A Publisher's combine is the latest speculation. It is doubtful if the promoters have any trust beyond the grave.

The New York Sun remarks ambiguously that "no man is too old to be a bachelor." It is however, sometimes too late for him to be one.

Our neighbor, Mexico, is said to be seriously considering annexing the Central American States. This new North American expansion fever appears to be contagious.

Arizona is attracting the attention of capitalists in every section of the country. Not a day passes but inquiries are received requesting information in regard to our rich mineral resources, our splendid farming facilities and immense stock ranges.

The Lordsburg Liberal should not get so venomous over the reward of the Halderman Bros. or accuse the Cochise county officers of keeping it all. Thus far no reward money has been paid and when it is those entitled to their share of it will not be overlooked.

Copper shares still remain at a premium in the market over every other class of mining investment. The new uses to which the red metal is being put will keep its price well up for years to come. Arizona is sure to be the biggest producer of the metal of any state of the Union within two years.

We have heard of several shafts here becoming twisted and getting out of plumb, but the following story from the Denver Mining Reporter is a corker. "It is customary to suppose that the 'everlasting hills' are the most fixed and immovable objects in existence. In Leadville, however, there is one shaft about 700 feet deep where the bottom has moved eighteen feet out of line since the shaft was sunk several years ago."

ADVERTISED LETTERS.
The following is a list of letters remaining in the general delivery at the Tombstone post office for the month ending May 1, 1899:
Pedro Armenta C. Baicalupit
George Fisher George H. Fitts
Wm Hall Jose Sibbae
Balasie Valdivia Louis B. Wand
Mr. and Mrs Frank J. Wild
When calling for above letters, say advertised, giving date of advertisement.
LAULA G. CRABLE, P. M.

To Cure Consumption Forever,
Take Chamberlain's Cough Remedy.
It cures Cough, Whooping Cough, Sore Throat, Asthma, and all other lung troubles.

Biliousness, dyspepsia, loss of appetite, disturbed sleep, nervousness, headache, giddiness and drowsiness, wind and pain or fullness of the stomach after meals, cold chills and flushings of heat, shortness of breath—these are the blank check of physical bankruptcy. Take them to a physician and he will fill them up with the name of some more or less serious disease. Every time that you carry one of them to him you draw out some of your funds in the Bank of Health. Keep it up, and there will soon be no funds in the treasury.

The man who suffers from these disorders and neglects them will soon be in the relentless grasp of some fatal disease. If he is naturally narrow chested and shallow breasted, it will probably be consumption; if his father or mother died of paralysis or some nervous trouble, it will probably be nervous exhaustion or prostration; if there is a taint in the family blood, it will be blood or skin disease; if he lives in a new or low, swampy country, it will be malaria; if he lives a life of exposure, it may be rheumatism. There is just one safe course for a man to follow who finds himself out of sorts and suffering from the symptoms described. It is to resort to Dr. Pierce's Golden Medical Discovery. This medicine makes the appetite keen, corrects all disorders of the digestion, renders assimilation perfect, invigorates the liver, purifies and enriches the blood and builds firm, healthy flesh and nerve tissue. It cures almost all diseases that result from insufficient or improper nourishment of the brain and nerves. Bronchial, throat, and even lung affections, when not too far advanced, readily yield to it.

It took Dr. Pierce's Golden Medical Discovery for Eczema. J. W. Barnhart, of No. 26 De Witt Street, Buffalo, N. Y., and it completely cured me.

Don't Tobacco Spit and Smoke Your Life Away. To quit tobacco easily and forever, be magnetic, full of life, nerve and vigor, use the No-Tobacco, the wonder worker, that makes weak men strong. All druggists, 10c. Cure guaranteed. Booklet and sample free. Address: Sterling Remedy Co., Chicago or New York.

BIBBEE JOUINGS

BIBBEE, May 1, 1899
COPPERINGS

G. McLean, of Moroni is registered at the Norton.

Col. Herring of Tucson is in town on legal business.

General Supt. Ben Williams has returned from Nacozari.

V. R. Stiles is slowly convalescing from an attack of la grippe.

J. M. Sherrerd of High Bridge, N. Y., is registered at the Bessemer.

Walter L. Vail, one of Arizona's representative cattle men, is a visitor here.

Tod Eyccker, Nogales and Sam G. Mills and wife, Los Angeles are arrivals at the Norton.

G. H. Adams, representing the Union Mutual Life Insurance Co. of Portland, Maine, is in town.

Frank Griffith left on last Saturday for Solomon Springs, to attend to developing work on his copper prospects.

Dr. J. A. Sturges left on Saturday morning for Tucson where he intends to open on the 4th. a drug store in connection with his practice.

The funeral of Miss Emma Humphrey, daughter of Mr. and Mrs. Wm. Humphrey, whose sad death occurred last Saturday morning, will take place at 10 o'clock today.

W. R. Brown, traveling freight and passenger agent, Atchison Topeka & Santa Fe Railway System, with headquarters at El Paso, Texas, left on yesterday morning's train.

Dr. H. A. Sweet and Dr. Green, physicians at the company's hospital left on last Saturday morning for New York where Dr. Sweet goes for expert medical treatment.

Plans are about to be submitted by Architect Campbell to the Board of Trustees for a new school house. As soon as accepted material will be ordered and work commenced immediately.

B. H. Vincent, San Francisco; H. C. Jagger, Los Angeles; M. M. Curtis, Detroit, Mich; Geo. A. Treadwell, Phoenix; T. M. Irwin, Tucson; M. A. Rothchild, San Francisco are registered at the Hotel Bessemer.

Chas. Keiffel, a former Bisbeeite, commonly known here as "Shorty the Baker" is incarcerated in the Santiago, Cuba, bastille. He shot and killed a fellow packer named Bill Harrison in a quarrel over a game of cards.

Quite a pretty, quiet wedding took place on last Friday evening when Miss Daisy Robinson and Dr. Wunsch were united in marriage. The ceremony was performed at the home of the bride's sister, Mrs. Richard Roundle.

The score of the game on Sunday at Benson between the BiBee baseball nine and the Benson team was 11 to 10 in favor of the Bessemer. Quite a large crowd took advantage of the low rate to and from Benson on the train.

The shaft of the South Bisbee Copper Mining Co. is sunk 620 feet, or 20 feet lower than the depth which the pocket was broken through and let the indications for a another strike very good. No drifting will be done however until the 700 level is reached.

BIBBEE, May 2, 1899
COPPERINGS

S. J. Miller and wife returned yesterday from Denver.

Mrs. Ben Sneed and Mrs. Greene are in town for a few days.

M. D. Scribner of Tombstone, is a visitor in this city for a few days.

A. Z. Uner, of the piano firm Gardner & Zellner, Los Angeles, is a visitor to Bisbee.

Peter Johnson and James Letson returned yesterday from a business trip to Los Angeles.

Conductor Clark left this morning for Benson to meet his family who are en route from Chicago.

Mrs. Prue returned to her home in Chiricahua mountains today, having spent several days in Bisbee.

A crew of men are engaged in grading for the railroad from the Holbrook to the new shaft of the Copper Queen company.

Boreas was out in force today and made things interesting for the good people of this burg. Everything that was not nailed down or weighed short

CHANGE OF TIME

The N. M. & A. To Change Their Schedule

According to the Oads, on May 14 a change of time will take place on the New Mexico & Arizona and Sonora railways. The southbound passenger train will leave Benson at 3:45 a. m., arriving at Nogales at 7:30 a. m., Pacific time. Leaving Nogales at 8:50 a. m., Sonora time, Guaymas will be reached at 7:45 p. m. The northbound train will leave Guaymas at 8:00 a. m., reaching Nogales at the same time as under the present arrangement—7:20 p. m., Sonora time shortening the run thirty minutes. Leaving Nogales as now, 8:00 p. m., Pacific time, the run will be made to Benson at 11:45 p. m. The change will make a difference of 30 minutes the Tombstone stage arriving in the morning with mail and passengers that much earlier than heretofore.

Burt Rippe, formerly a newspaper reporter, but later engaged in prospecting, has not been heard of for couple of years. His mother is anxious to learn his address.

Dan Twomey a former Tombstone boy arrived today on a visit to his sister Mrs. Peter Gill. Dan is located at McCabe, near Prescott, where he has been working for several years past. He met many old friends here who were pleased to see him.

BLACK JACKBAND

Capture of Some of the Band Are Now in Custody

The following dispatch would indicate part of the Black Jack gang have been "taken in." It is thought these are the same band that operated in Cochise County and when the officers were on their trail made for New Mexico and were in hiding at their rendezvous in the Jicarilla Mts when captured. The following is the brief account of the news received thus far:—

El Paso—Sheriff Stewart of Eddy, N. M., and a posse arrived from the Jicarilla mountains with four members of the famous Black Jack gang in custody who were lodged in the county jail and will be taken to Eddy county tomorrow. The men were captured at sunrise this morning.

The Calumet & Hecla Copper Co. of Michigan, has paid \$60,500,000 divide ds. Its capital stock is \$2,500,000. The Tamarack mine is capital fixed for \$1,500,000 and has paid \$5,570,000 in dividend.

It is learned on good authority that the famous Vulture mine which has produced millions in the past, will soon be operated on a large scale. The mine has been stocked for a large amount, it is said \$190,000. A hundred stamp mill is to be erected and a large force of men put in the mine.

Work is said to be progressing rapidly on the Arizona and Utah railroad in the Sacramento valley, which is to give the rich mining camp of Chiorid railroad communication with the outside world. This will add greatly to the development of that promising region, aside from the fact that it will make that many more miles of railroad within our borders. The Grand Canyon railroad enterprise also seems to be moving along nicely and ere many months it is hoped tourists will be able to visit this most wonderful of all natural parks, in Pullman palaces.

OUR REPRESENTATIVE

General Wilson Visits the Florence Reservoir Site

Deputy Wilson has returned to Tucson from a visit to the Butte reservoir site at Florence, and the Star, commenting editorially on the trip and its results says: "General J. F. Wilson has returned from his visit to the proposed site of the Butte reservoir. He made a careful examination of the same and says there is no room for doubting the feasibility of the dam and the impounding of water sufficient to irrigate at least 200,000 acres of land contiguous thereto. One of the important features of the building of this reservoir is the fact that it will supply water in abundance for the Indians on the Pima and Maricopa reservations, which will enable those Indians to become not only self-sustaining, but they will soon become well established in homes and they will then come to citizenship by occupying their lands in severalty, that they will become taxpayers and assist in bearing the expense of government, as well as becoming important industrial factors of the community, thus determining the final settlement of the Indian question. In this policy General Wilson will do more for advancing the best interests of Arizona than any single line of action can now think of. It will result in more homes, the reduction of the tax burden, and bring a large increase of the most desirable population, such as build schools, churches, and the very backbone of the government.

THE DANCE

The Affair a Success and Enjoyable Time Had

The Dewey dance at Mining Exchange Hall last night was another of the Tombstone Terproctorian club's success. The portrait of the great American naval hero was prominently displayed and the hall was decorated with patriotic colors, all lending a pleasing effect. Visitors from the surrounding country were present and the hall was crowded with dancers. The music was furnished by Prof. Christian's orchestra and was all to be desired. Supper was had at the Can Can restaurant at midnight and served to the merry party in familiar style. Dancing continued to 4 a. m. The participation in the event the most enjoyable had in Tombstone for some time. Among the many visitors noted by the reporter were Fios, and Wm. Gardner, J. Pium, Wm. Sane, Tony Liker, J. N. Christian, H. Cullford, Chas. Gray, Joseph and Jesse Curtis, H. Thompson, Henry Smith, Nelson Royer, F. S. Lincoln, Dan Taomey, the Misses Minnie Gray, Edith Robinson, Alice Lemon, May Liker, Curtis sisters, Christianson sisters and others whose names were not secured.

Pure Tea
in packages at grocers'
Schilling's Best

E. B. Gage arrived this morning from Congress to attend the annual meeting of the Grand Central Mining Co. which is being held here today. Mr. Gage has many friends in Tombstone who kept him busy shaking hands today.

K. of P. meet tomorrow night.

J. V. Vieters is a visitor from the northern part of the county. W. H. Kan the well known contractor at Ft. Huachuca in the city on a business visit.

Chas. Bulatti came over from Bisbee and spent Sunday with his family here. Today was D-w-y day and quite a number of flags were flying in honor of the great triumph.

Thos. Vaughn came over today with another prisoner for the county bastille. There are now 31 prisoners in jail.

Col. Wm. King arrived yesterday from Tucson and has gone to the mountain home of Thos. Sorin and wife on a visit.

The D-w-y dance at Mining Exchange Hall tonight promises to be an enjoyable affair. A large attendance is promised.

Wm. Johnson arrived today from Nacozari Mexico where he has been testing the talings of the San Aguilita dumps. Mr. Johnson expects to return there shortly to take charge of a large cyanide plant which will be erected there.

A. J. Ritter, who was a former member of Burdette Post G. A. R. at Tombstone was buried here this afternoon in lot 45 of the G. A. R. section of the cemetery. The funeral committee of James S. Nugly Post of his city conducted the ceremonies.

The Tombstone contingent of visitors to Benson to see the ball game returned yesterday. The Bisbee nine were best of again by a score of 10 to 11, the Benson team will have the last inning to play. The Benson nine are clearly the champions and stand ready to defend the honor.

There seems to be a other opportunity in store for Tucson, says the Star, in securing a large smelting and reduction plant. New York parties are figuring on the proposition on account of the vast copper field which is being developed in the mining districts contiguous to Tucson in Pima and Cochise counties. The proposition is a good one, and if carried out on a large scale would be a rich paying investment.

W. A. Harwood arrived yesterday from the country where he has been on an assessing tour. He expects to go to Bisbee in a few days on assessment work. Mr. Harwood states he has not been retained by court order from assessing the county, and as he claims to be the de-facto assessor will finish the assessment for this year.

A Phoenix nurse made a fearful mistake a day or two since a cordian, to the Republican. She administered to Mrs. Aaron Goldberg a dose of carbolic acid, and that it was not fatal was due to a most fortunate circumstance. The mistake was of course discovered instantly and medical aid was quickly obtained. Mrs. Goldberg went out of danger, though suffering considerable pain from the fiery draught.

Within twelve months there will be a 50-ton smelter in operation at Pima. The people here have been quietly working the matter up for some time, and last Wednesday they transferred eighty acres of land to some New York parties, who in turn bound themselves to at once put up a 50-ton smelter on the land and have the same in operation inside of one year from the date of the agreement. Ex-Gov. McConnell, of Idaho, represented the eastern people in the deal, and while here he secured options on several good mining properties in this vicinity and, as it is reported, bought outright at least one claim in the Clark district, the price paid being \$2,400.—Graham Guardian.
