, and it is said to be positively effective.

One night when Mr. Isaac Reese was stopping with me, says M. F. Hatch, a prominent merchant of Quartermaster, Washington, I heard him groaning. On going to his room I found him suffering from cramp colic. He was in such agony I feared he would die. I hastily gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He was soon relieved and the first words he uttered were, "what was that stuff you gave me?" I informed him. A few days ago we were talking about his attack and he said he was never without that remedy now. I have used it in my family for several years. I know its worth and do not hesitate to recommend it to my friends and customers. For sale by Starke Drug Co.

Wright Browning, one of Bradford's prosperous farmers and everybody's friend, is at home nursing a wounded limb. Last Saturday night at Lake Butler he stumbled and dropped a revolver from his saddle-bags; the revolver was discharged and the ball entered the fleshy part of his leg, coming out near the hip. The wound is a painful one but will not keep Mr. Browning in doors for a great length of time. When he recovers, however, his friends are likely to have a good deal of sport at his expense, for the truth of the matter is that Wright stumbled over a chicken coop several miles from home. In extension of our friend the TELEGRAPH will add that the chicken coop was at the rear of one of the stores in Lake Butler and he was making his way to the rear door of the store. This will explode the theory that Wright was dreaming of pot pie when he came to grief.

Teachers Examination. The examination of county teachers will be begun in this city next Tuesday. The attorney-general has decided that teachers holding third grade certificates must take this examination.

It is the same old friend to which the old folks pinned their faith and were never disappointed. #### Death of Mrs. L. G. Stringfellow.

News has been received in this city of the death of Mrs. L. G. Stringfellow, which sad event occurred last Sunday at Ponce Park. Mrs. Stringfellow had been an invalid for several months and lately had visited both Starke and Jacksonville in the hope of receiving relief through the treatment of skilled physicians of both places, but all efforts failed and the God who gave her life gathered her spirit into His keeping.

Before marriage Mrs. Stringfellow was Miss Rebecca Turner, and she and the sainted mother of the writer were inseparable friends during the happy days of girlhood and until the former was married and moved with her husband to South Florida.

Mr. R. A. Turner, of LaCrosse, and Mrs. W. T. Weeks of this city are brother and sister of Mrs. Stringfellow and to them and the bereaved husband and children of the deceased the TELEGRAPH extends condolence.

#### Why?

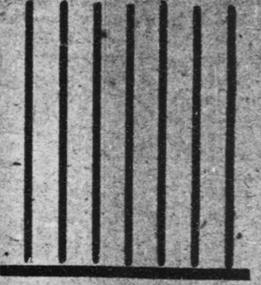

Five years ago few persons in America had heard of **Ramon's Tonic Liver Pills** and **Ramon's Tonic Pellets**. To-day they are used in thousands of households. What has worked this change?

Four different things.  
1. This is not simply a liver pill but an entire treatment. It is a complete substitute for a physician in liver troubles.  
2. It costs only 25c, when the same medicines if purchased separately, would cost 50 to 75c.  
3. The remedy works gently and not violently. It does not arouse a feeling of weakness but makes you feel steadily better from the first day.  
4. It is absolutely harmless. Sick or well, it can not be a bad thing to take, as it purifies the blood and tones up the whole system.  
Why not try it for those occasional headaches? It will stop them.  
At all dealers, or mail, for 25c., 3 boxes \$1.00.
