FOR SALE!

THE premises 477 Main street, together with the vacant lot adjoining. This property has a Main street frontage of about 84 feet, and a depth of approximately 137 feet. This is the largest, best and practically the only available site for a building of any size in the Main street business section between the Putnam House corner and Silver street. The size of the lot is such that by erecting a building on front of lot with an arcade the back lot would be available for other buildings and the entire lot could thus be used to advantage.

This is without exception the best proposition now in the market for any one desiring to purchase in the business section of the village.

A TRACT of land several acres in extent, but without buildings, situated in Bennington on line of trolley and within two miles of Post office corner and within the five cent fare limit. This tract would cut up into about twenty good one-fourth acre building lots, and owing to location, should find a ready sale—or would make an excellent place for someone desiring to build and have a few acres of land within easy distance of the village. The land is smooth and of good quality.

AN excellent farm of about 100 acres, with good house and barn, within three miles of Bennington village, and within a short distance of trolley line. Farm has good pasturage, some wood land and is well watered. Well adapted to general farming or would make a good dairy farm.

A 65 acre farm, 35 acres of which are tillable, balance wood land and pasture. A good sugar orchard of some 250 trees on farm and a considerable quantity of wood and timber. Farm well watered, soil sandy loam, well adapted for vegetables and fruit, or is a good general farm. A good set of buildings on the place. Situated within a few miles of Bennington village, and one mile from trolley line. Farm will keep six or eight head of cattle and team of horses. Price \$2000.

A GOOD investment proposition, consisting of two double houses and one single house, in heart of the village. These houses are on adjoining lots, and will be sold together or separately.
