OLD AGE. Old age as it comes in the orderly process of Nature is a beautiful and majestic thing. The very shadow of eclipse which threatens it, makes it the more prized. It stands for experience, knowledge, wisdom and counsel. That is old age as it should be. But old age as it so often is means nothing but a second childhood of mind and body. What makes the difference? Very largely the care of the stomach. In youth and the full strength of manhood it doesn't seem to matter how we treat the stomach. We abuse it, overwork it, injure it. We don't suffer from it much. But when age comes the stomach is worn out. It can't prepare and distribute the needed nourishment to the body, and the body, un-nourished, falls into senile decay. Dr. Pierce's Golden Medical Discovery is a wonderful medicine for old people whose stomachs are "weak" and whose digestions are "poor." Its invigorating effects are felt by mind as well as body. It takes the sting from old age, and makes old people strong.

Mr. and Mrs. George W. Walker, of Savannah, Ga., are the guests of Mr. and Mrs. B. B. Wilson this week. Mr. Walker is connected with the Walker Medicine Company, of Savannah.
