Sheep Coming

The following is clipped from the Phoenix Gazette:

Dionicio Duran, a large sheep owner of St. Johns, is in Mesa and has rented a residence for himself and family, the coming winter.

Mr. Duran says the sheep this year are in good condition throughout the territory and that the movement to this valley will commence soon after the first rain. At present most of the sheep are the other side of Tonto Basin, and are feeding on the range there. It is very dry in that region, so that the sheep cannot be brought down on account of lack of water.

Mr. Duran thinks that a larger number of sheep than have ever been brought down before will come to the valley for shearing this season. The wool clip promises to be a good one, and with the prospects of good winter feed, the sheepmen are in good spirits.
