LOCAL NOTES.

Silver is quoted at 65½

There were eight passengers arrived on the coach today, five of them were drummers.

The wife of E. B. Gage, superintendent of the Congress Gold Mining company, who had been on a visit to California, has returned to Prescott.

A $10,000 monument which lately arrived from Europe has just been erected over the grave of the late Francisco Seldner at Guaymas.

E. W. Perkins has gone to California where he goes to assume charge of a mill in the golden state. Mr. Perkins is an experienced mill man and thoroughly understands his business.

The Santa Fe has made a rate of $45.65 for the round trip from Denver to Phenix for the irrigation congress. Sale of tickets will commence on December 10 and they will be good until December 31. Delegates will be allowed an extension to January 30.

Mr. A. T. Shuster in doing the assessment work on the Victoria mine near the Emerald, is believed to have uncovered the Emerald ledge which appears to have been lost in the Silver Plume, an extention of the Emerald. Should this prove to be the rich ledge it will be a most important discovery.

A change in the mail service goes into effect tomorrow over the N. M. & A. The change will vary but a little with the present time of arrival and departures of the Stage Co.'s coaches. The first mail goes forward tomorrow (Sunday) and it is believed Sunday trains will in future continue to run as mixed trains.

40 YEARS THE STANDARD

IN IDLENESS.

How the Yuma Prisoners Serve Their Time.

In the discussion regarging the advisability in putting the Yuma prisoners to work or not and the legality of the territorial contract of allowing the prisoners to work for the Irrigation Company at Yuma for 70 cents per day each payable in water rights when completed which was decided by Judge Baker recently, at least has revealed a condition of affairs at Yuma that is not generally known, the Yuma Sentinel says:—

"There are more than 200 inmates at the present time, the majority of whom can be seen lounging about beneath the porches and in the shade of the wall. Many are reading the latest newspapers, books, magazines and periodicals others chatting and telling stories while others are devoting their time knitting lace, which they are allowed to sell to visitors for their own benefit. While white men and all are allowed to make knick knacks for sale and the proceeds are for their own use. In fact it is more of a pleasure resort than a prison and it is a shame to admit that but few of the laboring men of Arizona have much less pleasure than is allowed these convicts."

Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of constipation and sick headache. For malaria and liver troubles, they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to the stomach and bowels greatly invigorate the system. Regular size 25c. per box. Sold by Tombstone and Bisbee druggists.

A RARE CHANCE.

Who Will Take Advantage of This Opportunity.

A young man is in receipt of a paper published in the east bearing the title of "Match Making." The publication contains several portraits and a host of personals from the different states. The following is from a Tombstone applicant: "A woman of 38, goodlooking, refined and perfect lady in every way; weight 130; height 5-2; brown hair and eyes; lovely form; wishes to marry. I am worth $5,000 in cash." What is the use of our boys going away for their wives when there is so much surplus sweetness at home, ready and anxious.

FOR OVER FIFTY YEARS.

An old, well-tried remedy. Mrs Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggist in every part of the world. Twenty-five cents a bottles Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Mr. C. A. Waffle, brother of Mrs. C. B. Tarbell, is a visitor from the pineclad hills of Michigan, being a prominent citizen of Maverick City in that state. Mr. Waffle is in bad health, being a sufferer from anaemia. He will remain here for a sufficient length of time to test the benefit to be received from our climate, the change of water, scenery, etc.

A Mexican lady 55 years of age was brought before Probate Judge Bradley yesterday and examined as to her sanity. She had served a term in the Stockton and also in the Phenix asylums, from both of which institutions she had been discharged. She was adjudged insane and taken to Phenix last evening.

Ninety-five car loads of freight arrived this morning over the Santa Fe and the question is what to do with all the accumulated freight. The Mexican Central will have to rustle up more engines. The blocaded cars in the two yards, if all in one train would string out for about seven miles. Most of the freight consists of corn for drouth regions of Mexico.—El Paso Herald.

ED PROSPECTOR:—I beg to advise that our west bound train now passes Benson at 11:35 p. m. instead of 12:15 a. m. The east-bound limited passes Benson Mondays and Thursdays at 8:21 a. m., and the west-bound Wednesdays and Saturdays at 4:05 a. m.

MUSICAL RECITAL.

Given at the School House Last Night

The musical recital last night at the school house was well attended. Prof. O. H. Charlton proved himself a talented musician and was the recipient of many encomiums. His piano rendition of the Hurricane at Sea and Gottschalk's fameus Mocking Bird was played with splendid effect and faultless rhythm, while Russel's Maniac and several other selections was a treat to the appreciative audience,

Prof. Charlton announced that he intended to form a musical class of our young folks. He goes first to Benson where he already has a large class who have volunteered to assist in a dramatic and musical entertainment for the benefit of the public school there. He expects to return and then will form a class here.

The Tyranny of the Desk.

We will suppose that your occupation is sedentary—that your are chained, so to speak to the desk in some counting house or perhaps to the loom in some vast mill where you are compelled to labor from morning to night. Sunday is your only day of relaxation. You return home every evening wearied mentally and bodily. Your health and strength begin to fail. What will most effectually recuperate your vital energy The weight of evidence points to no other conclusion than that Hostetter's Stomach Bitters is your safest, most reliable sheet anchor. Use it persistently, and your system will soon regain its pristine vigor. Every function will receive a healthful impulse. There is no remedy to equal the Bitters for nevousness and want of sleep, dyspepsia, constipation and billiousness. It averts and remedies all forms of malarial disease, and is a preventive of rheumatism and neuralgia.

NICE COOL PLACE.

Arizona's Underground Ice Palaces Near Flagstaff.

Arizona's ice caves are a rare contribution to Nature's wonderland. A writer briefly describes them as follows:

"These curiosities are situated about ten miles south of the town of Flagstaff. The entrance is from the level plain, and is down through an opening apparently made by the caving-in of the crust which formerly covered the subteranean caverns. Admittance to the caves is gained by crawling under and over huge boulders, the opening being low, narrow, rough and precipitous. None but small men and new women may enter, for one must crawl backward through a passage just large enough to squeeze one's body through, and then drop some six feet in darkness and faith to the floor of the first chamber.

Here the air is decidedly cooler, and a little ice is seen in the cracks of the irregular walls. We continue our descent down a steep declivity and over huge masses of rock to room No. 2, where a resident of the vicinity is discovered filling his pail with pure ice for use at home. Here is considerable ice on the floor and in the crevices, but not in solid masses.

"The passage to the third and lowest chamber is even more perilous and difficult than any yet encountered. The exit from the room inclines outward and immediately over a perpendicular drop of five or six feet, and considerable ingenuity and agility are required both in descending and ascending to avoid getting stuck in the jagged opening. But one is well repaid for his efforts and risk, for the room below is a veritable ice palace, although not more than eight by twelve feet. The floor is of solid ice, and the walls are wainscoted with sheets of pure ice that sparkle in the candle light like diamonds and crystal. There are passages leading on and down from this chamber lined with solid ice, but no one knows how far they go or what they lead to, for they are not large enough even to crawl through."

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Pollock, of Briceland, Cal. "I was taken with it and suffered severely until some one called my attention to Chamberlain's Colic, Cholera and Diarrhoea Remedy. I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best." For sale by Druggists.

FORTUNES BELOW THEM.

But the Early Miners at Jerome Had No Capital.

A. W. Whittaker and W. W. Nichols of Jerome are in the city. Mr. Whittaker came to Jerome in 1880 and was among the first settlers in the camp. One of the first act of the few inhabitants was to establish a political precinct and that fall they voted like little men, though there wasn't much numerical strength to the poll.

Naturally Jerome has had a wonderful growth. Angus McPherson and M. A. Ruffner were the first prospectors to discover valuable ore there. This was in 1879. They sold the Eureka claim to C. P. Head and Hugo Richards, who worked it awhile and then sold it to Charles Lennig, who in turn tranferred it to Leonard Jerome, after whom the town is named. Mr. Jerome held the Eureka two years, and during the next two years it laid idle.

W. A. Clark secured the mine in 1885 and having the necessary capital to uncover the riches that lay hidden it was a paying proposition from the start. Everyone knows what a bonanza Mr. Clark now has at Jerome.

Two Lives Saved.

Mrs. Phoebe Thomas of Junction City Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery cured her, and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discoverp and in two weeks was cured. He is naturally thankful. It is such results, of which there are samples that prove the wonderful efficacy of the medicine in coughs aad colds. Free trial bottles at Tombstone and Bisbee drug stores, Regular size 50c and $1.00

SOON RECAPTURED.

Two Patients Climb Two and a Half Stories to Escape.

The Republican says: "Tuesday night about the time it showered two female patients, Mrs. Shute and May Morrell, made their escape from the insane asylum by picking the locks of their doors and sliding down a veranda post, a distance of two and a half stories. They were discovered at once by a trusty who gave the alarm, and pursuit was immediately instituted. The officials could not trail them, but yesterday morning it was learned that they had come direct to this city and had prevailed on a party to convey them to Glendale, where they were captured about 9 o'clock in the morning and taken back to the asylum. Mrs. Shute, who is from Glendale, was adjudged insane about two months ago; May Morrell was sent there from Cochise recently, having become mentally unbalanced from the morpnine habit.

SHERIFF'S SALE.

PUBLIC NOTICE IS HEREBY GIVEN, that under and by virtue of a special execution issued out the District Court, of the First Judicial District, of the Territory of Arizona, in and for the County of Cochise, on the 21st day of November, 1896, on a judgment thereon rendered on the 20st day of November, 1896, in favor of Paul B. Warnekros, plaintiff, and against H. C. Hazlewood and Daniel Huddy, copartners under the firm name of "Hazlewood & Huddy," defendants, for the sum of two thousand and forty seven and 45-100 dollars, and one hundred and seventy-five 45-100 dollars costs of suit, and accruing costs, by which I am commanded to sell all those certain lots, pieces and parcels of real estate, situate in the town of Pearce, county and territory aforesaid, and described as follows, to-wit:

Two lots in said town of Pearce, known as the store and lumber yard of said Hazlewood & Huddy, on the east side of Willcox street and bounded on the north by the property of Henry Fitch.

I will sell at public sale to the highest and best bidder for cash, currency of the United States, on the

16TH DAY OF DECEMBER, 1896

at 2 o'clock p. m. of that day; all the right, title and interest which the said Hazlewood and Huddy had in and to the said above described real estate, on the 3rd day of October, 1896, the day the attachment in said case was levied thereon.

C. S. FLY,
Sheriff.
