

Prominent Citizens

Are Deported

A Nogales dispatch says:— Five prominent citizens of Hermosillo were deported yesterday evening. They are Dionisia Lacarra, an officer in the treasury department under Governor Maytorena; Francisco Azevedo, merchant, and L. Arceles, attorney. Coronado Salvador was brought up on the same train, but is being held in jail over the fine here pending investigation. The deportations were made at the instance, and by the authority of Lieutenant Colonel Gomez, military commander at Hermosillo. Many of the expatriates are bitter in their denunciation of the treatment accorded to them. They contention of all is that they have committed no offense against the present government and that they were sent out of the country merely on suspicion.

Graham Lands Income Tax Collector

A Washington dispatch says:— William J. Graham, of Lowell, Arizona, was appointed today to the position of deputy collector of income tax. Mr. Graham was a member of the first legislature of Arizona, and after his return from Phoenix last spring Sheriff Wheeler appointed him to the position as deputy sheriff at Lowell. His new appointment will be pleasing to his numerous friends in this county. This is the position to which Judge Owen E. Murphy of Tombstone was appointed, but who recently resigned owing to physical inability.

In Interest of the Borderland Route

A Douglas dispatch says:— One idea and one motive, the Borderland Route, occupied the minds of two Governors, two State engineers, and the people of two States when Governor William C. McDonald of New Mexico, and Governor George W. P. Hunt of Arizona, met at Rodeo this morning and proceeded into the latter state to Douglas. Upon the arrival of the party at Douglas the Chamber of Commerce and Mines immediately took the party in charge and showed the visitors over the enterprising city of Douglas. A trip to Agua Prieta and a view of the battlefields there was among the sights taken in. Last evening in the lobby of the Gadsden Hotel the reception for the two Governors and the speaking took place.

The gospel of good roads for Arizona, New Mexico and the entire south west was discussed by the speakers before a large crowd in the Gadsden hotel lobby meeting, last night. From every viewpoint, the subject was discussed and the discussion simply showed the determination of all the officials who addressed the gathering, to do all in their power to bring about the desired end within the shortest possible time.

The meeting was presided over by Secretary H. D. DuBois, of the chamber of commerce, who acted as master of ceremonies. Selections by the Ninth cavalry band were interspersed at frequent intervals, being highly appreciated.

From Thursday's Daily

Board of Directors Meet The Board of Directors of the Commonwealth Extension Mining Company met immediately following the meeting of the stockholders yesterday and elected the following officers for the ensuing year: C. W. Hicks, President, Moss Newman, Vice President, August Hickey, Treasurer and P. H. Fitzpatrick Secretary.

Another Street Light Installed Another street light has been installed by our city "dads." The latest is at the corner of Fourth and Allen on the Wolcott corner. When the Borderland shows her light on Fifth street it will make that thoroughfare look like little old New York starting at the depot it will be lighted some plenty.

New Arrival in Tombstone It was learned this morning that Robert Axell, one of the proprietors of the J. O. Barranch, located about six miles east of Tombstone, had taken in a partner in the cattle business, which, by the way, has assumed a very promising outlook of late. It was a bouncing baby boy that arrived in Tombstone this morning to gladden the heart of Mr. and Mrs. Robert Axell. Mother and child are doing very nicely, and the proud papa is strutting around with a big smile, and, undoubtedly, the happiest man in town. Papa "Bob" will no doubt conform upon the new partner, the position of foreman of the J. O. Barranch, to take active charge in the near future.

In From Benson Doan Merrill of Benson is in the city today on business.

BACKACHE "GETS ON THE NERVES"

Many who suffer from backache and weak kidneys are unnaturally irritable, fretful and nervous. Not only does constant backache "get on the nerves", but bad kidneys fail to eliminate all the uric acid from the system, and uric acid irritates the nerves, keeping you "on edge" and causing rheumatic, neuralgic pains. Doan's Kidney Pills cure these ills by curing the kidneys. Here's proof:

CONVINCING TESTIMONY Mrs. M. H. True, Center Main St., Wardner, Idaho, says: "My back pained me all the time and every joint in my body was swollen. My head ached and puffy sacs appeared under my eyes. My nerves got all unstrung and I thought I would lose my mind. I had dizzy and fainting spells and the kidney secretions were in terrible shape. Doctors' medicines didn't help me and I was a wreck. When someone told me to take Doan's Kidney Pills, I did and they made me well."

Get Doan's at any Store, 50c a Box DOAN'S Kidney Pills Foster-Milburn Co., Props., Buffalo, N. Y.

Discovery of Another Arizona Wonder

A Prescott dispatch says:— What's the use going to New York to see Niagara when there is a waterfall in Arizona almost as grand? Few people know of it, but the Grand Falls of the Little Colorado river are about 36 miles to the north of the city of Flagstaff.

Robt E. Morrison, former candidate for congress from Arizona, is displaying photographs sent him by Father Vabre, of the Catholic church of Flagstaff, who made the trip under difficulties and portrayed the magnificent scene with a camera.

The photographs reveal a very interesting creation, from which the magnitude of the wonder may be inferred when its dimensions are given. The falls are exactly 400 feet wide across the stream, that flows continuously during the year. They reach to a height of 125 feet, with a series of four cascades, two of each of 30 feet in height.

The site is at the head of a branch canyon, about 25 miles from where the Little Colorado empties into the Colorado river. The place is isolated and it is stated that in the many years their existence has been known until recently not over a score of men have made observations of the beautiful scene that has lain dormant and never came in the range of the camera until the recent occasion.

The Grand Falls, however, are not to be neglected in the future, a new roadway being under construction, by which the place can be visited in an auto to a point that will afford convenience to travelers to behold another Arizona wonder.

Take One Pain Pill, then— Take it Easy. For Neuralgia, nothing is better than Dr. Miles' Anti-Pain Pills Used by thousands for a generation. Those who have suffered from neuralgic pains need not be told how necessary it is to secure relief. The easiest way out of neuralgia is to use Dr. Miles' Anti-Pain Pills. They have relieved sufferers for so many years that they have become a household necessity. "I have taken Dr. Miles' Anti-Pain Pills for five years and they are the only thing that does me any good. They have relieved neuralgia in my head in fifteen minutes. I have also taken them for rheumatism, headache, pains in the breast, toothache, earache and pains in the bowels and limbs. I have found nothing so equal them and they are all that is claimed for them." J. W. SEDGE, Blue Springs, Mo. At all druggists—25 doses 25 cents. Never sold in bulk. MILES MEDICAL CO., Elkhart, Ind.

Commission Fixes New Livestock Rate

Ten dollars per carload is the rate for which the United Verde & Pacific railway will haul live stock from Jerome Junction to Jerome. This rate was agreed upon today by the Corporation Commission and the general freight agent of the road. The commission held a hearing on the application of the road to be relieved from observing a rate prescribed by the commission for the movement of live stock. The commission had fixed the rate at \$4.75, the road originally having been charging \$20. It was brought out at the hearing that it costs \$1.50 per carload to transfer stock from the standard gauge cars to the narrow gauge used on the U. V. & P. If the road was a standard gauge the extra cost wouldn't come in. The commission had not considered the transfer charge. One standard gauge car is equivalent to two of the narrow gauge. The commission and the railroad both agreed that \$10 would be a just rate.
