ANOTHER DISTURBANCE.

Las Palomas Attacked by Bandits—Two Killed.

A report was yesterday received by the PROSPECTOR that another Mexican insurrection had occurred and raid made upon a Mexican custom house in Sonora. It was believed to be an idle report, but today the following dispatch sent out from Silver City appears to confirm the report. It says:

Official advices received by the Mexican consul at Deming, from Mexican custom house officers at Las Palomas, give the particulars of the raid upon the custom house there Monday by a band of armed men, numbering about fifty in all. The bandits were resisted by the custom house officers and guards. The battle lasted seven hours. Two of the bandits were killed, two of the Mexican custom house employees were mortally wounded and several slightly wounded. The bandits were finally driven off and retreated across the line into New Mexico and last night encamped in the Florida mountains, about ninety strong. Governor Ahumada of Chihuahua has troops en route to Las Palomas. The white men in the gang are supposed to be the leaders of the border bandits recently chased by the United States Marshal and his troops. Robbery is supposed to be the motive, although it is claimed that it is the result of the border agitation by the supporters of Santa Teresa. The custom house force numbered twenty-five men.

Mrs. E. E. Davis, of San Miguel, Cal., says: "I am trying in a measure to repay the manufacturers of Chamberlain's Cough Remedy for the great good their remedy has done me. For years I was a constant sufferer from weak lungs and bronchial asthma. My rest at night was disturbed by a hacking cough so that I felt miserable the greater part of the time. Many remedies recommended by friends were tried, none of which proved suitable to my case. I did not experience any beneficial results until I began taking Chamberlain's Cough Remedy. After two bottles of the larger size had been used I am pleased to state my health is better than it has been for years. The soreness has left my lungs and chest and I can breathe easily. It has done me so much good that I want all who are suffering from lung troubles, as I was, to give it a trial." For sale by druggists.

Your Money Back.
If you don't like Schilling's Best tea. "Who wants money back? I want more Schilling's Best."

Joe Davis, of Dos Cabezas, has accepted from a Chicago party a contract to run a tunnel 150 feet in the mine belonging to F. P. White and Joe Billings. The work is already well under way.—News.

James Reilly has taken upon himself to collect all the city taxes due and delinquent to the city government. The total amount is a considerable one and he has already served notice on each delinquent that he will take legal measures if taxes are not paid.

Mrs. S. A. Kell, of Pomona, Cal., had the bad luck to sprain her ankle. "I tried several liniments," she says, "but was not cured until I used Chamberlain's Pain Balm. That remedy cured me and I take pleasure in recommending it and advising to its efficacy." This medicine is also of great value for rheumatism, lame back, pains in the chest, pleurisy and all deep-seated and muscular pains. For sale by Druggists.

The PROSPECTOR will in a few days publish the list of contributing members to the Tombstone Bimetallic League. Everyone should donate his mite "however small" to aid the good cause, and have his name on the roll of honor.

Joe, Manson a miner of Silver City who has been at Minas Prietas, arrived from the latter place today. He says that quite a number of Americans are idle at the camp but that the mines thereabouts are working full blast. Fully 1,500 miners, mostly Mexicans, are employed in these mines.

Should the alleged weather prognostications of the Pima Indians prove correct, and everybody knows they are the children of nature and ought to be well acquainted with nature's moods, Southern Arizona will enjoy a period of abundant rains lasting for twenty-eight years.

The N. M. & A. will run their usual excursion to Magdalena this year, and those who would like to see the great fleets in honor of San Francisco Javier and enjoy a pleasant trip, should avail themselves of the low passenger rate. The fare from Fairbank and return is \$7.90, and tickets are good from Sept. 28th to Oct. 8th, inclusive. Several Tombstoners are contemplating the trip.

FROM FEARCE

Newsy Bits on Numerous Subjects.

Albert Amacher was hurt yesterday in the upper shaft by falling from the 50-foot to the hundred foot level, hitting several planks in his descent. His head was terribly bruised, but he was able to be about in two or three hours.

The family of Geo. Braven arrived Sunday from Tombstone.

Mr. John Zeigler has been quite sick for several days.

The lumber for the school house is very slow in coming, not having arrived yet.

Building is quiet at present only three houses being in course of construction.

Mr. Thomas Fulghum is paying our burg a visit.

Mr. Penrose, one of the owners of the Pearce mine, was here and spent a few days last week.

Mr. J. V. Vickers and daughter Miss Clara, were out Sunday.

Several different parties are cutting hay around town at present.

Mrs. J. Barrett is moving into the house formerly occupied by Mr. Geo. Platt.

Last Monday night a Bryan Silver Club was organized in Pearce; about thirty members signed the roll and \$90 was subscribed at once. The next meeting will be Thursday evening when many more names will be added to the roll. Mr. Twomey is president and Mr. A. Y. Smith is secretary.

Miss Josephine Fountain returned from Tombstone where she has been visiting for the past week.

The Discoverer Saved his Life.
Mr. G. Callouette, Druggist, Beaver ville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial the Tombstone Drug Store.

Artful!
The freshness of those tea advertisements is delicious. Schilling & Co. want to sell tea, and the way they go about it is to tell us that water is the most wholesome beverage.

So it is; but then, they add, you must tickle the palate a little or everything goes wrong. And then they bring you around to where they want you by saying that fine tea is a good tickler and that Schilling's Best, etc., etc.

Artful! but there's sense in it, too, it seems to us.

The county convention of Yavapai adopted the following good recommendations.

Resolved, That in counties of the first class the office of superintendent of public instruction and probate judge should be separated, and that no person should be eligible to the office of superintendent, unless he or she holds or is entitled by law to hold a first grade teacher's certificate.

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Follock, of Bricefield, Cal. "I was taken with it and suffered severely until some one called my attention to Chamberlain's Colic, Cholera and Diarrhoea Remedy. I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best." For sale by Druggists.

Temperance.
If your husband is well-fed and well-dined at home, he will stay there. Give him Schilling's Best tea for supper.

FOR OVER FIFTY YEARS.

An old, well-tried remedy. Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggist in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

NARROW ESCAPES.

Two People Who Were Born Under Lucky Stars.

The Graham Guardian tells of an 8-year-old boy, with a large pocket knife, who fell on the knife, the four-inch blade entering the boy's body just below the breast bone, and ranged downward, cutting loose the second rib. The lad jumped up, pulled the knife out and was resting nicely at last accounts under medical treatment. Had the blade gone in straight, the boy would have been killed.

Same paper tells of a man who stood near a trashing machine, with his suspenders down, a bolt running through a knuckle on the tumbling rod caught the suspenders and in an instant the man was whirling around the rod until his clothes were torn off and he was thrown from the rod perfectly naked, but not seriously hurt. Had not the rod come uncoupled, he would have been killed.

An alarm of fire last night brought out nearly everyone in town who made a wild rush for the scene of the supposed conflagration. The fire originated in a house near the residence of ex-Sheriff Slaughter, which was occupied by some Mexicans, but before the arrival of the hose cart the fire was extinguished. The alarm served to show that there are more people in Tombstone than one would suppose.

Last August while working in the harvest field I became overtaxed, was suddenly attacked with cramps and was nearly dead. Mr. Cummings, the druggist, gave me a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy which completely relieved me. I now keep a bottle of the remedy handy. A. M. BUNNELL, Centerville, Wash. For sale by Druggists.

Interest in the Tombstone Bimetallic League is still manifested to a commendable extent by residents of Tombstone. New members and contributions are continually added and the organization is doing good work. Considerable money has been forwarded to bimetallic headquarters and plenty of reading matter is provided at their rooms for the benefit of members and the public. Regular meetings are held every Wednesday evening and are well attended.

Mrs. White and Mrs. Sydow are busy every day in training the children for the entertainment which is to be given one week from tomorrow night. The little folks are progressing well and if the practice is kept up the program when presented will be well worth listening to, so in order not to miss this feast of songs and other good things it might be well to lay by a quarter just to be prepared, you know. Everybody is going, and of course you won't want to stay at home all alone.
