## NORTH BENNINGTON

At the Baptist church Sunday, November 2, we will journey together from Joppa to Jerusalem, through a land filled with bible names and scenes. In the evening the subject will be, "Down to Jericho and up to Galilee." Views will be thrown upon the screen, showing scenes in the various places. Young People's meeting will be led by Harry White, the subject being "The Heavenly Helper." Prayer meeting Thursday evening. We will try to unfold a portion of scripture, illustrating it upon the blackboard.

Halloween came with its ghosts, fun and frolic. Blessed be the children with their jack-o'-lanterns and ghostly attire! When you growl at them and scold, you are getting off. It is about time that you should get a pumpkin and get into their happy world. At the Baptist social we did not see anybody scolding or fretting, but we did see some who were just as young as in the old days back in that blessed past. The religion of Christ has a place for every right thing. Joy, gladness and happiness are the angels it brings to keep company with you.

At the Congregational church on Sunday the services of worship will be held at 11 a. m. and at 5 p. m. Following the morning worship the Sacrament of the Lords Supper will be celebrated with reception of members. Sunday school meets at 12:30. At 5 o'clock the Vesper service is convened. This is a brief popular service of worship lasting for about three quarters of an hour. The public is cordially invited to worship with the church at these services. The Endeavor society units at 6 o'clock with Miss Margery White, leader. At the morning worship the annual offering for Congregational Education society will be taken.

### Carnations at Fifty Cents a Dozen

Carnations have made an excellent growth this season and the flowers are exceptionally fine. Because of this fact I am able to give the people of Bennington a carnation opportunity such has not been announced here in some time. On Friday at 4 o'clock I will have on sale while they last some of the handsomest carnations ever seen in Bennington. There will be just fifty dozen in the lot and they will be sold for 50 cents a dozen. L. C. Holten, the School street florist.

### The Model Kitchen.

Auto Luck is the final word in range construction—in fuel economy—in kitchen convenience—in perfect preparation and correctly served meals. The model housewife is never satisfied with her home until she has made her kitchen the best organized department. A Sure Luck is an organization in itself. It exemplifies every modern convenience for cooking. Concentrates the heat where most needed, which means a cool, pleasant kitchen as well as a saving in fuel bills. Walbridge sells them.

### A New Style Body.

In a few days the new 1914 Reo automobile will be at the Putnam house garage for inspection. This machine, complete electric equipped, 36 new features and a \$220 reduction, will introduce a new, novel style body. It is hard in the hidden parts, and every maker knows it. Therefore the chassis is the place to look on for short comings.
