**CITY AND COUNTY OFFICIAL PAPER**

Some party organs which pose as newspapers, have already begun to try to drag the tariff issue into the campaign. Everybody knows that there is not the tariff laws with the United States senate made up as it is now. It is also well understood that it will take at least four years to change the complexion of the senate in a way to permit of tariff legislation unless silver shall first be restored to coinage. Why thus presume on ignorance which does not exist.—Republican.

MULHALL estimate that the total production of gold and silver since 1492 has been \$1,461,600,000, of this enormous amount \$139,000,000 have gone to India and China, never to return; \$552,000,000 have been consumed in the manufacture and arts, and only \$193,000,000 have been minted or used as currency.

THE editor of a prominent prohibition journal says: "We accepted a few pages of free gold standard sophistry from the sound currency committee of New York and ran it in our paper but—we put across the top of the page in big black type: 'This matter is furnished free by Wall street for the purpose of misleading and ensnaring the American people.'"
