The flying machine, which promised to perform so many wonders in war, doesn't seem to be so very fly after all.

Why waste any more time discussing whether Hawaii should be annexed or not? The Hawaiians have annexed the United States.

A cablegram from London says that "Spain is ready to sue for peace." When Spain does that she will have to give good security for costs.

The \$200,000,000 of bonds to be issued at once by the secretary of the treasury will bear the little sum of \$60,000,000 in interest before they can be paid. This is an expensive luxury.

Walter Sampson Schley Dewey Cullen is the name that was foisted upon an innocent babe christened in Los Angeles the other day. That child should surely be a "big gun" when he grows up.

A semi-official announcement made in Madrid that "Spain is now full of hope." There is reason to fear, however, that what Spain has mistaken for hope is merely the fermentation of prunes.

It seems to be as difficult to bring a torpedo boat and a battleship together as it is to pull off a prize fight. The lightweight should get a reputation pretty soon or go out of business.

The Pall Mall Gazette of London says: "America is ready for peace, but only on terms to which she is entitled. Spain is ready for peace, but she let us pretend that nothing has happened." Basis. Unless Spain sees the elusiveness of this there is no hope for peace. In the meantime no power is likely to invite a well deserved snub by babbling about uninvited intervention."

French bankers are said to hold over \$600,000,000 worth of Spanish bonds. This war with Spain was successfully held back until the government of the United States had been compelled to authorize the issue of \$400,000,000 bonds. Just imagine for a moment that the Spanish bonds had been held in New York instead of Paris. Now, does it surprise you that France is not so enthusiastic over American victories as she might be?—Albuquerque Democrat.

Clean blood means a clean skin. No beauty without it. Cassell's Candy Cathartic cleans your blood and keeps it clean, by stirring up the lazy liver and driving all impurities from the body. Begin to-day to launch pimples, boils, blotches, blackheads, and that sticky bilious complexion by taking Cassell's—beauty for ten cents. All druggists, satisfaction guaranteed. 10c. 50c. 50c.

When a business man gets to the point where he cannot sleep at night, where he is so shattered of nerve that it is torture to even remain in his bed, and he has to get up and pace the floor—it is time for that man to bring himself up with a round turn. If he does not, it means nervous prostration and mental, if not physical, death.

For a man who gets into this condition there is a remedy that will brace him up, put him on his feet and make a man of him again. It is Dr. Pierce's Golden Medical Discovery. It goes to the bottom of things. It searches out the first cause. When a man is in this condition you can put your finger on one of two spots and hit that first cause—the stomach or the liver or both. This great medicine acts directly on these spots. It promptly transforms a weak stomach into a healthy one. It facilitates the flow of digestive juices and makes digestion and assimilation perfect. It gives a man an appetite like a boy's. It invigorates the liver. It fills the blood with the life-giving elements of the food, and makes it pure, rich, red and plentiful. The blood is the life current, and when it is filled with the elements that build new and healthy tissues, it does not take long to make a man well and strong. It builds firm, muscular flesh tissues and strong and steady nerve fibers. It puts new life, vigor and vitality into every atom and organ of the body. It cures nervous exhaustion and prostration. Nothing "just as good" can be found at medicine stores.

I had suffered about eleven years with a pain in the back of my head and neck. writes Mr. Robert Hubbard, of Varner, Lincoln Co., Ark. "I suffered for eleven years and spent a great deal of money for doctors and medicine, but did not get relief. Then I tried four bottles of the 'Golden Medical Discovery' and improved greatly. I sent for five more and now am glad to tell everyone that I am in good health."

G. F. Kilmer was an outgoing passenger last evening bound for California. He contemplates a moving to the golden state and goes to hunt a location.

A slight misunderstanding regarding the relative merits and ownership of a horse led to a fistfight between two Bisbee residents today. No great damage was done and but for the timely appearance of a third party who cleared up the mystery the two disputants may have been fighting yet.

Several Bisbee arrivals from Morenci and Clifton state that quite a feeling among Mexicans has been aroused regarding the present war with Spain and for a time trouble was feared. It is now understood that the feeling has been somewhat allayed and no danger now exists, the authorities having taken prompt action to quell any disturbance if it should arise.

The funeral of H. G. Howe took place this afternoon under the auspices of the Masonic fraternity of which deceased was an honored member. Many floral offerings covered the casket and the long funeral cortege which followed the last mortal remains to its resting place was an attestation of the esteem and regard in which the pioneer was held by his fellowmen in Bisbee.

ARIZONA VOLCANO. OPENED FOR SETTLEMENT

There is one in the Northern Part of the Territory.

There is an actual volcano in the south end of the Wallapai mountains. Colonel Lattin and his mate, George De France, saw it come to a head. They were sitting at their cabin and sacking their gold dust, when a loud report was borne on the night breeze, and turning their eyes toward the tall peaks of the Wallapais, fire was seen to shoot several hundred feet into the air from a tall peak, and streaks of red fire trickled down the mountain side. The Colonel named the outbreak Dewey. The smoke and livid light can easily be seen from Kingman.—Our Mineral Wealth.

Fred Heyne is a Tombstone visitor from the ranch in the Chiricahuas.

Two weeks hence Judge Davis will hear arguments on a motion for a new trial in the case of the United States vs. The Copper Queen Copper Co., consolidated. The prosecution claims that the jury rendered a verdict at variance with the instructions. The opinion generally is that the United States can afford to play quits in this matter, which has cost the government \$20,000 or more.—Star.

The Phoenix Herald sends out the following note of warning:—Our Territorial contemporaries and other newspapers elsewhere will look out for a fellow calling himself E. D. Henderson, a light-complexioned, medium height, rather slender fellow with an unhealthy appearance. He is a first-class fraud. He works in the theatrical, special edition, fake advertising and printing lines.

OUR MARK.

A Few Extra's of Our Delegates Remarks.

In a recent speech on statehood and home rule for Arizona, in the house of representatives, Delegate Smith, of Arizona, among other things, said: "Twice have I passed a bill admitting Arizona to statehood through this house when the democrats had control. My predecessor, with all the industry of his nature, aided by every ingenuity his mind or imagination could summon, barely got a statehood bill out of committee in a republican house, and never got and never could get even a hope of its consideration in the house. He did as well as I have been enabled to do with the present house, or as any man could do with it. The truth is that the gold bug republican party is opposed to the admission of any other western state, and as long as it reigns Arizona will be left as it is, no matter who shall be sent here as delegate. You know this as well as I do."

The committee on territories by a strict party vote early in the present session denied us statehood. Every democrat present voted for statehood. Every republican present voted against statehood.

When there was no longer a chance for victory on this line I began to press my bill for home rule in Arizona, and it met exactly the same fate.

Mr. Chairman, we have begged, we have importuned, we have petitioned for this poor boon, but we have been put off unanswered, our importunities have been unheeded, and we, as our fathers of old with their petitions, "have been spurned with contempt from the foot of this throne."

Our people are for free silver, they are right. They cannot be ejected, bought, or bulldozed into change of principals. They are not of the knee bending habit, that lawless may bring thrift. We know you will not let us have two silver votes in the senate as long as our republicans are in power, but can you not, just out of the abundance of your sweet mercy, let us have a little taste of that "autonomy" you are talking of giving to Cuba?

Yesterday afternoon at the residence of the bride, Mr. Harry Hazelwood and Miss Maggie Holland were joined in the bonds of wedlock to sail on the matrimonial sea together. The happy couple are well known, the groom being an exemplary young man of Pearce and the bride an estimable young lady of Tombstone having resided here since childhood and respected and highly regarded for her worthy qualities and virtues. After the ceremony at which Rev. Roberts officiated, a tempting collation was served to the invited guests and at 4:30 p. m. the bridal couple took their departure for California on their honeymoon trip taking with them showers of congratulations and best wishes. An array of many beautiful and tasty wedding gifts were presented by friends. The PROSPECTOR wishes the wedded couple unalloyed happiness and prosperity.

Highwaymen on Wheels. A wheelman of West 4th street, New York, was attacked, robbed and left senseless by two highwaymen mounted on bicycles in Central Park. Repeated accounts of robberies by men mounted upon wheels have appeared in the papers in various parts of the country. Those deniers of the health, diseases of the kidneys and bladder, will likewise be caught, and pursue their atrocious career unchecked, unless they are arrested by the potent intervention of Hostetter's Stomach Bitters, the finest diuretic, as well as tonic, known to modern times. It is at the start that disease is the more easily overcome. The use of the Bitters is followed by the happiest results in dyspepsia, liver complaint and nervousness.

Clad in their new canvas uniforms, the American soldiers will sail into the enemy's country with all the magnificence of an Oriental street parade.

A. P. Smith is in receipt of a letter from Mr. M. Townsend, written from Marsh Lake, about 160 miles from the Alaskan coast, in which letter Mr. T. states that good gold quartz has been discovered in that neighborhood and claims are being staked off; also, that Indians had shot and killed two men in that neighborhood; that people coming out from Dawson reported that more rich placer ground had been discovered 18 miles from Dawson.—Prescott Courier.

The Los Angeles Review, a publication devoted to mining news, in its issue of June 11, published the seventh letter of G. W. Pittock on paying mines in Arizona. Mr. Pittock has written some fifty mining letters besides others to the Arizona Republican with which paper he was connected up to early May last. He is now a resident of Tucson.
