### Minutes of Apache County Shecp Association.

St. Johns, Ariz., 10-3-16.

The adjourned meeting of September 28th was called to order by the chairman, Judge Crosby, and the purpose of the meeting was to find ways and means to put the proposition through on election of Nov. 7th. Suggestions were in order as to this effect. It was moved and seconded to have a campaign committee of seven members and a committee of three to appoint this committee of seven. The chair appointed as the latter committee the following: Messrs D. K. Udall, E. W. Grimes and A. V. Gibbons and these gentlemen were instructed to proceed at once with this appointment for which purpose they went to another room. In the meantime it was moved and seconded and carried that the chair appoint a financial committee of three members whose duty it should be to get the necessary funds to conduct the campaign. Then Messrs Udall, Grimes and Gibbons came back and the following were announced to constitute the campaign committee of seven, namely: W. H. Gibbons, Isaac Isaacson, Manuel Candelaria, J. L. Hubbell, E. I. Whiting, John T. Patterson, Joseph Udall. It was moved, seconded and duly carried that the report of the committee be approved. The chair then appointed the following members as the Finance committee: F. W. Nelson, Joy B. Patterson and C. Scheele. Meeting adjourned.

C. Scheele, Sec'y.

#### How Catarrh is Contracted

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere. Adv.

The time has arrived in the history of Apache County when the laws must be administered free from malice and spite. County officials must be taught that if they perform their duties under oaths, and in a fearless, honest, and impartial manner the people will endorse and approve. The citizens of Apache county are fully aware of the way in which officials position has been prostituted to the gratification of personal animosities and private prejudice. How far this has gone is known only to those who have had occasion to investigate the matter, and at the proper time and in the correct place, attention will be directed to these proceedings.

FOR SALE—125 picked half-bloods, Cotswold bucks, of the Clarence Owens raising. For further particulars call or write W. B. Parks, St. Johns, Arizona.

### Will Lecture on Prohibition.

The following letter was received from the Temperance Federation of Arizona:

Phoenix, Arizona, Sept. 30, 1916.

I am writing to advise you that Mr. Leonard Martin of Boston will be in St. Johns on October 7, and to ask that you advertise a meeting for him at this time. I am sending advertising matter under separate cover.

Mr. Martin is an experienced and able campaigner and is able to hold an audience any where in open air, on the streets, or in a building. He has been over most of the state in the behalf of prohibition, and comes to you with a thorough knowledge of conditions in this state, as well as with many years of experience in fighting the liquor traffic.

Do everything you can for the success of his meeting, and after it is over I am sure you will have no cause to regret the effort you have put forth.

Thanking you for whatever you may do and with best wishes, I am,

Very sincerely yours,  
Grady Gammage, Sec.

#### When You Take Cold.

With the average man a cold is a serious matter and should not be trifled with, as some of the most dangerous diseases start with a common cold. Take Chamberlain's Cough Remedy and get rid of your cold as quick as possible. You are not experimenting when you use this remedy, as it has been in use for many years and has an establishing reputation. It contains no opium or other narcotic. Obtainable everywhere. Adv.

Having been nominated in the republican primaries September 12 for the office of county attorney of Apache County, I shall greatly appreciate the support of all political parties at the general election November 7, 1916.

GILBERT E. GREER.

#### NOTE OF APPRECIATION

I take this opportunity of expressing to the Voters of Apache County my thanks and appreciation for the loyal support given me at the Primary Election, when nominated for Supervisor. I will certainly appreciate the continued support of my friends and if elected will stand for an economical administration with a SQUARE DEAL TO ALL and special favors to NONE. Very respectfully,  
HENRY C. OVERSON,  
St. Johns, Arizona.

What will probably prove to be one of the most productive copper mines in Arizona is being opened up in Graham county about seven miles from the town of Geronimo, on the Arizona Eastern Railway, by the Geronimo Mining company. This company incorporated under the laws of Arizona, holds 100 full mining claims, comprising over 2000 acres.

This property, while comparatively untouched as to surface, has indications of being the best mineralized group of claims in Arizona. A 64 foot shaft has been sunk on the property, and is in ore every foot of the way. A number of old drifts and tunnels which have been driven into the ground at a number of points indicate that pay ore is to be struck at almost any point on the property right at the grass roots. J. W. Sterling, the engineer who is at present on the property conducting an examination, states in his report to the company, that the indications are that the property will develop into one of the most wonderful ore bodies in the state.

The fact that the property is but seven miles from a railway will greatly simplify the work of development. A spur to the property will encounter a grade of only 3 per cent according to Mr. Sterling's figures. Ideal locations for a townsite and for mill and smelter sites are also to be found on the property, and the rich farming districts of the Gila Valley are but a few miles away.

Until quite recently the prospect was practically unknown being in the hands of the original locators, who made little effort to bring it before the public. Now however a syndicate of Miami mining and business men have hold of the proposition, and the chances are good that the prospect will be put in the producing class in a very short time.
