He has a good trade worked up in St. Johns in shoe repairing and is willing to sell cheap to any one who wishes to get into this line of business.

There is quite a cry for every man to plant all that he can and President Wilson in his appeal to the people of America asks that everybody help, he also asks that the merchants be satisfied with a reasonable profit and quick sales, but seemingly some of our merchants do not know or do not care to help in the great cause for it is almost impossible for a poor man to pay the prices asked for seed corn etc.

This time the following are those who volunteered: Jos. The marriage is no surprise, for the many friends of the young couple have long suspected that the event would soon take place but as to the exact time they were kept in doubt.

In the death of Ambrosio Candelaria Apache County has lost one of her steadfast friends. The HERALD joins in offering condolence to those who are called to mourn.

We are told that Springerville is to have a big hotel and bank in the very near future and we are not surprised, for those who are looking into the future some, know that Springerville will one day be a city of importance and when men like Mr. Gustav Becker of the Becker Mercantile Company undertake to do something you may rest assured that it will be accomplished.

We understand that Mr. Becker is the man that is behind the Hotel-Bank proposition. It is to be built on the most modern plan and will contain 100 rooms. Mr. J. E. Kennedy of Coxhead Kennedy Company is there for the purpose of submitting plans and specifications and that the work will commence immediately there is no doubt.

We are informed, just as we go to press that Judge Standifird has reversed himself in the contest case of the Snowflake voting precinct and that Tom Campbell is now Governor of Arizona.

Road to Happiness.

Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. Take Chamberlain's Tablets and get rid of that and it will be easy. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

Chas. Greig has gone to Concho to start work on his contract for building the school building in the Concho School District. Tom Hannen and Jack Robertson went over to help in the stone cutting and construction work.
