

Guard Children Against Worms

Pinworms or stomach worms are some of the most dreaded diseases of children.

Signs of worms are: De-ranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on tongue, starting during sleep, slow fever.

Dr. True's Elixir, the Family Laxative and Worm Expeller, will surely and quickly expel worms, correct upset stomach and constipation. Adults are also benefited, and write me letters like this: "Dr. True's Elixir has done me a world of good. John Glass, Houston, Texas." At all dealers', 35c, 50c and \$1.00. Advice free.

Wilson Responsible for Roosevelt.

Mr. Roosevelt ought to be very grateful to Mr. Wilson.

A year ago Mr. Roosevelt's chance of being nominated for the presidency by a republican national convention was about one in 1000.

Today Mr. Roosevelt's chance is about one in three.

And if Mr. Wilson pursues his Mexican policy until June, Mr. Roosevelt's chances of nomination and election will be a thousand to one.

And if Mr. Wilson turns tail and runs away again from Mexico, Mr. Roosevelt's chances of nomination and election will be a million to one.

There will be no race at all.

There will be nothing but the mere formalities of casting and counting the votes.

Politically Mr. Roosevelt is selfish, unscrupulous and dangerously contemptuous of the constitutional rights and authority of the Congress and the Supreme court. But thousands of citizens who believe this of him and who dislike and distrust him, will nevertheless vote for him if there is no other way to put an end to this long record of national dishonor in our relations with Mexico.

They feel, as we feel, that if the people of the United States must have a dictator, they would infinitely prefer Theodore Roosevelt to Venustiano Carranza, or whatever other Mexican bandit and thief Mr. Wilson and Mr. Lansing may happen to be taking orders from as to when and how and where the fleet and army of the United States may move to uphold the honor of the American flag and to avenge the wholesale massacres of American men and women killed on the soil of their own country.

Mr. Wilson has several weeks yet in which to accomplish the election of Mr. Roosevelt, and he is certainly making tremendous progress on the job.—New York American.

WHEN PRICES WERE HIGHER

Flour \$15 a Barrel and Kerosene 8 Cents a Gallon in 1865.

Prices seem high enough to suit the most fastidious at the present time but E. N. Randall of St. Johnsbury is showing some prices taken from a grocery bill of his father's in the latter part of 1865 and the first of 1866 that show things cost more than they do now. Here are some of the items:

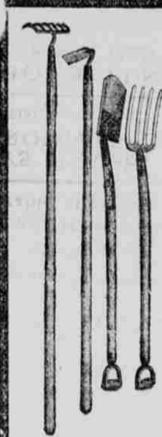

1 barrel of Flour	\$15.00
50 lbs. of sugar, 17 1/2c a lb.	8.75
48 lbs. of lard, 22 1/2c a lb.	10.80
5 gallons kerosene, 88c a gal.	4.40
4 lbs. of butter, 50c a lb.	2.00
1 gallon of vinegar	.50
2 dozen crackers	.18
1 peck of apples	.55
1 pound of sausage	.28
3/4 pound of ginger	.12
2 3/4 lbs. of ham, 25c a lb.	5.80
2 lbs. of pork	.50
1/2 pound of tea	.78
1 pound of maple sugar	.28
3/4 pound of cream of tartar	.20
1/2 ton of coal	8.60

The Artist and His Work.
The great artists, like the great heroes, have always done whatever came to hand.

Michelangelo grumbled and said he was a sculptor when Julius II set him to paint, but he painted the roof of the Sistine chapel. Shakespeare chafed at the popularity of the fool in the drama of his time and then produced the fool in "Lear."

If either of them had waited for perfect conditions and an inspiration untrammelled by circumstances he would have done nothing. They produced masterpieces because they made the best of things as they were. And this is the business of the artist in life.—London Times.

Fruits and Flowers.
Only one tree produces fruit and flowers at the same time. It is the orange tree.
