Clem L. Saffell of mountain city was a visitor in town last Saturday attending the Live Stock Association meeting, while here he call in and visited with the HERALD-NEWS force for a short time and talk over "kid" days.

Dr. Deputy left Tuesday for a trip to the White mountains where he expects to spend the next two months fishing and hunting and perhaps pull a few teeth between times.

Zech. Farr and Miss Pearl Jarvis left last week for Salt Lake City, Utah where they were to be married June 6th. These two young people are well and most favorably known to the people of St. Johns and no doubt have the well wishes of all their friends.

Mr. Berry has now completed his course and has come to St. Johns where he expects to remain and as soon as he has passed the state examination he will go into business and those who are in need of dental work will no doubt find that he will fill the bill.

Committed Suicide.

Casimiro Newman, a sheepherder for J. R. Armijo, the well known sheepman of Apache county, was found dead about two miles from the camp house last Thursday.

Mr. Armijo, discovering that his sheepherder was gone, started an investigation and found Newman laying in the shade of a clump of cedars with a bullet hole through the head.

County Attorney Gilbert E. Greer, Undersheriff E. W. Grimes, Ambrosio Candelaria, justice of peace of Concho and others were called to hold an inquest but the evidence of suicide was so plain that no inquest was considered necessary.

Newman was 22 years old. He leaves a wife and baby, an aged mother and two half brothers. Mrs. Newman stated that her husband was subject to fits and had frequently threatened to kill himself.

Forethought.

People are learning that a little forethought often saves them a big expense. Here is an instance: E. W. Archer, Caldwell, Ohio, writes: "I do not believe that our family has been without Chamberlain's Colic, Cholera and Diarrhoea Remedy since we commenced keeping house years ago.

When we go on an extended visit we take it with us." Obtainable everywhere. Adv.

Will Not Race the 24th.

From a reliable source we learn that there will be no Allie Mineer-Jesse Pearce-Harry Randall foot races at St. Johns on June 24th. Randall for sum unknown cause, did not "come through," and Pearce, owing to this being his busiest time with his cattle outfit, did not feel that the \$250 put up by Mineer for the 2:20 sprint was inducement enough for him to hire someone to look after his business interests and go into training. We understand if Mineer will put up \$500 or more for a race Pearce will entertain such a proposition. — Snowflake Herald.

St. Johns Team Gets Invitation From Winslow.

John H. Udall received the following, which is self-explanatory:

Dear Sir: Winslow lodge No. 536, B. P. O. Flks, will hold an "Elks Follies" August 7th to 13th inclusive. In perfecting our program we are trying to arrange a Baseball Tournament, 1st prize not less than \$200, 2nd prize not less than \$100. Please advise at an early date if you wish to enter your team.

Very truly yours,

Holbrook Wins Again.

Last Sunday on the St. Johns base ball grounds the Holbrook team defeated the home team by a score of 17 to 23. This is the second time within a month that the Holbrook club has defeated the St. Johns club. The result of the two games goes to show very plainly that the St. Johns club does not do any practicing for with any practice at all they should have won the last game. The Holbrook club does not show that they have done very much practicing, but apparently they have done a great deal more than the St. Johns boys have.

It is now up to the St. Johns club to get in and do some practicing and get in shape so that when they do meet Holbrook again they can at least make it interesting for them.

Winslow is going to try and have a base ball tournament there next August and they are offering a \$200.00 prize for the first prize and not less than \$100.00 for the second. It seems to us that is worth trying for, why not put in some good time practicing between now and then. There is plenty of good timber here for two good teams and there is no reason why we can not have as good a team as any town and in our opinion, just a little better. Come lets wake up and do something worth while.

Col. A. F. Banta Starts on a Prospecting Trip.

A. F. Banta, who resides at the Pioneers Home at Prescott, passed through Phoenix last Saturday en route for Tucson, from which point he will later go to Clifton and thence on a prospecting tour in the White mountain country. Mr. Banta is a pioneer who has started more weekly newspapers in Arizona than any other man in the state. He has also devoted much time to hunting for precious metals, being very familiar with the now high-priced rarer metals as well as with copper, silver and gold formations. He is at home anywhere in Arizona. — The Messenger, May 20.

Word was received here yesterday that Lord Kitchener and his entire staff were blown up while on their way to Russia. It is not known yet whether the work was done by a torpedo boat or a mine. England surely will be in mourning now.

To the Public.

"I have been using Chamberlain's Tablets for indigestion for the past six months, and it affords me pleasure to say I have never used a remedy that did me so much good." — Mrs. C. E. Riley, Illion, N. Y. Chamberlain's Tablets are obtainable everywhere. Adv.

Holbrook State Bank Sold

Early this week the purchase of the Holbrook State Bank was consummated by L. M. Reynolds and associates of Albuquerque. Mr. Reynolds arrived in Holbrook Wednesday morning with his wife, and Thursday assumed the office of cashier and the active management of the bank. Other officers of the institution will be selected later.

Mr. Reynolds stated to the editor of The News that because of his financial connections in Albuquerque and elsewhere his bank would be in a position to take care of all business that may be offered it, consistent with good banking.

The Holbrook State Bank was formerly the Holbrook branch of the Navajo-Apache Bank & Trust Co., which was purchased by T. M. Quebedeaux and associates a few weeks ago. From this purchase resulted three separate banks—the Holbrook State, the St. Johns State and the Arizona State Bank of Winslow. The St. Johns bank was purchased by stockholders of the Merchants & Stockgrowers Bank of Holbrook, and with the purchase of the Holbrook State bank by Mr. Reynolds and associates, Mr. Quebedeaux retains but one of the three banks included in his purchase.

Lloyd C. Henning, who has been cashier of the Holbrook bank for a number of years, retires for the present from the banking business. He will devote his attention to the duties of his office—clerk of the superior court—and his various business interests. — Holbrook News.
