

VILLA HAS FOUND RICH SILVER MINES

DURANGO, Mex., Nov. 6.—Francisco Villa is in a fair way to become enormously wealthy by reason of the discovery of rich silver ore upon the land that was granted him by the government as part of the amnesty terms. Villa has just filed on 24 mining claims covering an area of 50 acres, and has set a large force of men at work developing the prospects. It is stated that assays give almost fabulous returns in the way of silver values. The scene of the discovery is adjacent to the Guadalupe mining district, where some of the richest silver mines in Mexico are situated.

COURT DISMISSES KIDNAPPING CASE OF LUKE H. ELLIS

GLOUCE, Ariz., Nov. 6.—Charges against Luke Ellis of Claypool, arrested several days ago at Mesa on a charge of abducting his young wife at her home in Claypool, were dismissed yesterday in the court of Justice McEachern of Miami. The failure of the parents of his wife to show that he carried his schoolgirl wife away without her consent caused the dismissal of the case. The young couple were married several weeks ago against the wishes of the girl's parents. Her parents soon got her back to their home, but Ellis was determined to gain possession of his wife. He persuaded her to leave with him a few nights ago and they journeyed to Mesa, where he was arrested. It was reported at that time that the girl refused to return with her parents, stating that she preferred to remain with her husband.

PHOENIX PEOPLE THROG TO SEE PETRIFFED BODY OF WOMAN FOUND ON RANGE

PHOENIX, Nov. 8.—Several hundred Phoenix people today went to view what was alleged by the finders to be the petrified body of a woman, said to have been unearthed yesterday evening during exploration in an aboriginal mound near the Lenox gun club range, which lies near the red sand hills about seven miles north-east of Phoenix. The find was alleged to have been made by Mexican workmen excavating under the direction of J. W. Tucker and W. A. Tucker, in search for aboriginal relics.

DEPUTY SHERIFF ATTACKED WITH KNIFE IN HANDS OF MEXICAN PRISONER

The sheriff's office late last night, was notified to be on the lookout for a Mexican by name of Juan Gonzalez, who is wanted by the sheriff's department of Santa Cruz county on several charges. From the meagre reports received this morning it seems that Deputy Sheriff Shields of Nogales, went to Lochiel to arrest Gonzalez as an accomplice in the burning of a ranch house near that place early this week. His brother, who is charged with participating in the crime is now in jail at Nogales. The officers found Gonzalez at his home near Lochiel and while enroute to Nogales stopped at a farm house for supper. The prisoner was seated at the table while the officer sat on a small stool in the same room. Suddenly the prisoner drew a knife from his pants leg and lunged at the officer, succeeding in cutting him several times, some of the wounds, however, being considered serious. In the tussle for the weapon the Mexican, who avowed that he would kill the officer and then commit suicide, drew the knife across his throat. It is not believed that he inflicted a serious wound, as he immediately broke into the darkness and did not seem to have severed the jugular vein. The officer rushed to the door and got at the fleeing form one of the bullets striking the prisoner in the leg. Gonzalez is said to be 35 years old, and is not believed that he attempted to cross the line into Mexico as he is wanted there on a charge of murder. While no is believed to be in hiding near the scene of the assault, officers throughout the southern part of the state have been notified and a close watch is being maintained.

PRESCOTT COURT REFUSES TO DIRECT VERDICT IN FAVOR OF THE PLAINTIFF

PRESCOTT, Nov. 8.—Superior Judge J. J. Sweeney today denied motion of counsel for the state to direct a verdict in favor of the state in the suit of the Audrey Investment company for reimbursement in an alleged contract of sale of mules and road equipment to the state. The state's motion was based on the ground that the old commission on state institutions had no right to contract indebtedness to come out of Yavapai county's 15 per cent fund. The plaintiff contended the state was just as liable for debts as a private individual. The court was asked to issue writs to the jury to be read camps and see the mules and equipment in use, but the court ruled that would entail too much travel. The plaintiff's case was closed today and tomorrow a state will resume with witnesses for the defense.

The latter has arranged for a special car, which will be made a part of the special train bearing citizens from all parts of the state to the national capital of Mexico for the grand ceremonies.

SINOLA RICE TO BE SENT THROUGH THE PORT OF NOGALES

NOGALES, Nov. 8.—Gen. C. Alvaro Obregon, president-elect of Mexico is planning to do for the rice growers of Sinola what he accomplished so successfully for the garbanzo interests of Sonora. This became known when local and Nogales, Senora, commission and brokerage houses were appraised of the fact that arrangements were being made to ship 100 cars of the Sinola product through the port of Nogales. The shipment will pass as soon as the Mexican government can be induced to lower the tariffs, it is said. General Obregon is reported to be working on this phase of the situation. The value of the rice destined to this port is probablistical as the grade now grown is inferior and may be shipped in the fall. Better methods of production will be adopted, however and the growing is expected to become an asset equal to the tomato industry which last season ran into millions in value. Rice growers waxed enthusiastic when it became known that General Obregon would take hold of the situation, for through his careful management of the garbanzo situation, which included formation of the Garbanzo Growers association, last season's shipments through the local port, approximated \$4,000,000. This figure will be doubled the coming season, it is predicted. Beginning January 1, the tomato season will open. Hundreds of thousands of dollars' worth beyond the shipments of last season are expected to pass here, as the strike and the immediately succeeding revolution roused, through the paralyzing of transportation facilities, immense losses to growers in the state south of Sonora. The Mexican orange season is now open, but as efforts on the part of both chambers of commerce to have the ban on importation of the fruit lifted, failed, no shipments will be made into this country except in bond to Canada. San Jose scale is the exceptional reason for the orange quarantine, but growers and commission men blame invasions legislation sponsored by the California Fruit Growers' association to remove competition from California grown fruit. Large bonded warehouses, six in number, are filled in capacity with oranges awaiting shipment to world markets, the chief among these being Mexico, Cuba and Spain. Exports and imports for the month of October in this district are as follows:

DR. BLEDSOE WILL STAGE PRIVATE PARADE TO PAY FOR ELECTION 'MISTAKE'

BISHOP, Nov. 8.—Dr. N. C. Bledsoe will conduct a parade of his own to day at 4 o'clock, in opposition to the one to be staged by waving John Garretts in a wheelbarrow from the food gate car stop in Tombstone canyon to Brewery Gulch, in payment of a little mistake he made as to who would be elected governor of Arizona. The doctor tried to back out of it yesterday by declaring that it is unlawful to carry passengers without first obtaining a permit of convenience and necessity from the state corporation commission, but Garretto maintained that, whereas it may not be convenient, it certainly would be necessary and he overruled the doctor's objection. The police reserves will be out this afternoon to keep back the crowds from the line of march.

THOUGHT LICENSE WAS ENOUGH

PRESCOTT, Nov. 8.—Another neighborhood scandal was squelched in the making when Judge Charles H. McLean ruled in marriage Jose Alvarado and Dolores Yuarrie, who had been arraigned before him on a charge of living together without legal sanction. Alvarado and his bride of a few months had been arrested at the instigation of a neighbor who feared for the moral welfare of the community, and incidentally didn't have any affection for the young people. Upon investigating the case, Judge McLean found that the young people had procured a marriage license early in August, but that they, through ignorance of the legal technicalities surrounding marriage, had no idea that another ceremony was necessary to make them legally man and wife.

Friday was released by the military. The charge against Patrick was filed by L. E. Bates, agent of the department of Justice. In cases also filed by Mr. Bates, Joe Lettault and W. A. Cook, charged with buying and having in their possession government property, yesterday were bound over on bonds of \$100 each by United States Commissioner James Allison at Bisbee. Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result. Unless the inflammation can be reduced and the tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous membrane. HALL'S CATARRH CURE acts upon the blood on the mucous surface of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circular free. All Druggists. J. P. CHENEY & CO., Toledo, O.
