This is a medicine that every
family should be provided with.
Colic and diarrhoea often come
on suddenly and it is of the
greatest importance that they be
treated promptly. Consider the
suffering that must be endured
until a physician arrives or me-
dicine can be obtained. Cham-
berlain's Colic, Cholera and
Diarrhoea Remedy has a reputa-
tion second to none for the quick
relief which it affords. Obtain-
able everywhere.

Reconstruction, of course! When the great
war is over, shattered Europe must be rebuilt.
Mediaeval architecture, crumbled by cannon,
will be replaced by well-lighted, well-venti-
lated, convenient and sanitary buildings of the
present day. In this tremendous rebuilding,

Certain-teed Roofing

will play a leading role; for CERTAIN-TEED is the
twentieth century answer to the demand for roofing
that is economical to buy, easy to lay and inexpensive
to maintain.

CERTAIN-TEED Roofing is made in rolls; also in
slate-surfaced shingles. There is a type of CERTAIN-
TEED for every kind of building, with flat or pitched
roof, from the largest sky-scraper down to the smallest
residence or out-building.

It makes a clean, sanitary, attractive roof, with a very
low cost per year of life. It is guaranteed for 5, 10 or
15 years, according to ply (1, 2 or 3). Experience proves
that it outlasts the period of guarantee.

If you are interested in roofs, investigate CERTAIN-TEED
before you decide upon the type to buy. You will find CER-
TAIN-TEED for sale by responsible dealers all over the world.

The long life of CERTAIN-TEED is due to the
quality of the roofing felt and the character of the
asphalt saturation. This is a blend of soft asphalt
prepared by the General's board of expert chemists.
The highest quality roofing felt is thoroughly satu-
rated with this soft blend, and is then coated with
a blend of harder asphalt, which prevents the dry-
ing-out process so destructive to ordinary roofing.
