LIQUID GOLD--OKLAHOMA OIL OPPORTUNITY

Oil is the greatest money maker and Oklahoma is the greatest field in the United States in the value of her oil productions, totaling over \$1,000,000 income weekly. Glenn Pool and other Oklahoma fields made millionaires rapidly when oil was selling at thirty-five cents per barrel. Now the price is more than double. Fortune are accumulated almost between the rising and setting the sun in the great Mid-Continent field of Oklahoma.

When one considers that the state produces more than \$1,000,000 a week, that wells can be drilled in from six to twenty days, and often these wells pay for themselves within a week after drilling, that the owner of a single forty or eighty acres of land frequently has an income of \$300.00 to \$500.00 a day and that stock bought in a Company at \$1.00 or \$10.00 a share is many times worth \$100.00 to \$300.00 a share within a year, one's brain reels at the thought. And yet this is the history of many individuals in the state of Oklahoma that reads like some fairy tale. The gold fields of California in the palmiest days are left far in the rear; the great gold awaking in Alaska is forgotten; the diamond fields of Kimberley in South Africa pale into insignificance. Nothing in the history of civilized mankind has aided man in accumulating fortunes so rapidly as the oil and gas interests of the great Mid-Continent field in the State of Oklahoma.

Here even children of the white, Indian and negro races who have have a small piece of land left to them through inheritance have frequently an income of \$100.00 to \$300.00 per day from royalties, while the Oil Company that is developing their land is frequently making 100 per cent a month. Language fails to express the reality and even eye witnesses can hardly believe the marvelous facts of production of oil.

A number of strong companies have been organized and are operating. Among these is the Great Western Petroleum Company of Tulsa, Oklahoma, incorporated under the laws of Oklahoma at \$1,000,000 with a strong directorate of business men, three of whom are experienced and practical oil men, which is now offering 100,000 shares of their stock at the par value of \$1.00, stock to be sold in blocks of five shares and upward.

Those who desire to know something more of the great oil interests are invited to address E. J. Waugh, the Stock Sales Manager of the Great Western Petroleum Company, Tulsa, Oklahoma, and make inquiries or get the published literature of this Company giving its holdings and other facts and figures as to the real condition of the oil interests in the State of Oklahoma.

Forest Notes

Angora goats have been used with profit to keep fire lines clear of inflammable vegetation on national forests in California.

Last year the fire loss on the Canadian timber reserves was the smallest ever known, only one-fiftieth of one per cent of the area being burned over.

Zentara Kawase, professor of forestry at the imperial university of Tokio, Japan, has been making a tour of the national forests of this country to learn the government's methods of selling timber and of reforestation.

More than 858,000 young trees are being set out this spring on national forests in Utah and southern Idaho, and the season is reported as particularly favorable to their successful growth.

Wanted!

From ten thousand to twenty-five thousand head of sheep to be moved out of the country. Quote your best price, and give number, sex, grade, and shearing average, also where sheep can be seen and time of delivery. Pries must be right. Address all communications to W. H. CLARK, Holbrook, Arizona. m9-4t

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Wood of Clifton Mills, Ky.

"It certainly has no equal for a gripe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.
