Several years ago Bob Ingersoll said that he would believe in a hell when Kentucky went republican. It is probably comforting to the democrats of Kentucky to know that some good has come out of their late defeat.

In a recent issue the Metropolis takes occasion to lecture Florida editors who make "ill-natured flings" at contemporaries. The practice is a reprehensible one, but for the reprimand to be delivered by a paper that has persistently hounded and is persistently hounding the steps of its nearest neighbor, as the Metropolis has done and is doing, is sublimely inconsistent.

The Telegraph learns that a number of our farmers will experiment with tobacco during the coming year. We are glad to note the growth of the plan of diversifying crops and hope that our farmers will make the experiment with tobacco with the utmost care. The F. C. & P. railway, always awake to the interests of the people along its line, is offering to send seed to them. Address Capt. A. O. McDonald, Jacksonville, Fla., for a package of seed.

The Marianna Journal proposes to become the historian of the failure of the railroad commission bill in the last legislature. We can save it the trouble. Its friends killed it.—Pensacola News.] Then Chipley and Dougherty and Thompson and Palmer, of Hillsboro, and their following in the senate really were the friends of the bill. They killed it, but we had never dreamed that the deed was done in a fit of friendship. If these gentlemen are afflicted with so pronounced a habit of obliterating whom and what they wish we shall decline to "cultivate" them.

The Live Oak Banner sets up a high standard of excellence that successful candidate for gubernatorial honors next year must reach, and says, "Florida has one such a man and at the proper time the Banner will take pleasure in naming him. \*\*\* Our man has in times past enthralled the democratic party from one end of the state to the other and can do so again." If we were guessing we should say that the Banner refers to the Hon. W. D. Bloxham, but the Banner forgets that a contemporary in far West Florida has said that Mr. Bloxham has allowed his opportunity for advancement to slip through his fingers. And the West Florida paper claims to be an infallible political prognosticator.

JUDGE LIDDON.

It is doubtful that Mr. Justice Liddon, who has been suggested by an enthusiastic newspaper friend for the United States senate, will take kindly to the proposition. He now holds the very highest office within the bestowal of the people, enjoying the honors of which his life's ambition is realized, and forsaking which to engage in the turmoil of active politics would jar harshly on a nature attuned to less discordant notes than the incessant din of factional partisanship.

If the above paragraph taken from the columns of the Pensacola News is intended to forestall the likelihood of Judge Liddon's promotion to the high and honorable position of United States Senator it will be resented by the friends of that gentleman, but if the News simply meant to pay him a deserved compliment, as it certainly did when it said that he was possessed of a nature "attuned to less discordant notes than the incessant din of factional partisanship," then the friends of Judge Liddon will enjoy and appreciate its observations as coming from a most estimable source.

The democrats of Florida, as a

whole, long since tired of the unseemly combat that has been in progress between Wilkinson Call on one hand and a few politicians on the other over the seat in the senate now occupied by Mr. Call, and there is a strong sentiment among the rank and file of the party in favor of raising this exalted position above the incessant clamor and strife of factionalism. It is self-evident that to reach this most happy termination to a long and unpleasant strife the party must turn from Mr. Call and his assailants to a man whose very nature suggests higher and nobler things than a participation in the incessant din of factional partisanship. It will not be surprising, therefore, if the sentiment in favor of the passing of the senatorial turmoil, which has a foundation in the heart of every democrat who is desirous of party unity, centralizes upon Judge Liddon, who, as the TELEGRAPH has before remarked, enjoys the distinction of being the only man in public life in Florida who has a united party at his back.

We do not believe with the News that Judge Liddon's life's ambition is fully realized in the enjoyment of the honors of the sacred trust that has already been committed to his keeping. Like any other man who has placed the best qualities of his head and heart in the execution of his duty to his people and his state he would undoubtedly be rejoiced by an acknowledgment of his services through the bestowal of still higher honors.

NEGRO EDUCATION.

State Superintendent Sheats is credited with the following statement:

"I now serve public notice upon their unwise friends, and the negroes as well, that I pledge myself to lead a movement in this state with a design of so amending the state constitution as to relieve the whites from all connection with negro education, and to cease all appropriations to their schools of every grade, only as it is paid by negro tax payers.

If Mr. Sheats really contemplates any such action he may as well prepare his nerves for the shock that naturally attends defeat. Just such a movement was led by one of the representatives of Mr. Sheats's home county in the legislative session of 1893. The design of the legislator from Alachua failed utterly of accomplishment, and so will Mr. Sheats fail.

The point involved in such a movement has long been settled in the minds of the people of Florida. They long ago recognized the fact that the elevation of the negro to a higher plane of citizenship is merely a matter of good policy, and they accept the expenditure of the money required for the education of the blacks as one of the legitimate expenses of our state government.

Messrs. C. F. Moore & Co., Newberg, Ore., say: "We sell more of Chamberlain's Cough Remedy than all others put together, and it always gives satisfaction." Mr. J. F. Allen, Fox, Ore., says: "I believe Chamberlain's Cough Remedy to be the best I have handled." Mr. W. H. Hitchcock, Columbus, Wash., says: "Chamberlain's Cough Remedy sells well and is highly praised by all who use it." For sale by Starke Drug Co.

WITH FLORIDA EDITORS.

Not More Than Human, From the Pensacola Times.]

Those papers which assert that Judge Liddon would not accept the United States Senatorship, if tendered him, must have the opinion that he is more than human. Judge Liddon, or any other man in Florida, would jump at such an honor.

An Entreaty for Reconsideration, From the Tampa Times.]

We respectfully suggest to those contemporaries who declare that the democratic defeats in the late lamented elections are due to the fact that the republican candidates were favorable to sound money, that they now proceed to demonstrate the necessity for the further existence of the democratic party. If the republicans are all right on the main question and merit, as they seem to have received the confidence of the country, what is the need for any opposition party at all? We are afraid these gentlemen have proved entirely too much and we entreat them to reconsider.

The U. S. Senatorship, From the Gainesville Sun.]

It is doubtful that Mr. Justice

Liddon, who has been suggested by an enthusiastic newspaper friend for the United States senate, will take kindly to the proposition. He now holds the highest office within the bestowal of the people, enjoying the honors of which his life's ambition is realized, and forsaking which to engage in the turmoil of active politics would jar harshly on a nature attuned to less discordant notes than the incessant din of factional partisanship.—Pensacola News.

It is too early yet to predict with any degree of certainty who will be the next United States senator from Florida. There are a number of democrats in the state who are capable of representing the people in the upper house of congress. These men have many friends who will, doubtless, later on take occasion to urge the claims of their favorites. Any democrat who has an ambition to reach the senate should be given a perfectly fair showing. He should be judged as nearly as possible for what he is worth, or in other words his fitness for the position. We presume there is not a democrat in the state who questions the competency of Judge Liddon. It is apparent, however, that the News hopes he will not be a candidate. It is not a difficult matter to see why the News opposes Judge Liddon. The reason assigned by the News why Judge Liddon should not be a candidate is, as a matter of fact, a strong argument in his favor. If the Judge should succeed to the senate it is not probable, from his past record, that he would "engage in the turmoil of active politics which would jar harshly on a nature attuned to less discordant notes than the incessant din of factional partisanship." Judge Liddon has not been in any manner mixed up with anything that would demand of him an active participation in any squabbles or wranglings inside the democratic party. We do not know what Judge Liddon's wishes may be regarding the senatorship, but we feel convinced that if he has an ambition to reach the senate he will not be caught napping by the News. He is too old a bird to be caught with chaff. The taffy of the News might work in some cases, but with a man like Judge Liddon it will cut but a small figure.

The State Commander writes us from Lincoln, Neb., as follows: "After trying other medicines for what seemed to be a very obstinate cough in our two children we tried Dr. King's New Discovery and at the end of two days the cough entirely left them. We will not be without it hereafter, as our experience proves that it cures where all other remedies fail." Signed F. W. Stevens, State Com.—Why not give this great medicine a trial, as it is guaranteed, and trial bottles are free at the Drug Store of Starke Drug Co., and John A. King of Lake Butler. Mrs. W. B. Meek, who resides at Camptonville, Cal., says her daughter was for several years troubled at times with severe cramps in the stomach, and would be in such agony that it was necessary to call in a physician. Having read about Chamberlain's Colic, Cholera and Diarrhoea Remedy she concluded to try it. She found that it always gave prompt relief. It was seldom necessary to give the second dose. "It has not only saved us lots of worry and time," she says, "but also doctor bills. It is my opinion that every family should have a bottle of this remedy in the house." For sale by Starke Drug Co.

A Strong Fortification

Fortify the body against disease by Tutt's Liver Pills, an absolute cure for sick headache, dyspepsia, sour stomach, malaria, constipation, jaundice, biliousness and all kindred troubles. "The Fly-Wheel of Life." Dr. Tutt: Your Liver Pills are the fly-wheel of life. I shall ever be grateful for the accident that brought them to my notice. It is as if I had a new lease of life. J. Fairleigh, Platte Canon, Col. Tutt's Liver Pills

Why?

Five years ago few persons in America had heard of Ramon's Tonic Liver Pills and Ramon's Tonic Pellets. To-day they are used in thousands of households. What has worked this change? Four different things.

- 1. This is not simply a liver pill but an entire treatment. It is a complete substitute for a physician in liver troubles. 2. It costs only 25c., when the same medicines if purchased separately would cost 50 to 75c. 3. The remedy works gently and not violently. It does not arouse a feeling of weakness but makes you feel steadily better from the first day. 4. It is absolutely harmless. Sick or well, it can not be a bad thing to take, as it purifies the blood and tones up the whole system.

Why not try it for those occasional headaches? It will stop them. At all dealers, or mail, for 25c., 5 boxes \$1.00. BROWN MFG. CO., New York.

Messrs. Lippman Eros, Savannah, Ga. GENTLEMEN:—While in San Antonio, Tex., last spring I saw your advertisement of P. P. P. (Prickly Ash, Poke Root and Potassium) in the paper for the cure of rheumatism and thought I would try a bottle; finding such great relief from it, on my return home, I had my druggist, Mr. John McCrehan, to order me a supply. After taking I think ten bottles, I have not had a pain or ache since; previous to that I suffered for 25 years, and could not get the least benefit until I tried P. P. P., and therefore take pleasure in recommending it to all. Yours truly, J. S. ROSAMOND.

Mrs. Laura C. Phoenix, Milwaukee, Wis. "Aton of a Benevolent Home and knowing the good Dr. Miles' Nervine has done me, my wish to help others, overcomes my dislike for the publicity, this letter may give me. In Nov. and Dec., 1893, the inmates had the 'LaGrippe', and I was one of the first. Resuming duty too soon, with the care of so many sick, I did not regain my health, and in a month I became so debilitated and nervous from sleeplessness and the drafts made on my vitality, that it was a question if I could go on. A dear friend advised me to try Dr. Miles' Restorative Nervine. I took 2 bottles and am happy to say, I am in better health than ever. I still continue its occasional use, as a nerve food, as my work is very trying. A letter addressed to Milwaukee, Wis., will reach me." June 6, 1894. MRS. LAURA C. PHOENIX.
