We kill 'em. Any number on the premises. Any size rat. Any age rat. Rats with pups and rats without pups. Rats in their holes and rats in the open.

We kill 'em dead. Not crippled so that they can run away and die somewhere else.

We kill 'em in a hurry. No rat can live long after coming in contact with our exterminator.

We kill 'em in every building. No matter how old, how tumble-down, how rat-infested, we can clean it.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
