

TWO ARE SHOT IN FT. HUACHUCA HOLD-UP.

During a hold-up last night shortly after 8:00 o'clock near Ft. Huachuca, on the military reservation, two men, a man named Jackson and youth named Terry, were shot by two masked negro bandits, who made their escape without securing any cash.

According to the information gleaned by Sheriff J. E. Hood and Deputy Harry Rafferty, who were summoned to the scene of the crime, it appears that Jackson, who has a ranch between the Fort and Hereford, runs a milk route to Ft. Huachuca, and accompanied by Terry, had completed his route for the day and was leaving the Fort for home. When near the polo grounds, they were stopped by two masked negroes, thought to be soldiers and commanded to throw up their hands.

Whether Johnson refused to comply or did not respond to their command quick enough to suit the robbers, was not learned, but the two bandits opened fire on the two men, shooting Jackson through the right leg, just below the knee, shattering the bone badly. Terry was shot in the left hip. Both men yelled for help and a sergeant reading closely answered and within 15 minutes a cordon had been thrown about the fort in an effort to check up on the troops and locate the assailants.

When the officers left early this morning the result had not been announced, but the army officials were confident of being able to locate the bandits.

Jackson, who has resided there for years, is well thought of by practically everybody at the Fort and feeling ran high against the assailants. Sheriff Hood reported, and every effort was being made to locate the two men.

Whether Jackson will lose his leg or not is problematical, it was reported from the hospital at the Fort today, while Terry's wound is reported not to be serious.

Neither Jackson or Terry had much money on their person, although it is believed the bandits had figured they were carrying a large amount as it was shortly after pay day.

Jackson is a brother of Mrs. H. K. Street, of Fairbank.

Late this afternoon Sheriff Hood received a telephone message from the military officials at the Fort advising him that a check of the men had revealed that two members of the 10th Cavalry had deserted and there is no doubt but what the crime had been committed by them. All officers along the line have been notified to look out for the two and soldiers have been sent out in an effort to capture them, as they are believed to be in the mountains south of Fort Huachuca.

SPECIAL SESSION

LACKS CALL ONLY

PHOENIX, Jan. 16.—It needs only the call of the governor to make a special session of the legislature certain.

Everything is ready for the arrival of the legislators. The house is in order, the state house janitors having looked after this detail early in the week. Even the attaches are ready.

They made their appearance yesterday. They were on the ground floor for the jobs which will develop should a session be called. They were on the lookout with men with pail who could tell them how to land a clerkship.

The usual types were present. Pretty girls who had not even a bowing acquaintance with a typewriter, and other familiar with a machine, but lacking in other qualifications helpful in securing a position of the sort.

How do we go about it? Who do we see? When will the legislature be in session?

These are a few of the questions asked those who chanced to be in the lobby.

CATTLE SHIPMENTS

WILCOX, Jan. 16.—Page & Meisenheimer will ship seven carloads of cattle from Naco in a few days. They shipped three carloads of Mule Shoe cattle Saturday and will also ship seven cars from Douglas. They will ship 1,000 head from Los Cruces, N. M. On the third they shipped 37 cars to California.

MODERNIZE LAW OF ARIZONA, IS FARMERS' PLEA

TUCSON, Ariz., Jan. 15.—That Gov. Thomas E. Campbell include in his proposed call of a special session of the Arizona legislature a call for a constitutional convention for the purpose of effectively reorganizing the state government, is the appeal made in practically 4,000 letters received by President C. S. Brown of the State Farm Bureau.

According to Mr. Brown all farmers and industries of the state are united in their endorsement of the proposed convention. The movement is also being fostered and supported by the industrial Congress, which represents the various industries of the state of Arizona.

President Brown of the Farm Bureau declares that the movement is not one of a political nature nor is it designed to promote party preference. On the other hand, he declares, men of both party beliefs are equally pronounced in their endorsement of the proposal.

AUTO STRIKES BOY; ARRESTS WILL RESULT.

As the result of striking the young son of Archie Kelly, who resides near the railroad crossing on Toughnut street, Sheriff Joe Hood is seeking the driver of a small truck. Mr. Kelly reported to Sheriff Hood today that yesterday afternoon an auto, which he believes was driven by a Mexican named Escarcega, struck the boy, knocking him to the ground and severely bruising the lad. There were several others in the car with the driver, he stated, but the driver did not stop, putting on a new burst of speed, he reported. Neighbors saw the accident and rushed to the boy's assistance, expecting to find him dead, but other than being badly scratched about the face and head and suffering from bruises about the body, no serious injuries were reported. Following arrests the driver and occupants of the car will be prosecuted under the Arizona law making it a felony for the driver of an auto to stop following an accident to a pedestrian.

A. E. RAILROAD IS MADE DEFENDANT IN CONTEMPT CHARGES

PHOENIX, Ariz., Jan. 14.—Contempt proceedings against the Arizona Eastern Railroad Company were instituted today by the corporation commission here on the ground that the railroad refused to permit a representative of the commission to inspect its books. Officials of the company were directed to appear before the commission February 15.

The corporation commission asserts it requested access to the railroad company's records at Tucson in connection with a rate case before the interstate commerce commission, and that it was denied by the auditor's office there.

MURDER CASE IS DISMISSED QUICKLY

PHOENIX, Jan. 14.—The case against Enoch Wilson, city marshal of Winslow, who was charged with the murder of Francisco Valdenegro, was dismissed, according to information brought back from Winslow yesterday by W. J. Galbraith, attorney general, to whom attention was directed to the case by Charles Evans Hughes, secretary of state.

Secretary Hughes advised Mr. Galbraith that the situation was embarrassing him with his dealings with Mexico and requested that an investigation be made and that he be furnished with a report.

The case had an international aspect in that no preliminary hearing was held nor was there any official investigation looking into the death of the Mexican who was shot and killed by an officer in October, 1920.

RECONSTRUCTION OF TEPIC RAIL LINE TO BE COMPLETE FEB. 1

NOGALES, Ariz., Jan. 14.—H. B. Titcomb and L. H. Long, both of Tucson, resident and vice president, respectively, of the Southern Pacific de Mexico, passed through here today enroute from an inspection tour over a portion of the line being reconstructed to Tepic. This work, it is said, will be completed by February 1.

GREEK FIGHTS TO BE ALLOWED TO ENTER U. S.

TUCSON, Jan. 14.—Denied admission to the United States and facing possible death at the hands of a firing squad if he is deported to Greece, as has been ordered, is the status of James Evergreen, brother of Constantine Evergreen, a local business man. Denial is based on the ground that the quota of immigrants from Greece has been admitted.

Two years ago, James sailed for Greece on a business mission. Just after his embarkation for America two weeks ago, the military class in which James was placed was called for service in the Greco-Turkish war. The brother here now believes that James has been branded as a deserter and will be executed if the deportation ordered is carried out.

Telegrams were received yesterday from Senators Ashurst and Cameron, and Representative Hayden, informing Constantine that efforts to prevent his brother's deportation had proved futile and that the order would be carried out Monday.

Constantine played his last card today when he requested that immigration authorities allow his brother, who is now being held at Ellis Island, to go to Mexico until such a time arrives when he may be included in a quota for admission from Greece to the United States.

ON FRENCH LEAVE FROM COUNTY JAIL

PHOENIX, Jan. 16.—When Jailer Bob Hayes, of the county jail, stopped Saturday morning about 6:30 o'clock to answer the telephone in the sheriff's office, A. C. Cook, a trusty prisoner, whom Hayes had just let out of jail to get a bucket of coal, continued on his way to the coal pile in the court yard. After answering the telephone Hayes went out to see if Cook was getting the coal. The bucket was standing beside the pile of coal, but Cook was nowhere in sight. He has not been seen since.

Cook, alias A. C. Goldman, was held in the county jail on a charge of forgery.

SCHUEPP'S SHOE SHOP AND STORE ROBBED.

Albert Schuepp, proprietor of the Schuepp Shoe Shop and Store on Allen Street, yesterday reported to the sheriff's office that some time during the day parties entered his store and took \$160.00 in currency and six pairs of men's shoes. Schuepp was unable to ascertain whether the burglars entered the store while he was in his back yard for a few moments during the morning, or whether the burglary occurred while he was at lunch, although he had padlocked his front door while he was absent. The money was in currency and was under the mattress of his bed, while the shoes were taken from his shelves in the front part of the store. No clue to the robbers had been found up to today. This is the second time the place has been robbed in the same manner during the daytime.

SUPERVISORS MEET.

Transacting considerable routine business, including reading of annual reports, of the treasurer's office and clerk of the board of supervisors, the board of supervisors met today in regular monthly session. A considerable number of matters were also up for discussion and laid over until the next meeting in February for disposition, one of the matters being the matter of the controversy between the supervisors and state engineer relative to the Cochise seventy-five per cent fund, which has been a bone of contention for some time. The members of the board, Chairman J. B. Hart, and Members I. C. E. and D. A. Adams left for their homes this afternoon.

PHYSICIAN TRANSFERRED

NOGALES, Ariz., Jan. 14.—Captain E. W. O'Donnell, physician at Camp Stephen D. Little here for the past several years, left today for Fort Bliss, El Paso, where he was transferred by the war department.

Oatman—Silver Creek Mining Co., getting property ready for development. United American blocking out ore assaying \$30 to ton.

RED MILBURN LOSES TO RUSSEL CHAMBERS IN SLAM-BANG MIX-UP

DOUGLAS, Jan. 15.—Russel Chambers was awarded a well-earned decision over Red Milburn of Bisbee in a 10-round bout at the camp arena last night, in what was declared by local and Bisbee fans to be the best fight seen in Cochise county since the Frank Loughrey-Johnny Celmar's go in 1920. Milburn took the first round, and was even in the fourth, but every other session went to the local boy, who outfought the Hill City wonder in every department of the game.

AUTOS COLLIDE; ONE MAN DEAD; ANOTHER HURT

TUCSON, Jan. 15.—One man was killed and another was critically injured in an automobile collision on the Oracle road, three and one half miles north of Tucson, late yesterday afternoon.

The dead man was Arthur Swett, a blacksmith whose home was at Rillito, but who had been employed at Cartaro by the Post Farms company.

Manuel Lara, also of Rillito, who was in the same automobile with Swett, was reported in a critical condition at a late hour last night. Lara was taken to the Arizona hospital. The man's spine was said to have been seriously injured.

A. R. McDonald, a taxicab driver, of 647 East Ninth street, who was driving the car that collided with Swett's machine, apparently was not injured.

GOLD AND SILVER MINING IN WEST IS PREDICTED

DENVER, Colo., Jan. 15.—An immediate revival of the gold and silver mining industry of America, which will be especially beneficial to the west, and which will expand with the progress of the new year, is predicted by Ray Baker, director of the United States mint, who inspected the Denver mint Saturday, preparatory to the coinage of the new peace dollars here.

"The opening up of new mining properties and several old properties which were closed down during the war due to high operation costs will bring about revival in mining this year," he declared.

Coining of peace dollars at the Denver mint will begin upon the receipt of dies which left Philadelphia today, said Mr. Baker. He asserted nothing but peace dollars would be coined at the Denver mint in the next year.

HOLD COLORADO RIVER MEETING JANUARY 26

WASHINGTON, Jan. 16.—The scope of plans for development of the power of the Colorado river will be outlined at the first meeting of the Colorado river commission to be held here Jan. 26, it was announced yesterday by Secretary Hoover. The commission, of which Mr. Hoover is chairman, was created by congress to make recommendations for federal and state prospects for the development of the resources of the river.

HALT ENLISTMENTS AT NOGALES CAMP

NOGALES, Ariz., Jan. 14.—Enlistments at Camp Stephen D. Little here have been temporarily discontinued, it was announced today, because of the transfer of soldiers from the Tenth cavalry at Fort Huachuca has brought the local regiment to 1,619 men, or seven more than its authorized strength. Twenty-two applicants for enlistment have been rejected since Christmas.

ROAD SIGNS ARE BEING DESTROYED

PHOENIX, Jan. 14.—In an effort to halt ruthless destruction of road signs, the Automobile Club of Arizona has posted a standing reward of \$25 for the arrest and conviction of any person guilty of such an offense. It was announced today.

"In the past week, several reports have been made that newly erected enamel signs have been used as targets for firearms" said a statement by the club, "and we are determined to make the pastime of 'shooting up' road signs an unpopular one from now on."

FEAR OF KU KLUX KLAN MAKES HIM SURRENDER SELF

PHOENIX, Ariz., Jan. 16.—When three masked men whom he said he took to be members of the Ku Klux Klan loitered for several minutes in the vicinity of his home near Liberty last Thursday night, G. C. Dobbs, alias George Fields told the deputies in the sheriff's office Saturday afternoon, he thought they were after him so he came to Phoenix at once to give himself up.

"I am wanted in Dawsonville, Georgia," he told the officers when he walked into the sheriff's office at 2 o'clock, "for the murder of Homer Covert in December 1919, in Dawsonville."

FLIVVER GOES DEER MIDSTREAM; OCCUPANTS SAFELY RESCUED

YUMA, Ariz., Jan. 16.—Balky flivvers have been known to stick in mud holes, railway crossings, street corners and many other places much to their driver's embarrassment, but it remained for a Ford, driven by Mrs. Wade Ramsey, of the North Gila valley, to break all known records late Wednesday afternoon, when it halted on Laguna dam and refused to go in any direction, ahead, backwards or sideways.

Ranchers in the North Gila valley have long used the mile-long stretch of Laguna dam as a bridge in low water and Wednesday Mrs. Ramsey, with Walter Kauffman, gate tender on the Arizona side of the dam and Howard Gardner, a ranch hand employed by Mr. Ramsey, attempted to drive across with about a foot of water running over the dam.

About midway the flivver balked and quit. The combined efforts of the three to start the machine were unavailing and one of the men waded back to shore for a pair of mules.

From all accounts the mules did their best but the stubborn Ford declined all proffers of assistance. Mrs. Ramsey was rescued by a party from Potholes. At a late hour last night C. Sortillon, gate tender at Potholes, said that the mighty Colorado was still struggling with the little car but apparently with no more success than had attended the mules' best efforts.

DOUGLAS COUPLE MARRIED.

After considerable manipulating and appeals for help, John H. Bauer and Mildred Lewenthal, of Douglas, were married in Tombstone last night shortly after 10:30 by Judge H. P. Merrill. The groom sent a hurry up call to Sheriff Hood about 8:00 o'clock that he was bringing his bride to Tombstone and wanted a license and a judge. Deputy Clerk Charles Bacheider, of the Superior Court, was roused from bed to issue the license while Judge Merrill was called upon to perform the ceremony, following which the Douglas couple left for their homes as man and wife—and apparently perfectly satisfied.

FINDS COCHISE BANKS STRONG

PHOENIX, Ariz., Jan. 14.—Charles W. Fairfield, state auditor and superintendent of banks, returned here today from an inspection of state banking institutions and reported that southern Arizona banks are in a satisfactory condition.

In view of the fact that mines have been closed for 10 months, Fairfield said, he regards the situation in the south as excellent. Records examined by him showed high reserves and considerable liquidation in cattle loans, he asserted.

"In Bisbee and Douglas optimism runs high," said Fairfield, "because it is expected that all the large mining companies will resume as soon as they can get their plants in readiness."

FORMER BISBEE GIRL APPOINTED AS HOME AGENT

BISBEE, Jan. 16.—What University Extension Service officials characterize in the venacular of the agriculturist as the appointment of an "Arizona product" to a post in home demonstration work, was achieved when Miss Roberta S. Sinclair, of New York City was selected to be agent in this work for Yuma and Greenlee counties.

Miss Sinclair was born and raised at Bisbee.

NOTICE FOR PUBLICATION

Department of the Interior
U. S. Land Office at Phoenix Arizona, January 6, 1922.

Notice is hereby given that William W. McLaughlin, of Garden Canon, Arizona, who, on October 15, 1920, made Homestead Entry No. 042150, for SE 1-4 Section 10 and NE 1-4 Section 15, Township 21 S., Range 20 E., G. & S. R. B. & Meridian, has filed notice of intention to make Three Year Proof, to establish claim to the land above described, before W. A. Fowler, U. S.
