CITY AND COUNTY OFFICIAL PAPER

The Bulletin says: "Hon Burt Dun-
 lap is mentioned for governor. It is
 said that Burt got mighty close to
 McKinley and Mark Hanna during
 his visit east last summer."

A man who was being examined for
 a place on the New York police force
 gave the names of five New England
 states as follows: "England, Ireland,
 Scotland, Wales and Cork!"

In an Indiana village two boys were
 born during the week preceding the
 election, one of them to a republican
 and the other to a democratic family.
 The republican infant was promptly
 named Abraham Lincoln Ulysses
 Grant William McKinley, and the
 young democrat was named Thomas
 Jefferson James Monroe William
 Jennings Bryan, and now it would
 seem to be in order for the village
 to extend the corporate limits before
 the boys get old enough to swing their
 names around.

"The fact that Arizona and New
 Mexico went strong for free silver
 means that neither territory will have
 a chance for admission to the Union
 very soon. They will have to wait
 until they are in favor of a dollar worth
 100 cents before their claims can be
 considered by any congress which has
 a majority of the supporters of sound
 money. Congress made a mistake in
 admitting Idaho, Montana and other
 small states now in the hands of the
 silverites. It will not be repeated."
 Ohio State Journal.

The above is a sample echo from
 McKinsleydom.

Marvelous Results.
 From a letter written by Rev. J.
 Gundersen, of Dimondale, Mich., we
 are permitted to make this extract:
 "I have no hesitation in recommending
 Dr. King's New Discovery, as the
 results were almost marvelous in the
 case of my wife. While I was pastor
 of the Baptist Church at Rivers Junc-
 tion she was brought down with
 Pneumonia succeeding La Grippe.
 Terrible paroxysms of coughing would
 last hours with little interruption and
 it seemed as if she could not survive
 them. A friend recommended Dr.
 King's New Discovery; it was quick in
 its work and highly satisfactory in re-
 sults." Trial bottles free at Tombstone
 and any Drug Store. Regular size

SUNSET LIMITED.

The Sunset Limited train which
 passes Benson twice a week going east or
 west is by far the finest and most mag-
 nificent transcontinental passenger
 train in existence. It is incomparable,
 unequalled and unequalled. No ex-
 pense has been spared to make it per-
 fect in every respect, and all that
 human skill or science could invent
 and apply to make it absolutely fault-
 less has been applied. Luxury and
 beauty have been combined with
 strength and safety, and, moreover,
 it opens the continent, annihilating
 time and space in its marvelous flight.
 All who have had the pleasure of a
 trip on this train unhesitatingly pro-
 nounce it the very finest in the land.
 A ticket on this route no more than
 on the regular route.

 formation, address:

The National Matte Smelter.

A practical and simple method of matting
 sulphide ores, such as nickel, copper, gold and
 silver ores. In localities where lead ores and
 zinc ores are scarce and almost unobtainable, our
 pyritic, water jacket Matte Smelter has been re-
 cognized with highly satisfactory results, and
 has been thoroughly tested on various pyritic,
 sulphide and arsenic ores, in capacity of 2 to
 30 tons per day. It is the most practical,
 cheapest and simplest method of gold and silver
 ore matting and concentrating that is known
 today.
 It requires no extraordinary skill, no lead ores,
 no fluxing material, and no fuel of any kind for
 the smelter after it is started. The sulphur in
 the ore is its natural fuel only, and its cost has
 no comparison with any other process of con-
 centrating.
 We are prepared to furnish any size or capaci-
 ty plant complete to substantial mining people,
 set it up and furnish our men to run it for them
 on easy payments. Price and specifications
 furnished with references and testimonials on
 application.
