Says the Democrat: When the house recently considered the bounty bill in committee of the whole, Assemblyman McCormick of Gila proved himself a staunch friend of the hunters. Assemblyman McCormick wanted the bounty on wildcats and coyotes fixed at \$2.50 instead of \$1, and voted for an amendment to return all hides to the hunter. He felt that the men who go out into the mountains and slaughter the animals that prey on the farmer and the cattlemen should be well rewarded.

TERRITORIAL ITEMS OF INTEREST CONDENSED.

Lost for forty hours on the desert east and south of Tucson. Richard Knagge, aged four years, son of Ranchman William Knagge, was found near the new water works pumping station by Thomas Duffy about 8 o'clock Sunday morning. The little fellow lay cuddled in a heap, fast asleep, in the middle of the road. That he was found is due to the cocker spaniel owned by Thomas Duffy, who located him. It is estimated that he traveled about eighteen miles.

The big sheepcraze at the reclamation service was started up yesterday and is running to its capacity, says the Yuma Sun. It is throwing a magnificent stream of water into the irrigation ditch and there is an abundance of water for all the farmers down the line.

Can Tombstone Play Soccer Football

Tombstone, Feb. 6, 1909. ERROR PROSECTOR: I have been reading of late in the Examiner sporting column about Soccer football. They tell us it is one of the most scientific of football games. Now, I don't want to take up your valuable space, but want to ask what has become of the Soccer team which was started several weeks ago in Tombstone. Rugby is dead and baseball, well I won't say; but there is a chance for Soccer. The game is new in this part of the country; but their is as much enthusiasm in the game as was shown by the few who were practicing. It must be interesting to watch. There is good material among the home boys and I understand Bisbee can raise a team of Soccer players at any time. Can't Tombstone raise one too. Come on boys, give us some sport. We have a Tommy, Dave and Bill.

Post Card Pointers for Tombstonites

For the benefit of the post card mailing public which daily drops into the local postoffice many cards that go direct to the dead letter office, attention is called to a few facts. One is that cards bearing tinsel, mica and similar decorations are not mailable unless they are enclosed in sealed envelopes. Another is in respect of double post cards, the long folded kind that in reality amount to several post cards and should be sold by the yard instead of by the piece. These are not post cards under the law, but ordinary second class matter if mailed that way and if written on become first class matter requiring letter postage. The regular reply post card furnished by the government does not come under this head.

Arizona Court Clerks Meet in Phoenix

George B. Wilcox left last evening for Phoenix, where he goes to meet and confer with the various court clerks of the territory to take some steps in reference to the bill which places these officials on a salary basis, and further providing that the fees go into the county treasury. The measure, it is claimed, works a hardship on the clerks of the larger districts and the legislature is to be enlightened on some of the facts which affect the salary.

Missing Arizonan Was "Shanghai'd"

The unraveling of the story of the mysterious disappearance of T. A. Cox of Patagonia in San Francisco on December 20 began today with the receipt by Mrs. Cox of a message from him in Tacoma, Wash. The message announced that he had been "shanghai'd" in San Francisco, taken on board a whaling vessel bound for Alaskan waters, had made his escape somewhere in the Puget Sound country, and had managed to work his way to Tacoma, where he arrived badly injured, but still able to travel.

Cox was superintendent of the Pittsburg & Arizona Development company, near Patagonia, and left for San Francisco on mining business, expecting to go from there to the East to confer with the company officials. He was a man of good habits, well liked by all and had at one time been the county surveyor of Pima county. His disappearance caused great sensation in southern Arizona, as there was no apparent reason why he should run away of his own accord. The police and detective agencies of the country generally have sought diligently for him for several weeks past, but to no purpose.

Clerk H. E. Berner of the board of supervisors has been directed to make an index record and complete filing registration of all documents and papers pertaining to the board of supervisors' office, dating from the formation of the county. The accumulation of papers and official records has been growing apace with the development of the county and the present system of record keeping has been outgrown. The present plans embrace a ready reference and less cumbersome method of filing, the necessity of which has been brought to the attention of the board by Mr. Berner.

THE MINSTREL SHOW A Few of the Things for Next Monday Night

At the local Redmen's show on next Monday evening at The Schiefelin Mr. E. W. Topping in his monologue "Town Topics," will use the names of about seventy-five of the local people and wishes to apologize to those people through the columns of THE PROSECTOR. Among the names he has decided to use will be the following:—Gage, Cummings, Blackburn, White, Gaines, Warnckros, Gardner, Marrs, Rock, King, Klaw, Goodbody, Howe, Berndt, Scribner, Dunn, Jordan, Garrett, Goodrich, Shelley, Gibson, Galen, Barnes, Goll, Rockfellow, Pearce, Fearng, Fowler, Ray, Wales, Wolcott, Benedict, Ijams, Ivey, Garland, Riggs, English, Pickett, Bishop, Black, Cook, Tarbell, Lynch, Butler, Tracy, Lamb, Gray, Shoemaker, Winters, Peake, Eddy, Hill, Boggs, Long, Hart and a great many others.

Besides giving us this monologue, he will tell us why Tombstone should be the largest city in the territory. In addition to this we will have Master Earl Simpson and Miss Ellen Hermann in a specialty entitled "Smarty," assisted by Frank Johnson and J. E. Needham.

Many other features too lengthy for mention, are in store for the audience on the evening of the entertainment. The after piece, "A Blood Relation," is a very funny sketch and has been one of the best liked plays which Mr. Topping has ever produced. Those taking part in this sketch have rehearsed their parts well and are only awaiting the time when they can show their friends how capable they are in the dramatic art.

Miss Bernadette Brown, who is to play Miss Fortune Hunter, will represent a love-sick, poetic woman, while Frank Johnson will demonstrate how easy it is to tell a lie. Miss Georgia Birby will demonstrate how an impatient married woman can look for her newly wedded spouse. Miss Ethel Gage will play the part of a sweetheart and will assist in the fun by becoming a young bride. Oscar Goll, who starts all the trouble, will be the blushing bridegroom on this occasion, while the ludicrous entanglements of the plot end well.

Proposed Carnival is Called Off

Charles Brown, Jr., stated yesterday that the proposed carnival for the benefit of the firemen was off. The trouble arose on the license question, some of the city councilmen, holding that it was too much to ask the city to forego a license fee of \$100 a day when the share which the firemen would receive would be but 15 per cent and the remaining 85 per cent of the receipts would for the most part be taken out of town.—Douglas Dispatch.
