**ONE CENT A DOSE**

Separating a Man from his Money, it can be done all right—ask Doc.

But separating a man from his money for poor Building Material is a different proposition.

When you see some of the stuff that masquerades under the guise of Lumber and Building Material we really wonder how some people can be separated from their money so easily.

It's all very well to think of your dollars when buying Lumber and Building Material, but it is also mighty good judgement to consider the quality in relation to the price.

When we sell you Lumber and Building Material we first look to Quality—then to price—and finally to the best and quickest way of giving both.
