DARKNESS NO MORE.

The dream of some of our leadmen is beginning to be realized.

St. Johns has for a long time been dreaming of a time when it could have the convenience of electric lights and power, and this dream was to some extent realized last Sunday night when the Nebo Electric Light and Power Company released the wheel and set in motion the big Dynamo at their power house on the banks of the Little Colorado river.

The electric current was turned on and a number of the business houses are now using the juice.

Sunday night the movie show of A. E. Johnson used the new system and the show went through without a hitch.

Tom Carraway who has had the supervision of the work of installing, etc. has proved marked ability along this line to the entire satisfaction of all.

There is at present about fifty lights installed and others will soon be using the electric lights and as the line is extended it will not be long before the entire city will be illuminated with electricity.

Several globes have been attached at intervals along the main streets and although they are small and were only placed for tests they light up the streets fine.

The men of Nebo Company are to be congratulated and commended for the success they have had in installing this good and worthy enterprise in our city. May it always prove to be a success and a profitable business to those interested in the wish of the citizens of Apache County.

Constipation and Indigestion.

These are twin evils. Persons suffering from indigestion are often troubled with constipation. Mrs. Robert Allison, Mattoon, Ill. writes that when she first moved to Mattoon she was a great sufferer from indigestion and constipation. Food distressed her and there was a feeling like a heavy weight pressing on her stomach and chest. She did not rest well at night, and felt worn out a good part of the time. One bottle of Chamberlain's Tablets corrected this trouble so that she has since felt like a different person. Adv.

Miss Ruth Wallace the popular daughter of Mr. and Mrs. Frank Wallace of Holbrook is in the city and is at work in the St. Johns State Bank. We have not as yet learned whether Miss Wallace will remain with us or whether her stay is just temporary, but we hope that she will decide to remain in our city.

Undertaker, W A Parr an old time resident of Apache County was in the city last Friday and Saturday. He came for the purpose of embalming the body of Miss Alta Hemingway, which will be shipped to her old home in Keokuk, Iowa. Mr. Parr was renewing old acquaintances and viewing old scenes.

Better events and bigger purses than ever before. Details to be published later. For information write

ELMER D. RINEHART,

Secretary, The Cowboy Reunion and Amusement Association of Round Valley, Springerville, Arizona.

Mrs. Jacob Hamblin left last Saturday for an extended visit to Utah. Mrs. Hamblin has not been to see her old home for thirty years. She will attend the L. D. S. conference at Salt Lake City, after which she will visit old scenes and renew old acquaintances before returning to her home in St. Johns.

Joe Pearce of Eagar was a business visitor here last Saturday and before returning to his home in Eagar he made a visit to the Lyman Reservoir for the purpose of viewing the progress that is being made on the immense dam. Joe is thinking of locating near St. Johns one of these days.

At a meeting held by the ladies of the Relief Society of this city last Sunday it was decided by a big majority to build their new home on the lot adjoining on the west of the academy lot.

Nature Cures, The Doctor Takes the Fee

There is an old saying that "Nature cures, the doctor takes the fee", but as everyone knows you can help Nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds. Chamberlain's Cough Remedy relieves the lungs, liquifies the tongue mucus and aids in its expectoration, allays the cough and aids Nature in restoring the system to a healthy condition. Adv.

A German spy was arrested at or near Springerville Wednesday. We are informed that papers, proving beyond a doubt that he is a spy, were found on him. Deputy Sheriff, John Coleman has the man in charge and is expected to arrive in town today and the spy will be placed in the county jail awaiting the arrival of the Federal authorities. Mr Gustav Becker and some of the Forest service men are given the credit for furnishing information that lead to his arrest.

Dr. T. J. Bouldin returned Monday from Chicago where he has spent the past six weeks taking a post-graduate course. His many friends or more than pleased to have him with them once more.

Rheumatic Pains Relieved

"I have used Chamberlain's Liniment for pains in the chest and lameness of the shoulders due to rheumatism, and am pleased to say that it has never failed to give me prompt relief," writes Mrs. S. N. Finch, Batavia, N. Y. Adv.

FOREST NOTES.

Rangers' Horse Shot From Ambush.

Albuquerque, N. M., April—While inspecting an abandoned camp on the Manzano National Forest near Grants, N. Mex., Ranger L. H. Waters had his horse shot through the nose by an unknown party concealed in the brush. The bullet was of small calibre and did no serious injury. According to Ranger Water's report of the incident, he was engaged at the time in examining fragments of hides and a pile of hair, indicating illegal killing of a large number of deer and cattle, and was looking for evidence on which to base a prosecution of the guilty parties. The camp is said to have had the appearance of having been occupied by Indians, many of whom have been in the hills during the winter gathering pinion nuts.

Greenlee Cattlegrowers' Association Given Formal Recognition.

Albuquerque, N. M., April.—The recently organized Greenlee County Cattle Growers' Association, with headquarters at Clifton, has been accorded formal recognition by the Forest Service, according to District Forester, Paul G. Redington. The association will hereafter act in an advisory capacity on all questions affecting the allotment and use of the range on the south half of the Apache National Forest. Its officers are J. C. Montgomery, President, H. K. Catlin, Vice-President, and Waide Hampton, Secretary.

The object of the new association, as stated in its constitution, are to encourage better stock and better methods of handling it, to enforce the livestock laws, and to cooperate with the Forest Service.

Survey Begins on Clifton-Springerville Road.

Albuquerque, N. M., March.—O N. Powell, Highway Engineer in the Forest Service, left today for Clifton, Arizona, to superintend the beginning of survey work for the new Clifton-Springerville road, to be built in the near future by Greenlee County and the department of agriculture. A double party with Forest Ranger Robert Stephensen in charge, will go to work at once in order to hasten the completion of the survey.

L. R. Gibbons left last Sunday for Holbrook where he will assume the duties of superintending the general management of the Arizona C. M. I. stores in Navajo and Apache counties.
