CITY AND COUNTY OFFICIAL PAPER

For President and Silver:
W. J. BRYAN, of Nebraska.
For Vice-President:
ARTHUR SEWALL, Maine.

UNDER WHICH FLAG?
"We are unalterably opposed to the single gold standard. We demand that the world, which we shall be a full legal tender, equally with gold, for all debts, public or private, and we favor such legislation as will prevent the monetization of any kind of legal tender money by private contract. — Democratic platform, Chicago.

An enterprising tire firm in New York is distributing little packages of chewing gum with instructions how to use the gum for the temporary repair of a punctured tire.

The New York World has discontinued its department of "letters from the people," on the political issues of the day. The letters showed such a preponderance of sentiment among the working people of New York in favor of Bryan that the World thought it was time for the silver craze to be "dying out" again.

A gentleman who has been filled to a greater or less degree with political aspirations has privately announced his withdrawal from a contest for an office for which he intended to stand. His reason is a unique one, but the force of it will be understood by many another man who has taken second money in a political race. Said he "I have canvassed the matter pretty thoroughly and have been promised the hearty support of too many voters. I've noticed that a very large majority of men who tell a candidate they are going to vote for him are liars; I've had enough promises to defeat me so I'm going to stay out of the fight and save my time and my money."—Star.

Your Worst Enemy Withing
With the rheumatism is one individual whom, if you have a Christian spirit, you would forgive. He is, no matter what his delinquencies, punishment enough. Nothing short of Tophet could enhance his misery. Moreover, he is in serious peril. The disease is always prone to attack his heart and kill him instantly. As a means of curing this disease, Fletcher's Stomach Bitters has the highest reputation and the most authoritative professional sanction. Its use in the preliminary stage of the complaint is the wisest precautionary measure rheumatic invalids can possibly adopt. The Bitters is also a remedy of the greatest utility in malarial and kidney trouble, dyspepsia and liver complaint, constipation and nervousness. It counteracts the effects of hardship and exposure in damp or inclement weather, and is a capital promoter of appetite and sleep. Give this fine remedy the persistent trial to which all medicines of standard reputation are entitled.

The National Matte Smelter.

A practical and simple method of matting sulphide ores, such as nickel, copper, gold and silver ores. In localities where lead ores and fuels are scarce and almost unobtainable, our pyritic, water jacket Matte Smelter has been recognized with highly satisfactory results, and has been thoroughly tested on various pyritic, sulphide and arsenide ores, in capacity of a to 40 tons per day. It is the most practical, cheapest and simplest method of gold and silver ore matting and concentrating that is known today.

It requires no extraordinary skill, no lead ores, no fluxing material, and no fuel of any kind for the smelter after it is started. The sulphur in the ore is its natural fuel only, and its cost has no comparison with any other process of concentrating.

We are prepared to furnish any size or capacity plant complete to substantial mining people, set it up and furnish our men to run it for them on easy payment. Price and specifications furnished with references and testimonials on application.
