

Woman's Kidney Troubles

Lydia E. Pinkham's Vegetable Compound is Especially Successful in Curing This Fatal Disease.

Mrs. J. W. Lang and Mrs. S. Frake

Of all the diseases known, with which women are afflicted, kidney disease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Mrs. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that fatal disease, woman's kidney troubles. The Vegetable Compound acts in harmony with the laws that govern the entire female system, and while there are many so called remedies for kidney troubles, Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women, and thousands have been cured of serious kidney derangements by it. Derangements of the feminine organs quickly affect the kidneys, and when a woman has such symptoms as pain or weight in the loins, backache, bearing down pains, urine too frequent scanty or high colored, producing scalding or burning, or deposits like brick dust in it; unusual thirst, swelling of hands and feet, swelling under the eyes or sharp pains in the back running down the inside of her groin, she may be sure her kidneys are affected and should lose no time in combating the disease with Lydia E. Pinkham's Vegetable Compound, the woman's remedy for woman's ills.

The following letters show how marvelously successful it is.

Lydia E. Pinkham's Vegetable Compound; a Woman's Remedy for Woman's Ills.

Mrs. Samuel Frake, of Prospect Plains, N. J., writes:

Dear Mrs. Pinkham:—I cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me. When I first wrote to you I had suffered for years with what the doctor called kidney trouble and congestion of the womb. My back ached dreadfully all the time, and I suffered so with that bearing-down feeling I could hardly walk across the room. I did not get any better, so decided to stop doctoring with my physician and take Lydia E. Pinkham's Vegetable Compound and I am thankful to say it has entirely cured me. I do all my own work, have no more backache and all the bad symptoms have disappeared. I cannot praise your medicine enough, and would advise all women suffering with kidney trouble to try it.

Mrs. J. W. Lang, of 626 Third Avenue, New York, writes:

Dear Mrs. Pinkham:—I have been a great sufferer with kidney trouble. My back ached all the time and I was discouraged. I heard that Lydia E. Pinkham's Vegetable Compound would cure kidney disease, and I began to take it; and it has cured me when everything else had failed. I have recommended it to lots of people and they all praise it very highly.

Mrs. Pinkham's Standing Invitation.

Women suffering from kidney trouble, or any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. Out of the great volume of experience which she has to draw from, it is more than likely she has the very knowledge that will help your case. Her advice is free and always helpful.

Lillian Russell's Debut.

"Now, when I am drawing the largest salary I have ever had, it seems odd to remember that for my first appearance I drew \$50 a week. It was Tony Pastor who met me at a friend's house and to whom I confided my desire to go on the stage. He said he'd give me a position at once. Then I thought of my mother's disapproval; but Mr. Pastor suggested that I come down in my ordinary attire, sing a few ballads, and even then I could get back home before anyone missed me. It was a great temptation and I agreed. In order to keep it a secret, I took the stage name of Lillian Russell—my own was Helen Louise Leonard; but there was mother to be considered. For two weeks I went unsuspected, and then a newspaper man said pleasantly to my mother: 'You ought to see Lillian Russell, that English girl down at Pastor's.' Can you see me in a cold sweat? My mother went down to the performance; I hurried home, and reached there before she did; then I waited in terror until she arrived. She came in, looked me over, and said: 'Well, I think you can afford to pay for your own music lessons,'—and after that I had to. I got \$50 a week, and my first week's wages was advanced to get me the gown I wanted; and I paid it back, \$10 each week. Now, when my salary is forty times as much, I haven't any more left."—Lillian Russell in National Magazine.

The Christ of the Andes.

The women of Chili and Argentina are said to be largely responsible for the fact that those two countries are not now at war with each other. For seventy years they have been quarreling about their boundaries, but lately they agreed to arbitrate the dispute. They signed a permanent treaty of peace, put into good roads and other internal improvements the money they had meant to spend in fighting, and set up on the disputed boundary, fourteen thousand feet above the sea level, a colossal bronze statue of Christ, made from the metal of old cannon, and now known as the Christ of the Andes.

That this triumph of the principle of arbitration was due to the efforts of the women of the two countries has been recognized by the Pope, who has sent to the Society of Christian Mothers, the leader in the movement, a medal in honor of their distinguished service in the cause of peace. The Czar, too, has sent them a request for a full account of the Christ of the Andes. The Society of Christian Mothers is going to send him a model of the statue, with its history written on white satin in gold letters, and doubtless it will accompany its gift with a prayer that it may bring peace to the distracted country of his Russian majesty.

This Pretty Girl Saved From Catarrh of the Lungs by Pe-ru-na.

MISS FLORENCE KENAH.

Miss Florence E. Kenah, 434 Maria street, Ottawa, Ont., writes: "A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset and my head and back began to ache severely and frequently. I was advised to try Peruna, and although I had little faith I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at last. Within three weeks I was completely restored and have enjoyed perfect health since. I now have the greatest faith in Peruna." Florence E. Kenah.

The cold wind and rain, slush and mud of winter are especially conducive to catarrhal derangements. Few women escape.

Upon the first symptoms of catching cold Peruna should be taken. It fortifies the system against colds and catarrh.

Pe-ru-na for Colds and Catarrh.

The following interesting letter gives one young woman's experience with Peruna: Miss Rose Gerbing, a popular society woman of Crown Point, Ind., writes: "Recently I took a long drive in the country, and being too thinly clad I caught a bad cold which settled on my lungs, and which I could not seem to shake off. I had heard a great deal of Peruna for colds and catarrh and I bought a bottle to try. I am pleased that I did, for it brought speedy relief. It only took about two bottles, and I consider this money well spent. You have a firm friend in me, and I not only advise its use to my friends, but

have purchased several bottles to give to those without the means to buy, and have noticed without exception that it has brought a speedy cure wherever it has been used."—Rose Gerbing.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used on and off for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.
