## Repairing Neatly Done

Never thought of such a sign for a medicine did you? Well, it's a good sign for Scott's Emulsion. The body has to be repaired like other things and Scott's Emulsion is the medicine that does it.

These poor bodies wear out from worry, from over-work, from disease. They get thin and weak. Some of the new ones are not well made—and all of the old ones are racked from long usage.

Scott's Emulsion fixes all kinds. It does the work both inside and out. It makes soft bones hard, thin blood red, weak lungs strong, hollow places full. Only the best materials are used in the patching and the patches don't show through the new glow of health.

No one has to wait his turn. You can do it yourself—you and the bottle.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle.

Send for free sample. SCOTT & BOWNE, 409 Pearl St., New York. 50c. and \$1. all druggists.

The Tallahasseean Improvement Association was organized for the purpose of improving and beautifying the Capital City, and the ladies have worked nobly in the past. Let the people help them along.

Governor Jennings was unable, on account of press of important business, to attend the dedication of the new armory at Apalachicola Wednesday night, by the military boys of that city, much to his regret.

Tallahassee proper is only one mile square. The city really covers more than twice this territory and has a population of about 6,000. It is an ideally located city, and could easily be made one of the prettiest in the entire South. The people are beginning to wake up, too.

The bazaar and festival given by the ladies of St. Agnes' Guild at the armory Tuesday afternoon and night was a very pleasant affair and liberally patronized. The ladies served an excellent dinner and a good supper. The display of fancy work, much of which was disposed of was beautiful in the extreme and caused many exclamations of delight from the spectators.

The contract for the repair and improvement of the capitol at Tallahassee has been awarded to J. E. Parish, of Lynchburg, Va., for the sum of \$65,793. This amount ought to suffice to give the State an elegant and thoroughly up-to-date capitol and forever bar further efforts for its removal to any other city than Tallahassee.—Madison New Enterprise.

The lands of Leon county will produce a bale of cotton to the acre, with very little fertilizer. It will also produce from 700 to 1,000 pounds of fine Sumatra tobacco to the acre. This sells from 50 cents to \$1.50 a pound. Is there any other section that can beat this?

Mr. R. A. Whitfield has been county judge four years and in that time has issued 1,115 marriage licenses. When he first went into office the proportion was about eight licenses to colored people to one to white people. The proportion is now about four to one. During this year 179 licenses have been issued, 37 to whites and 142 to colored. Judge Whitfield's predecessor issued 692 licenses. This shows that the population of Leon county is on the increase.

Many Northern people are seeking homes in Florida, and not a few have been in Tallahassee recently. If they are seeking real homes, where the soil is cheap and fertile and where we have the most salubrious climate on earth, they will have to seek no farther than the Capital City of Florida. Leon county contains thousands of acres of excellent farm lands that can be purchased almost for a song.

The annual conference of the C. M. E. church will convene in St. James' C. M. E. church this city, December 4th, 1901. Bishop L. H. Holsey, D. D., of Atlanta, Ga., will preside over the conference. The public generally cordially invited. The Bishop will preach on Sunday at 11 a. m. J. C. W. Smith, presiding elder.

Some bright boy or girl of Tallahassee between the ages of seven and eighteen years, can earn five dollars with a little work. Read "Ten Nights in a Bar Room," the first installment of which appears in this issue of The Tallahasseean. Then write a short story about the different characters. The best sketch will be published in The Tallahasseean, and the author will receive five dollars as a prize.

The prettiest show windows in Tallahassee are those in Mr. W. R. Wilson's Dry Goods Emporium. One contains a magnificent display of ribbons, hats, trimmings and millinery goods. In the second can be seen a beautiful assortment of ladies' gloves, handkerchiefs, hosiery and umbrella, artistically and harmoniously arranged. These windows are real beauties and attract the eye of all who pass. The third window is devoted exclusively to men's furnishings. The handsome line of goods carried by Mr. Wilson is here shown in splendid effect. For an unexcelled line of ladies' misses' men's and children's shoes we must look in the fourth window. Here can be found fine shoes, comfortable shoes, shoes that wear well and shoes that look well. See his ad. in another column.

What's the matter with organizing a Young Men's Christian Association in Tallahassee?

Tallahassee, the Garden City of the South, is growing surely and steadily, and is destined to soon take her place as the most important center in Florida.

An interesting case was tried in Judge Whitfield's court Monday afternoon. Richard Scarlett sued E. W. Clark for services as surveyor. The jury brought in a verdict in favor of plainiff, who was represented by Attorney J. A. Edmondson. For a time it looked like the case would become very sensational, and a "rough house" was narrowly averted. The judge finally restored order.

As vaccination prevents smallpox, and quinine chills and fever, so TEETHINA prevents and counteracts the effects of the summer's heat, much dreaded by mothers with small children. TEETHINA relieves the many troubles incident to teething and the hot summers, and no mother is excusable for not giving it, for it costs only 25 cents at druggists; or mail 25 cents to C. J. Moffett, M. D., St. Louis, Mo.

We will also offer you a most elegant line of wedgewood ware, cut glass, and sterling silver. We will open these goods about the tenth of December, notice of which will appear later. We respectfully solicit your patronage. The Tallahassee Drug Co.

Mine Host Crawford gave one of the swellest six o'clock dinners ever served in Tallahassee, at the Leon Hotel on Thanksgiving day. The bill of fare consisted of everything good that the market affords, and was prepared and served in the highest style of the art. Mr. Crawford knows just how to prepare a dinner to tickle the palates of his guests. The artistically printed menu cards were the work of The Tallahasseean office.
