

From Monday's Daily.

The legislature convenes next Monday at Phoenix.

Mrs. Jacob Miller and children are in Woodruff, Missouri.

Jacob Shearer is in from Ross' mill. He is making preparations to resume hauling lumber from the mill to Bisbee.

W. K. Meade returned today from Tucson where he has been on World's Fair business.

Adolph Cohn is in San Francisco. He will in all probability locate in Phoenix upon his return.

The public schools of this district will be closed on April 1st, according to plans already formulated. Lack of funds is said to be the cause.

A gold strike near Lancaster, California, is exciting the Southern California. Ore going a dollar a pound is said to exist in large bodies.

The marriage of Miss Musciet and Hugo Jones was solemnized at Nogales on Feb. 1. Both parties are well and favorably known in Tombstone.

Pine Ridge Indians are again troublesome. Three white men were killed by them on Saturday last. Indian police went after the outlaw, and in a fight several were killed.

BAIR, who ran the marriage bureau at Fresno, through which Abe Lyle of Bisbee, was swindled, has just been convicted in Los Angeles of using the mails for the carrying of swindling matter.

The safe containing \$7,000 which was washed away at the time of the Walnut Grove disaster near Prescott, has been found by a prospector, who demanded and received \$500 for taking the owners to the place of discovery.

C. S. Fly will go to Bisbee in the very near future to cater to the wants of those who wish to see themselves as others see them. He will go fully equipped to do all work in the line of photography as well as it could be done in his gallery here.

The Board of Supervisors resolved itself into an investigating board this afternoon, and will thoroughly inspect the books and papers of each county office. Each member of the Board is an expert, and the work will be thoroughly done and without the expense of employing a high priced man to do it.

For the first time in the history of New Mexico the gold product of the territory exceeded the silver output in 1892. The total value of precious metals during the year is estimated at \$1,850,000 of which 41 per cent was gold. The ruling price in silver and lead is responsible for the falling off in these metals.

The T. M. & M. Co., having no further use for the mills and furnaces at Charleston will sell the same as public sale. The property consists of two mills, one 20 stamp and one 15 stamp, one 25 ton water jacket smelter, water right, flume, dwelling house and other buildings. The entire property will be sold on March 21 1893.

There will be a political gathering of Populists at Washington February 22. Four organizations will assemble at that time—the Bimetallist Industrial Alliance, Reform Press Association and Industrial Legion. An effort will be made to amalgamate these branches of the People's party with a view to effective work in the way of securing desired legislation during Cleveland's administration.

A mining location was recorded this afternoon which is as old a piece of presumption as was ever penned in Cochise county. The locator is S. M. Woodbridge of California district, who locates and claims, "under the mining act of congress 200 feet along this lead lode or vein, and 300 feet on each side thereof." He then states that "this claim is valuable for its deposit of barite, phosphatic and nitrogenous materials."

Cha-paw, the Indian prisoner, who while attempting to escape, was shot by Deputy Sheriff Creswell, Jan. 18 is recovering, says the Belt. The wound was so serious—shattering the mouth and passing through one side of his neck—that his recovery was considered improbable, but his Indian comeliness pulled him through. As an illustration of his nerve it may be mentioned that some time after the physician had probed the wound, extracted the ball and numerous teeth and pieces of bone, Cha-paw deliberately going down a few more fragments with an old pewter spoon.

The Other Foot.

W. H. Barnes writes to C. S. Clark of this city, that the case on appeal in the supreme court, known as Bravin vs. the City of Tombstone, had been decided in favor of plaintiff on the ground that the act was unconstitutional which legislated the city officers out of office shortly after they were elected.

The complaint of plaintiff's attorney set forth that the act was unconstitutional for the reason that it was special legislation and contrary to the Harrison act. The special legislation alleged in the complaint was contained in the clause of the act, which says:

In all cities of Arizona territory, in which the total vote at the general election held on the 4th day of 1890, was less than 600, the only officers shall be, etc.

As there was but one city in the territory that was affected by the act or ever could be possibly affected by it, the court decided that the allegation was well taken and that the act was unconstitutional.

In case there is no mistake about the matter having been decided in favor of the plaintiff, the city will be called upon to pay back salaries to the amount of over \$3,000. It is understood that if the decision is as stated by Barnes to Mr. Clark, the city will appeal to the U. S. Supreme court. The city will first ask through its attorney, Col. Herring, for a re-hearing.

To Think Over.

The Santa Fe railroad people are indulging in some queer antics for people who do not intend to extend beyond the Congress mine the road now building from Ash Fork. They have purchased 200 acres of land north of the Southern Pacific track at Benson and have put in a crossing. Railroad people are not in the habit of doing such things for the fun of it. What is to hinder them from commencing work at the other end? They could ship all the material by water to Guaymas and haul it over their own road.—Florence Tribune.

The First Law of Nature.

This self preservation is acknowledged to be, and people who adopt against the encroachments of disease a genuine medicinal safeguard, accredited by the experience and sanction of physicians, afford a happy illustration of the wisdom of the saying, in the health they restore and continue to enjoy. Among maladies, against the growth of which Hostetter's Stomach Bitters affords efficient protection, diseases of the kidney and bladder are fraught with the utmost peril, and exhibit great obstinacy when opposed by ordinary means. The Bitters can and will subdue them. No testimony is stronger than this. Used at the outset and persistently, the best results may be expected. This medicine also eradicates liver complaint, constipation, dyspepsia, malaria, rheumatism and nervousness.

The foreman of the coinage department of the San Francisco branch mint in San Francisco, reports the coinage for January as follows: Double eagles, \$3,000,000; Standard dollars, \$100,000; total coinage for the month, \$3,100,000.

Mr. J. B. Rising, of Los Angeles, came in on the noon stage yesterday. Mr. Rising is a pleasant, affable gentleman, and a first-class druggist, having held important positions in California and the eastern states. He will have charge of Rockwell's Pharmacy, while the latter takes a business trip.

Allen R. English is in receipt of word from the court of private land claims to the effect that the settlement on the Bonillas land grant are given until the 12th in which to file answers. This will give many who failed to answer a last opportunity to plead, and thus prevent judgment by default against them.

The skating social given at the rink last night was an enjoyable affair. There was a large attendance and the party proved to be one of the most enjoyable events of the season.

Allen and Sachleben, the two bicyclists who are making a tour of the world on bicycles, passed through Benson this morning on their way to New York via New Orleans, which they expect to reach in less than three months.

If, when crossing a railroad track, you see a train approaching at thirty miles an hour—get out of the way as soon as possible. When threatened with chronic rheumatism or catarrh, take Ayer's Sarsaparilla persistently and patiently, and the danger of it soon passes away.

OFFICIAL REPORT

Of the Board of Supervisors of Cochise County.

February 4, 1893.

9:30 o'clock a. m.

Board of Supervisors met pursuant to adjournment.

Present—W. K. Perkins and Supervisors Hare and Nichols.

Minutes of previous meeting read and approved.

A communication from Geo. W. Cheyney, surrendering the room of superintendent of public schools to supervisors, and tendering thanks for past use of same, was received and ordered filed.

The bond of Nellie Walsh for feeding prisoners, with C. L. Cummings and D. A. Macneal as sureties, in the sum of \$1,000 was on motion accepted and ordered filed.

The Board on motion proceeded to county hospital to continue inventory.

Board returned with full inventory taken.

Board on motion took a recess until 2:30 p. m.

February 4, 1893.

2:30 o'clock p. m.

Board met pursuant to adjournment.

Full Board present.

The following resolution was offered by Supervisor Nichols:

Whereas, A suit has been brought in the district court of this county to declare the seat of a member of this Board vacant, and thereby jeopardizing the interests of the taxpayers of this county, and

Whereas, Said action, if successful will cause endless litigation to the county, entailing great expense,

Therefore, Be it resolved that Col. Wm. Herring and Francis J. Henry be retained by the county of Cochise as special counsel to assist the district attorney to defend the interests of said county in said suit. Supervisor Hare moved the adoption of the resolution. Roll call resulted: Yeas, Supervisors Nichols, Hare and Perkins.

The petitions for appointing janitor for court house were taken up. Roll being called resulted: Wardwell received the votes of Supervisors Nichols and Perkins. Supervisor Hare voting for J. P. Johnson.

D. K. Wardwell was declared elected.

Petitions from St. David district for appointing roadmaster were taken up. Merrill was placed in nomination by Supervisor Nichols. Supervisor Hare nominated E. Clifford. Roll called resulted: Clifford received the votes of Hare and Perkins, Nichols voting for Merrill.

On motion E. Clifford was declared elected roadmaster of St. David district, and clerk was instructed to notify him to file bond in the sum of \$1,000.

By unanimous consent the Board stood in recess until February 6th, 1893 at 9:30 a. m.

Approved

W. K. PERKINS,

Chairman.

Attest

NAT HAWKE,

Clerk.

February 6, 1893.

9:30 o'clock a. m.

Board met pursuant to adjournment.

Present W. K. Perkins, Chairman, and Supervisors Hare and Nichols.

Minutes of previous meeting read and approved.

Bill of county physician for caring for indigent sick from January 1st up to and including January 10th, 1893, or the sum of \$131.60 was by unanimous consent allowed and a warrant ordered drawn for that amount in his favor.

It was unanimously ordered that the Board proceed to make an official investigation of the county offices.

On motion Board took a recess until 2:30 p. m.

2:30 o'clock p. m.

Board of supervisors met pursuant to adjournment.

Full Board present.

The bond of Josiah Kierow, roadmaster of Tombstone district, was on motion accepted and ordered filed.

The bond of G. H. Platt was referred back for correction.

Board was occupied the rest of the day with official investigation.

Board on motion took a recess to 9:30 a. m., February 7, 1893.

Approved

W. K. PERKINS,

Chairman.

Attest

N. J. HAWKE,

Clerk.

From Tuesday's Daily.

Nothing filed for record today.

Measles are prevalent among children of Tempe.

Sheriff Scott White left this morning for Benson.

Mrs. P. B. Warner left today for a trip to California.

Mrs. Frank Hare and daughter are in Tucson visiting friends.

J. Gibbon of Benson is in the city, and registered at the Coelise.

Mr. H. Hest-p is in from his ranch in the West Huachuca.

Sam Bright is in from his ranch and is registered at the San Jose.

Geo. Daily is in the city taking orders from our citizens and merchant.

Miss Nellie Walsh left today on the outgoing stage for a brief visit to Phoenix.

Capt. M. C. Weller, of Ft. Huachuca, is in the city, and will remain several days.

Andy Garrett returned today from an extended trip through California and Nevada.

Gov. Murphy has started for home from Washington, and is expected back Thursday.

Wm. Duncan brought in some choice beef from his ranch in the Huachuca today.

John Montz left on the outgoing stage today for Yuma, where he goes in search of health.

J. B. Barnet, as an outgoing passenger on the coach today, bound for Phoenix and Globe.

A. Joerger is in from his Huachuca mountain brewery with a supply of an excellent beverage.

The Grace Eden combination is again on the road and is advertised to stop at California towns.

S. C. Bagg left this morning for Do Cabezas, and will return in two or three days.

Fifteen cavalry horses are advertised for sale at Ft. Huachuca, and will be sold on the 15th inst.

A patent was granted Geo. Wooster, of Ft. Apache, Ariz., for a bridge for musical instruments, last week.

Wm. Morris is furnishing wood to the works on a contract, and brought in the first load yesterday.

The K. of P. of Tombstone will celebrate the 25th anniversary of the organization by a banquet on the 19th inst.

Mr. M. Simmons, who has been a resident of Cochise county for the past 16 years, left today for California on a visit.

Wm. R. King, has returned from a visit to his relatives in Washingtonville, Ohio, after having spent a month most pleasantly.

Quite an epidemic of influenza has been going the rounds of this region of country, in some instances developing into pneumonia.

Jos. Lippert received a letter from Henry Zeuner today, who is at the Vulture mine, near Phoenix, stating that he is dangerously ill with pneumonia.

The Cocoono San says about twenty pilgrims to the San Juan gold fields have returned there and the lot not bring encouraging reports with them.

Luke Noriega left this morning on horse-back with O. C. Smith's horse for Tempe, where he will enter the employ of Smith & Powell in the Tempe hotel.

The personal property of the Temescal Tin Mining Company, consisting of horses, wagons, etc., was sold a sheriff's sale at San Bernardino last Wednesday.

It is said a match game of ball will be played between the Huachuca and Tombstone on Washington's Birthday in Tombstone at the ball grounds in the upper part of town.

A feast was held at the custom house last Sunday, at which bull fights, horse racing, etc. was the program. A large number of Bisbeeites were on hand and participated in the amusement.

BY WIRE.

WASHINGTON—The advocates of the repeal of the Sherman bullion purchase act in the House, today continued the circulation of the petition in favor of a cloture amendment to the rule for the consideration of the Andrew-Cate bill. All the Democrats from New York, except Cunningham, signed it. He wants more time to think over the matter. The number of signatures obtained thus far falls considerably short of a majority of the Democrats of the House, and apprehensions are felt that it will be impossible to obtain the desired majority. A number of signatures can be obtained if assurances will be given that some compromise measure will be substituted for the present law and give no other act for furnishing.

continued addition to the circulating medium in its place.

NEW YORK—Mrs. William C. Whitney, wife of the ex-secretary of the navy, died this morning at 3 o'clock.

GUTHRIE, O. T.—Ira N. Terrill, ex-speaker of the last house of the Oklahoma legislature, who murdered Gen. Embree at the land office door in this city because the latter testified against him in a land suit, was yesterday re-sentenced to the penitentiary for life.

STOCKTON, Cal.—President Flipper of the Stockton Trotting Association says there is no truth in the story from Sacramento that Stamboul's record of 1:07 1/2 made here was false, and that he trotted no better than 2:16. Shippen says that Campbell was not in the driver's stand until after Stamboul had passed the first quarter, and could not have caught the mile as the official time keeper did. He says the whole matter is to be investigated by the board of appeals for the Pacific coast, on the demand of the Stockton Association, and proofs supporting the record will be offered.

LANING—Governor Rich has signed the bill repealing the Miner election law.

LOS ANGELES—President Alford of the Santa Fe railroad system, arrived yesterday from Chicago. He is traveling in his private car, and is accompanied by his wife and two daughters, his brother, H. S. Manvel of Nebraska, Miss Slaughter, of Chicago, and Mr. and Mrs. Upham of St. Paul. General Manager Wade conducted the party to the Westminister, where they lunched. They returned immediately to the depot, where a special train left, carrying them to Colorado. Mr. Manvel insists that he is here more for pleasure than business, and says he expects to remain four or five weeks.

STOCKTON—Miss Grace Clark, young woman aged 23, died suddenly last night, just after having danced at a private party at the home of a neighbor. She had danced several times and said she felt ill, but yielded to the request of friends and danced again while suffering a pain in the head. A few minutes after taking her seat she fell forward unconscious, and an hour and a half later without saying a word.

WASHINGTON—Secretary Rush is informed that pleuro-pneumonia exists among cattle in Canada and has issued an order that all cattle imported from Canada shall be held in quarantine 90 days, and must be entered at the port of Buffalo, New York.

DENVER—Dr. Fletcher Graver, convicted of poisoning Mrs. Josephine Sarnaby, of Providence, R. I., sentenced to be hanged, but subsequently granted a new trial, was released from the penitentiary today.

WASHINGTON—The second interview between the Hawaiian annexation commissioners and the secretary of state held at the state department at 3 o'clock Saturday afternoon was even shorter than the conference in the morning and quite as unproductive in results. There was some informal talk over the annexation proposition and this was concluded by an agree-

ment that Secretary Foster should again meet the commissioners Tuesday morning for conference. The commissioners are saying very little on the subject of the ultimate accomplishment of their object, but intimate that they feel very much encouraged. No arrangement has been made for their reception by President Harrison, as the recognition of the new government by this country removes any hesitation the president might feel in giving the commissioners a formal audience.

LAKEWOOD—Mrs. Cleveland was the center of attraction at the pre-Lenten ball at the Lakewood hotel last night. She wore a handsome Louis XVI gown of old rose Bengaline. The ball room was filled with the social leaders from New York, Brooklyn and Philadelphia.

WASHINGTON—In the Senate Vest gave notice of an amendment providing silver dollars 412 1/2 grains in weight shall be minted in separate mints of the United States, as provided in the act of 1837, which coins, and all silver dollars heretofore coined of like weight and fineness shall be legal tender for all debts, public and private, except where otherwise stipulated in contract, and it authorizes and directs the secretary of the treasury to purchase from time to time silver bullion, not less than two nor more than four million ounces a month and cause it to be coined monthly, as fast as purchased.

SAN FRANCISCO—The Pacific Mail steamer San Juan left here late this afternoon to search for the City of Peking, now nearly two weeks overdue. The San Juan cleared at the custom house under a special permit, under which she can enter any port. She carried a number of expert machinists and a quantity of material for making repairs on the delayed steamer.

TELLURIDE, Col.—Jason B. Ward, better known as Jack Ward, and Jack Van Scoy were killed in a snowslide at the Emerald mine, in the Waterfall basin.

BURLINGTON, Kan.—The jury in the case of Frank Lewis, the Waverly bank robber and the man who murdered A. R. Ingelman, after being out twelve hours, late last night returned a verdict of guilty of murder in the first degree, and he was sentenced to be taken to the penitentiary for one year and then hanged.

PRESCOTT, Ariz.—Fire occurred this morning at 4 o'clock at Copper Basin, destroying the entire reduction works of the Commercial Mining company, consisting of a smelter and chlorination and bleaching works. It is difficult to ascertain the exact loss, as no representative of the company lives here who can give it, but it is not less than \$150,000, and some estimate it at \$200,000, as part of the machinery was very expensive. None of the local insurance agents had ever placed any insurance, and none was on the property unless placed from the New York office. The origin of the fire is unknown, but by some is supposed to be incendiary, while others think it the work of tramps. On account of the scarcity of water, the works had been closed for several weeks, and there had been no fire on the premises. While the organization is known as the Commercial Mining Company, the stock is all owned by Pielp, Judge & Co. of New York, also owners of the copper mines at Bisbee.
