Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Thedford's BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which gripped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."

MODERN CRANKCASE CLEANING SERVICE

Dirt in your Engine Oil—Get rid of it!

A LARGE quantity of dust-laden air is "inhaled" by the daily operation of an automobile engine. With this road dust, carbon and fine particles of metal get into the lubricating oil and circulate through your engine, lowering the efficiency of its operation. Add to this dirt the gasoline that escapes past the pistons and dilutes the oil—

Here you have a combination that wears and tears and grinds away, every day adding a little more dirt and forcing a little more unnecessary wear on bearing surfaces. Result: slow response—less power—poor performance—shorter engine life.

Our new Modern Crankcase Cleaning Service is the enemy of dirt in the crankcase—it means "clean oil in a clean engine." The

Calcl Flushing Oil we use is the new, scientific, thorough flushing agent that does not contaminate the fresh Zerolene refilled into your cleaned crankcase. This modern, convenient service, given quickly and at a nominal cost, returns your engine to you clean and fresh, ready to give that satisfied performance you expect. Today: Bring in your car for Modern Crankcase Cleaning Service.
