

**TRADE BALANCES SHOW PRO-
NOUNCED GAINS IN FAVOR OF
SILVER CONSUMING COUNTRIES**

NEW YORK—An apparent over-extension of the speculative position in silver resulted in a reaction on the 23rd of May. London was also highest on the same day with 37 3/8 pence as the official bid price.

The lowest price this year was 62 3/4 cents, Feb. 28, so that the net increase on the movement ended May 23 was 11 3/4 cents.

For last year the "high" was 74 1/8 (Oct. 17) and the "low" 63 1/2 (Mar. 5). This variation of not more than 12 cents an ounce over a period of nearly 17 months with the culmination at a new record "high" is probably more important than a spectacular and monetary advance of twice this amount.

The trend in foreign origin silver prices, however, is considered to be upward and the reversals of this week is expected to be followed by a higher-price trend as soon as the speculative position is adjusted. Chinese speculators sold this week and some London dealers who had been caught on the short side, put out more commitments in "futures."

Trade conditions in the Far East are rather interesting. Favorable trade balance for India for March and April is 94,800,000 rupees against an unfavorable balance of nearly 220,000,000 rubles for the previous 10 months.

Imports in these figures include bullion.

Trade of China with this country for the first 5 months of this year amounted to \$29,000,000, an increase of 2,000,000 in price values although volume was even larger.

Higher silver prices are, of course, a considerable stimulus to China's export trade so that the outlook at present is rather cheerful.

Gold bars to the value of \$520,000 were shipped from New York to Bombay on May 24. Another shipment of \$290,000 left New York, May 20th.

The P. & O. steamship "Egypt" which was sunk on May 20, carried £200,000 in gold and £200,000 in silver (the latter containing about 1,300.00 ozs).

Despite the higher prices on sterling the gold premium in London is again higher.

Silversmith consumption in this country of foreign origin silver has been rather small for the first four months of this year, but May reports show many demands. The understanding in that trade is that supplies had reached the exhaustion point early in May. Demand by the photographic trade is steady. For the first 5 months of this year it is understood that imports and exports of silver show less than \$1,000,000 in excess imports which would be insufficient to meet this combined demand if it continues on this basis for the next 3 months.

No additional purchases of domestic silver at 99 5/8 cents net, and under the provisions of the Pittman law have been reported this week. Total so far this year is 23,326,376 ozs.

**BOY KIDNAPPED
NEAR McNEAL.**

A six-year-old boy, adopted son of Levi D. West of McNeal, is reported to have been kidnapped from the West ranch 5 miles west of McNeal, shortly after 5 o'clock last night, as a result of which West will today swear out a complaint against a Bisbee woman named Perkins, charging her with kidnaping.

According to word brought here today Mrs. Perkins, who is a grandmother of the child, drove up to the West place and without a word to the foster parents of the adopted boy placed him in her automobile and drove away. Last night West, ascertaining that she had returned to Bisbee, where she resides, made arrangements to have her arrested on a charge of kidnaping. The kidnaping is said to be the result of a long standing legal fight over the child, West having been granted custody of the child in the courts. West is also a grandfather of the child, both parents of the boy having died in the northern part of the state several years ago during the influenza epidemic.

**CARELESS USE OF
FIREARMS AROUSES
FORESTRY SERVICE**

BISBEE, June 4.—Cave Creek, in the Chiricahua mountains, is to be made safer for the camper and tourist. Recently the safety, not to mention the peace and quiet, of many people visiting that canyon has been menaced by the careless use of fire arms. Accordingly, officers of the forest service have announced that they will enforce a regulation of the secretary of agriculture, governing national forests, which prohibits "the discharge of fire arms in the vicinity of camps, residence sites, recreation grounds—whereby any person is exposed to injury as a result of such discharge."

Increasing numbers of Douglas and Bisbee people are motoring to Cave Creek, which is noted for its scenic beauty, abundance of attractive camping sites and delightful climate. Forest officers state that it is their hope that the no-shooting rule be given as much publicity as possible and that visitors who are alive to the danger in the promiscuous use of fire arms cooperate in enforcing the rule. There are many canyons in the Chiricahua mountains which draw many visitors during the summer months and forest rangers point out that there are absolutely no restrictions to the free recreational use of National Forest areas except the observance of rules necessary to safeguard public health and safety. A clean camp, restricted use of fire arms, and the utmost care to prevent forest fires, are the essentials.

**BEAR AND BULL KILL
EACH OTHER IN FIGHT**

FLAGSTAFF, Ariz., June 5.—Walter Van Deren was in yesterday from his ranch near Sedona on Oak Creek. "On the roundup of cattle on Dry Creek," said Mr. Van Deren, "west of Sedona, the other day, cowboys came across the dead carcasses of a bull and monster bear that evidently had put up a thrilling fight to death. The surrounding ground and bushes were evidence that the fight had been a terrific one. The bodies of both contestants were badly mangled. It was thought the big fight must have taken place a couple of months before being found, as they were badly decomposed. There has been a monster bear killing cattle in that section of the country for several years and the old bull that put him out of the way at the cost of his own life is entitled to a medal of honor from the cattlemen," declared Mr. Van Deren.

**UNFAITHFUL MAN
CAUSES SUICIDE**

DOUGLAS, June 5.—Despondent because her sweetheart had given his love to another, 19-year-old Josephine Quijada, ended her life by taking several ounces of carbolic acid at a Seventh street hotel about 8 o'clock last night. Attracted by moans from a room on the lower floor, the proprietor found the girl lying on the floor in agony and summoned a physician, who used a stomach pump, but was unable to save her life.

The girl is said to have been morose and sullen for several days, and frequent inquiries by friends elicited only the scant information that her sweetheart had proven untrue. Who the unfaithful one is or where he lives was not known at the hotel where the girl committed suicide.

WRECKED AUTO TO MISS TRAIN

PRESCOTT, June 3.—A narrow escape from death or serious injury under the wheels of the noon north-bound Santa Fe train was had today by M. M. Emmett, at the Miller valley crossing, who whirled his car into the rocks beside the track, rather than take the risk of having the train throw him there. He escaped without serious injury while the machine was practically wrecked, the front end being caved in by the smash into the rocks.

CATTLE SHIPMENTS START

WILCOX, June 5.—Johnson & Cook will begin cattle shipments on the 12th when they will ship 1,000 steers from Wilcox and about 700 from Benson. The shipments will continue during the summer intermittently.

**MRS. LUKE FREED
ON \$5,000 BOND
IN ROBBERY CASE**

TUCSON, June 4.—Bond in the sum of \$5,000 was furnished yesterday for the release of Mrs. Hattie A. Luke who is charged with being an accomplice in the robbery of the Bisbee postoffice, and the defendant was released from the custody of Sheriff Ben F. Daniels. She returned to her home at Bisbee.

Mrs. Luke was tried for complicity in the Bisbee robbery last April in the United States district court, but the jury failed to agree and was discharged.

Postmaster Lon K. Bailey, who was charged with the robbery, was convicted some time ago following a trial in the United States district court, and was sentenced to six years' imprisonment. He is now serving this sentence in Leavenworth prison.

Mat Keaton, who was also tried on a charge of complicity in the robbery, was convicted following a hearing in the United States district court, and was sentenced to serve five years in a federal prison. He, also, is serving his sentence in the Leavenworth prison.

Both prisoners were brought to Tucson to testify during the trial of Mrs. Luke.

**MAN GIVEN UP AS DEAD FOR
MANY YEARS HAS RETURNED**

PRESCOTT, Ariz., June 5.—H. A. Mulvenon, who left his home in Prescott in 1858 and for many years was given up as lost, has returned and plans to remain here as the guest of his brother, Austin Mulvenon, during the summer months. H. A. Mulvenon formerly was a printer and spent many years here and in Seligman, then known as Prescott Junction.

When he left here 29 years ago, he planned to make his home in New York. In August, 1900, Mulvenon wrote to his brother here saying that he was going to Galveston and would remain there.

On September 8, 1900, the city of Galveston was visited by the tornado and flood, when hundreds lost their lives. Nothing was heard of Mulvenon after the flood. His family advertised throughout the east for some word of him and finally gave him up for lost.

This belief persisted until October of last year, when Austin Mulvenon received a letter from the supposed lost brother, who had moved to Philadelphia, living there and in New York until two years ago, when he moved to Des Moines.

**LUMBERMEN WILL
MEET IN DOUGLAS**

DOUGLAS, June 4.—The largest attendance of any convention the association has held is the state is expected at the meeting of the Arizona Lumber Dealers' association, to be held in Douglas next Friday and Saturday, June 9 and 10, according to present indications. Two prominent speakers, in fact, who are nationally known as orators, have been engaged to speak to the lumbermen. On Friday afternoon E. H. Beckmann, vice-president and general manager of the National Builders' association of Spokane, Wash., will deliver an address, probably in the Gadsden hotel dining room. Saturday evening, "Parson" Simpkins, one of the wittiest speakers in the country, will talk to the lumbermen at a banquet held in Agua Prieta or at the Country club.

Friday morning will be devoted to a business session which will be held in the Gadsden hotel dining room.

**SANTA CRUZ OFFICERS
DISRUPT BORDER BAND
OF CATTLE RUSTLERS**

NOGALES, Ariz., June 3.—With the recovery of 13 head of stolen cattle and the expected arrest of an American rancher of Santa Cruz county and two Mexican accomplices, livestock inspectors, police and members of the customs force believe they have disrupted a band of cattle rustlers who are alleged to have been supplying local markets with stolen beef.

The cattle recovered are a portion of a herd stolen from the ranch of Ramon Romero on the outskirts of Nogales, Sonora, and driven to the American side of the border.

**TO GET WIFE'S DAUGHTER
AND SHEEP INDIAN MAKES
HIS BROTHER MURDER HER**

FLAGSTAFF, Ariz., June 5.—Wanting his wife killed so he could get her property and marry her daughter by a former husband, Teddy Johnson, Navajo Indian near Leupp, hired his brother, Luke Johnson, to commit the crime, according to the latter's confession. He choked the woman to death on the night of May 29.

The murderer, 23 years old, is fairly well educated. The victim, a Mohave Indian, named Betaht Ah Ni Bit-sui, owned a lot of sheep and goats. This is according to Indian custom, the squaws owning the sheep and the goats, the males the other animals.

Teddy Johnson already had two wives living close together, but he coveted his step-daughter, the grown daughter of the murdered woman. The latter refused to permit any such arrangement, so, according to Teddy's brother, Luke, the latter was the unwilling tool used to remove the obstacle. Luke made two confessions, each before witnesses, and they were substantially the same. He is in jail here, his brother a fugitive.

**WINKLER BOUND OVER
TO SUPERIOR COURT
AFTER EXAMINATION**

TUCSON, June 5.—Charged with having participated in the holdup of the Golden State Limited on the morning of May 15, George Winkler, Sr., was bound over to the superior court Saturday following his preliminary held before Justice of the Peace Pease. The defendant is held in the county jail in default of \$5000 bond.

Authorities are still seeking Edward Winkler, son of George Winkler, Sr., and Santiago Valdez, who were implicated in the holdup by Jirou during his testimony yesterday at the preliminary examination of the elder Winkler. Valdez is a goat herder formerly employed by T. O. Dugat. He is believed to have escaped into Mexico. Edward Winkler is believed to be in Los Angeles.

**SHORT CALENDAR FOR
JUNE TERM.**

A short calendar for the June term of the Superior Court resulted from the setting of the calendar held this afternoon before Judge Lockwood in Division No. 1. Cases were set for trial starting on the 12th, when a special venire of 75 jurors will report for duty, and ending on June 21st, which will make about a 10-day session.

Out of the cases set during that time, eight were criminal cases, set over a period of three days, while seven were civil cases set over a period of six days. It is possible that several of the cases will not come up for trial, but will be settled out of court before trial.

**CALL 21 FOR GRAND JURY
IN PROBE OF THE KU KLUX**

PHOENIX, June 4.—Names of 21 registered voters of Maricopa county were drawn at 4 o'clock yesterday afternoon as the panel for the special grand jury ordered called by Judge R. C. Stanford for the purpose of investigating the activities of the Ku Klux Klan in Maricopa county.

Convence Wednesday.

The panel will convene at 9:30 a. m., Wednesday, June 7, in the court room of Division No. 1 to be examined and sworn in. If the required 18 grand jurors are secured from the panel, the investigation probably will start immediately.

**GIRL'S FATHER SEEKS
TO ANNUL MARRIAGE**

YUMA, June 5.—When Mary C. Hanna and Carl Warring failed to return to their homes from a dance in the upper Yuma valley Saturday night the girl's parents started a search for the couple. In Yuma they learned that a marriage license had been issued them Saturday afternoon. The boy gave his age as 19 and was able to furnish the written consent of his parents. The girl declared her age was 18.

In superior court yesterday her father began proceeding to have the marriage annulled, declaring that the girl is but 16 years old.

**MEXICAN GOVERNMENT
CHARGES RUMORS OF
REVOLT PROPAGANDA**

NOGALES, Ariz., June 3.—All Mexican consulates on the international-border today received the following telegram from the American consulate in Washington, denying reports of a new revolutionary outbreak in Mexico:

"Reports published by some American newspapers conveying the impression that a new and serious revolutionary outbreak has taken place in Mexico are entirely without foundation. These reports are clearly part of a campaign against the Mexican government and coincide with the arrival at New York of Finance Minister de la Huerta, who is now in that city to discuss the question of the Mexican external debt. Normal conditions prevail throughout the country as heretofore. The recent uprising in the state of Tabasco was promptly dealt with by federal forces. After visiting Tabasco, General Serrano, minister of war, is now on a tour of inspection in the states of Campeche and Yucatan."

**GALLOWES TO END
HADLEY'S CAREER**

TUCSON, Ariz., June 3.—The death warrant ordering that Paul V. Hadley, who on May 27 was convicted of murder in the first degree, be executed on August 18 within the walls of the state prison at Florence, is the first one ever issued out of the superior court in Pima county, according to Mrs. Olive G. Fallor, clerk of the superior court.

Judge Pattee pronounced the death sentence, by hanging, on Hadley today.

There were many death warrants issued by the courts in territorial days, but since statehood and the creation of the superior court, none has been issued out of the superior court here except that condemning Hadley.

The death warrants orders that the sheriff of Pima county remove Hadley to the state prison within 10 days from the date of judgment which was yesterday.

Hadley, who was convicted of first degree murder in connection with the death of Mrs. Anna C. Johnson, was twice tried. The first time the jury disagreed, nine jurors being for acquittal and three for conviction. In the second trial the jury brought in a verdict of guilty after 15 minutes deliberation and recommended the death penalty.

The condemned man gave no indication of emotion whatever when the court read the sentence of death. This attitude characterized the demeanor of Hadley throughout both of the trials.

TEACHERS' EXAMINATION.

Twelve applicants are taking the quarterly teacher's examination in Tombstone today for teacher's certificates, as given by County School Superintendent Miss Helen L. Brown. The examinations are being held at the High School building practically every section of the county being represented. The applicants taking the examinations are:

Mrs. Mattie Reed, Mrs. Helen McClelland and Miss Olive Holland, of Tombstone; Mrs. Elizabeth Bruner, of Cochise; Mrs. L. P. Richhart, of Apache; Miss Minnie Hudson, of Wilcox; Miss Della Coons, of Pomerene; Mrs. Lynn Perry, Miss Ruth Meisher and Mrs. M. A. Fairchild, of Douglas; Mr. Alphonzo Pederson, of St. David; Miss Dawn Taylor, of McNeal.

BE CAREFUL OF FIRE.

People going to the mountains should use the utmost care when making picnic or camp fires, to see that they are completely out when leaving the grounds. The dry season is now on, therefore requiring the utmost of caution to avoid the setting of forest fires.

It is also well to remember the reply of the picnicker who was "kidded" about being flackey when he buried all the empty cans and gathered the bits of paper and rubbish before his departure for home, leaving the place in a neat and sanitary condition. He said: "I don't believe in strewing my garbage on God's front lawn."

INSPECTING CHICKENS
COCHISE, June 5.—R. B. Thompson, poultry husbandman, University of Arizona, spent three days last week in Cochise county checking on several poultry farm experiments which are being conducted in co-operation with his department. Mr. Thompson says that Cochise county affords almost ideal conditions for the growing of poultry.

**NOTICE FOR PUBLICATION—ISO-
LATED TRACT**

PUBLIC LAND SALE
Department of the Interior
U. S. Land Office at Phoenix, Arizona, April 14, 1922.

Notice is hereby given that, as directed by the Commissioner of the General Land office, under provisions of Sec. 2455, R. S., pursuant to the application of William J. Davis, Serial No. 051363, we will offer at public sale, to the highest bidder, but at not less than \$2.50 per acre, at 10 o'clock A. M., on the 29th day of May, next, at this office, the following tract of land: Lot 4 Sec. 18, lot 1 Sec. 19, T. 21-S., R. 25-E., G. & S. R. B. & M. This tract is ordered into the market on a showing that the greater portion thereof is mountainous or too rough for cultivation.

The sale will not be kept open, but will be declared closed when those present at the hour named have ceased bidding. The person making the highest bid will be required to immediately pay to the Receiver the amount thereof.

Any persons claiming adversely the above-described land are advised to file their claims, or objections, on or before the time designated for sale.

JOHN R. TOWLES, Register.
SCOTT WHITE, Receiver.
First publication April 23, 1922.

NOTICE FOR PUBLICATION

Department of the Interior
U. S. Land Office at Phoenix, Arizona, May 24, 1922.

Notice is hereby given that Frances L. Conyers, of Benson, Arizona, one of & for heirs of Katherine Larrieu, who, on June 8, 1921, made Homestead Entry No. 039046, for lots 1, 3, 4, E 1/2 NE 1/4 Sec. 22, lot 1, Sec. 27, NW 1/4, W 1/2, SW 1/4, SW 1/4 NE 1/4, Section 23, Township 20-S., Range 20-E., G. & S. R. B. & Meridian, has filed notice of intention to make Three Year Proof, to establish claim to the land above described, before W. A. Fowler, U. S. Commissioner, at Tombstone, Arizona, on the 29th day of June, 1922.

Claimant names as witnesses:
George W. Fenter, Ramon Escudero, Walter Douglas, Louis Eskag, all of Fairbanks, Arizona.
JOHN R. TOWLES, Register.
First publication May 28, 1922.
