CESSION OF STATE LANDS

The Open Range Closed to Small Stock Growers

No better illustration of the way State cession of public lands would operate to the extinction of the small settler and stock raiser need be shown than the recent action of the Colorado State Land Board in leasing 21,000 acres to Senator William H. Adams and his friends.

The following is self-explanatory: "The Phoenix Herald announces the arrival at the Ford hotel in that city of P. L. Jackson and G. Swisher of Prescott. Thereon hangs a tale. As the story was given to the Journal-Miner, Miss Swisher left Prescott Monday morning to go to San Bernardino, Cal. where she was to have been married on Tuesday to a gentleman of that place. Mr. Jackson went on the same train and, it is alleged, persuaded the prospective bride to return on the afternoon train, and they went on through to Phoenix, where it is reported they were married. The San Bernardino man has written a most pathetic letter to a friend in Prescott over the failure of his expected bride to arrive there."

An aching back, a disordered digestion, changes in the urine, headaches, nervous weakness, all point to Bright's Disease. Take surprise to cure the trouble before the disease develops to a dangerous stage.

It has been used in many severe and obstinate cases with the most gratifying success. Sold by Tombstone Drug Co.

One man in Phoenix sold \$75,000 worth of farming and fruit lands the past six months, and he feels confident that he will be able to reach the one hundred thousand dollar mark in another four months.

Just out of reach, is where every man would like to be when danger threatened him. Disease is more dangerous than any wild beast. To be just out of reach of disease, is safer than to engage it in a death struggle with doubtful results.

The secret of keeping just out of reach

of disease is in keeping the blood pure and rich. Pure blood offers no breeding ground for disease germs. Rich blood creates a vigorous vital force to resist disease. This ideal condition of the blood is best obtained by the use of Dr. Pierce's Golden Medical Discovery. In thousands of cases where there has been obstinate cough, bronchitis, spitting of blood, weakness or other ailments which if neglected lead on to consumption, "Golden Medical Discovery" has healed the disease and put the life just out of reach of the destroyer.

There is no alcohol or other intoxicant contained in "Golden Medical Discovery."

"After using about five bottles of Dr. Pierce's Golden Medical Discovery my boy seems to be all right," writes Mr. W. F. Price, Care, Worcester Co. Ohio. "He was very ill when I commenced to give him the Golden Medical Discovery. The doctors claimed he had consumption and we doctored with them until he was past walking. It has been ten months since he stopped taking your medicine and he is still in good health. We are very thankful to you for saving our son."

Free. The People's Common Sense Medical Adviser is sent free by Dr. Pierce, Buffalo, N. Y., on receipt of stamps to defray expense of mailing only. Send 25 one-cent stamps for paper covered edition, or 50 stamps for same edition in cloth binding.

Every two years the Hibernia Savings and Loan Society, of San Francisco, publishes a statement in accordance with the California law showing the amount standing to its credit, the last known place of residence or post-office address, and the fact of death, if known to said cashier or secretary, of every depositor who shall not have made a deposit therein, or withdrawn therefrom any part of his deposit, or any part of the interest thereon, for the period of more than ten years next preceding.

The last report may be of interest to people of Arizona, at least to two persons if they are still alive, or their heirs if they have any.

Richard Corbett of Tucson, Arizona has deposited to his credit the amount of \$5,184.65, and Johanna O'Leary of Tombstone, has the sum of \$709.60 to her credit. The publication of these facts may be the means of putting some worthy person rightfully in the possession of the money.
