WORST FORM ECZEMA

Claffed Best Medical Skill for Eight Months. Cured in Two Months by Cuticura Remedies.

This is to certify that a child of mine had Eczema in its worst form, and which baffled the best medical skill that could be employed here. The little sufferer was wrapped in agony for at least eight months. Six months of that time its suffering was simply unendurable. I began the use of the CUTICURA REMEDIES, in two months the awful disease had ceased its vengeance, and my darling boy had rest, and to all appearance the disease had yielded, but I continued the medicine for several months after no trace could be seen of it on any part of his body. The doctors here watched the disease with much interest, and could only say "Well done!" The case was known far and wide, and everybody was much surprised. But thanks to CUTICURA REMEDIES. Could there be anything on earth that would cause a father to rejoice if surely would be when the little innocent one could have such a remedy at hand. (See portrait herewith.) J. A. NICOLE, Bunker Hill, Ind.

A child was brought to me with chronic eczema that had defied splendid treatment from many good doctors. As a regular M. D., should have continued similar treatment, but thought it useless. So put it on CUTICURA. The child is well. C. L. GURNEY, M. D., Doon, Ia.

I CURE FITS!

When I say cure I do not mean merely to stop them for a time and then have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLEN SHOCKS a life-long study. I warrant my remedy to cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my infallible remedy. Give Express and Post Office. H. G. ROOT, M. C., 183 Pearl St., N. Y.

THE STRIKE

Spreading Eastward and May Become General.

Wholesale Killing—Starving in Mexico—La Grippe Spreading—Robbers Caught—Ready to fight.

— AID FOR TELEGRAPHERS. —

LOUISVILLE—The Louisville division of the Order of Railway Telegraphers to-night decided to send money to aid the Southern Pacific strikers. The amount to be given is not known.

— NEGRO COLONY. —

FRESNO—Tuesday in the office of the County Clerk were filed articles of incorporation under the heading of the "Colored Colonization of Fresno County." The capital is \$500,000.

— FRISCO NEWS. —

SAN FRANCISCO—There are no new developments in the telegraph operators' strike. General Manager Towne says that no operators have left their posts during the last 24 hours.

The trouble with the engineers has been amicably settled, each side making concessions.

A special to the Chronicle says that eastern roads are making the same demands that the S. P. Co. made of its operators and that a general strike is feared.

Harry Miller the stage robber has given up trying to get \$10,000 bail, and will go to jail.

\$400,000 SHORT.

NEW YORK—The investigation of young Field's accounts show him to be a defaulter in the sum of \$400,000.

— LA GRIPPE. —

PHILADELPHIA—The ravages of the grippa in this city have been most severe at the home for aged women at thirty-sixth and Chestnut streets. Out of 100 inmates, 30 are prostrated with the disease. Ten have died within the past five days and yesterday Eliza Macow, aged 81 years, white, was stricken with the malady and died afterwards.

— ARRESTED. —

ST. LOUIS—A morning paper says that four of the Glendale robbers have been run down and that warrants have been made out for their arrest. The assistant prosecuting attorney acknowledges that he has issued the warrants but declines to state what names were given him by the express company.

— REWARD. —

CHICAGO—Postmaster-General Wan amaker has offered a reward of \$500 for the capture of or for information leading to the capture of each of the men who took part in the robbery of the mail wagon in this city Wednesday night.

— WHOLESALE MURDER. —

NEW YORK—Michael Harvey, who had been at the Flatbush Asylum was discharged on Tuesday as cured, secured board at the house of Mrs. Duffy, of Brooklyn. While the boarders were at dinner today he went insane again, ran to his room, secured his revolver and returned to the dining room. He shot two lady boarders in the arms and killed John Conner. Mrs. Dickerson jumped out of a window and broke her leg. Harvey killed himself with the last shot.

ing room. He shot two lady boarders in the arms and killed John Conner. Mrs. Dickerson jumped out of a window and broke her leg. Harvey killed himself with the last shot.

— OUR NEIGHBORS. —

SAN ANTONIO—Reliable advices from Mexico indicate that half has not been told of the distress in the famine districts, Chihuahua, Durango and Coahuila, there are thousands at the point of starvation.

— WAR. —

SAN FRANCISCO—The cruiser San Francisco is at Mare Island navy yard ready to put to sea at short notice. Her storage capacity has been filled by an unusually large quantity of arms and ammunition, which gives ground for the belief that she will return to Valparaiso, and that a portion of her warlike cargo is destined for the cruiser Charleston. It is known that Captain Remy of the Charleston has received sealed orders at Honolulu, and it is believed that these direct him to proceed southward along the Mexican coast, presumably to Acapulco, where the Charleston could be joined by the San Francisco, and transfer of the arms and ammunition could be made from the latter cruiser. Naval officers believe that both vessels will then go to Chili.

— WILL NOT CONTEST. —

WASHINGTON—The published statement that the republican senators have virtually decided to contest the seats of Senators Hill Price and White attracted some attention among the senators. To-day careful investigation fails to disclose anything like an organized movement in that direction and in fact it appears that the Republican senators have as yet given the subject little thought.

— RUSSEL SAGE ALL RIGHT. —

NEW YORK—Millionaire Sage is back again at his Wall street rendezvous, as chipper as of old, and as powerful. The millionaire's nephew, and his heir, Russel Sage Jr., lies at an up-town hotel at death's door. Trained nurses are locked in his chambers and physicians of the city are at his bedside. He is in a wearing fever and delirious, and the cause of it all is the horrible attempt upon his uncle's life.

M. T. Williams is still at Oakland in a private hospital where he gets the best of care. He looks better than ever in his life. With the exception of a scar down the center of his forehead which is not unsightly, his face shows no sign of having been cut. His left arm is in a sling and he cannot use it although the doctor insists upon his remaining under his care for two months more when he believes that he will have its perfect use again. He will go east from Oakland and visit his parents before returning to Tombstone.

The Southern Pacific company, acting on the request of the cattlemen's convention held recently at Deming, has sent a circular letter to all agents, stating its willingness and anxiety to assist the cattlemen in relieving their ranges by making an unusually low rate on west bound shipments in train load lots. They will also furnish information in regard to pasturage in California, for those who desire it. Their agents can be interviewed and all the information possible will be gratuitously furnished. This is a commendable move on the part of the company and will doubtless result in large shipments of cattle throughout the spring.—Stockman.

Did you ever buy a horse and not have some misgivings as to his points till they were fully tested? Not so with Ayer's Sarsaparilla; you may be sure of it at the start. It never disappoints those who give it a fair and persistent trial.

Capt. Thomas Burns is in from the California district. He comes for supplies and men to work his newly acquired property there. Considerable work has already been done and an immense body of ore developed. The ore is similar to that at Turquoise. Harry Cook's mine near there is looking well. He ships to El Paso. He has a vast pile of second grade ore on the dump that runs 16 oz silver and 40 per cent lead. His finer class ore he ships and it returns him 60 oz silver, the lead paying all expenses.

Relief from Kidney Trouble.

S. J. CROHN, ROSSINI HOUSE, TORONTO, CANADA, writes:

"I have been troubled with a backache for some time past, and great difficulty in passing urine. Three weeks ago I applied an ALLCOCK'S POKOUS PLASTER, and have done so every day since. Almost immediately I had partial relief and now I am entirely free from pain—water passing freely and perfectly clear, without burning. I owe my great relief to ALLCOCK'S POKOUS PLASTERS, and heartily recommend them in any case of kidney trouble.
