GOOD NEWS.

Subject—Sidewalks.

We will this week commence the manufacture of cement sidewalk blocks. We will make only a first class block, and they will be fully guaranteed by the manufacturers. What it will cost to make the above article, we will let you know in the next issue of this paper, at which time we will state what your walk will be worth put down.

These blocks, when properly made, are the most economical kind of sidewalk, for they can be taken up and relaid without injury to the blocks.

Apron Sale Tuesday.

The King's Daughters will hold an apron sale in the Court House yard Tuesday, April 2, from 2 to 3 o'clock in the afternoon.

Aprons of every description, from the daintiest fancy aprons to the most substantial work aprons for housekeepers, nurses and servants, will be on sale. During the afternoon cakes of every kind, ice cream, sherbets and delicious homemade candies will also be on sale.

The King's Daughters are foremost in charitable undertakings, their special charge being the maintenance of the hospital and caring for the sick and poor, and it is hoped that this sale will be liberally patronized by the citizens of Tallahassee.

The Local Paper.

The local paper should be found in every home. No child should grow up ignorant who can be taught to appreciate the home paper. It is said to be the stepping-stone of intelligence. Give your children a foreign paper, which contains not a word about any person, place or thing which they have ever seen or heard of, and how could you ever expect them to become interested? But let them have a home paper, read of people whom they meet and know, of places with which they are familiar, and soon an interest is awakened which increases with every arrival of the local paper all their lives, and they become intelligent men and women, a credit to their ancestors, and strong in the knowledge of the world.—Western Publisher.

Health in the Canal Zone.

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters—who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by all druggists. 50c.

From Far Off Oregon.

CLATSKANIE, March 12, 1907.
Mr. J. G. Collins, Tallahassee, Fla. Esteemed Friend: Yours enclosing receipt, etc., came to hand yesterday, and I hasten to answer and comply with your request by sending the enclosed, (\$2.00). I have been highly gratified with the stand you have taken and am glad to believe that much good has resulted from the course you have pursued. The T. D. is a welcome and regular visitor. Its contents always noted with interest.

We are happily located here and have found here, as elsewhere, a host of kind friends. This being a lumbering country, you would expect the rough element to be well represented. It seems that here extremes meet.

At our last election we voted on the question of Wet or Dry, but only succeeded in carrying three precincts; but as one of them was the county seat, we felt we had gained a point. All are usually well. With esteem and hoping for your success, your friend,

J. J. EASTMAN.
