

Parents Should Know this Splendid Remedy

Simple Laxative Compound Helps to Correct Constipation in Children.

With all children there are times when the bowels fail to act naturally and it becomes necessary for the parents to administer a remedy. Cathartics and purgatives should never be used as these agents afford only temporary relief while their violent action shocks the system unduly. Mrs. Eva F. Gaff, 517 10th St., Washington, D. C., says that her little girl, Marie, had been subject to constipation, and that she found Dr. Caldwell's Syrup Pepsin the best remedy because of its mildness, and now always keeps a bottle of it in the house.

Dr. Caldwell's Syrup Pepsin is a compound of simple laxative herbs, free from opiates or narcotic drugs of any kind, and is an ideal remedy for children because of its mild action and positive effect. Its use tends to strengthen the impaired bowel action and restore normal regularity.

It is important that parents should know of a dependable remedy with no unpleasant after effects, griping or

strain. Dr. Caldwell's Syrup Pepsin costs only fifty cents a bottle and can be procured at any drug store. To obtain a trial bottle, free of charge, write to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

The funeral services of Louis Hart aged 64, who died at his home on Bradford place Sunday, following a long period of ill-health, were held from the Sacred Heart church this morning, Rev. Charles E. Prevost officiating. There were many floral pieces. The bearers were Lee Hart, Warren Hart, Edward Hart and Thomas Butler. Interment was in the new Catholic cemetery at Old Bennington.

Albert Green, working yesterday afternoon in the shop of the late Norman W. Edgerton on McCall street, suffered a severe gash on his left hand when the palm came in touch with a buzz-saw and was opened to the bone. Green was working alone in the shop at the time and giving the injured member such cursory bandaging as he was able, he went to Dr. D. V. O'Donnelly's office where it was first thought hospital treatment would be necessary and possibly amputation. As the bones were not found to be injured the physician hopes to save the hand by careful dressing.

The members of the Methodist Brotherhood were somewhat disappointed in their meeting last evening, owing to the inability of the pastor, Rev. P. L. Dow to be with them and lead the exercises. E. T. Griswold, who was to furnish the entertainment was unavoidably detained so the evening was spent in a social time, following the regular transaction of business. The president, Fred C. Martin, took charge of the business meeting and short devotional exercises were under direction of Rev. George S. Mead. The evening ended with a chowder supper in the church parlors. The members are planning for a Brotherhood auto ride later in the season when they will be accompanied by members of the Shaftsbury Brotherhood in 15 automobiles from that place.

ITCHY SALT RHEUM

Sometimes Called Eczema—Removed by Hood's Sarsaparilla.

Salt rheum is one of the worst and unfortunately one of the most common of all diseases. How it reddens the skin, itches, oozes, dries and scales, and then does this all over again! Sometimes it covers the whole body with inflamed, burning patches and causes intense suffering.

Salt rheum comes from humors in the blood. This is why local applications do so little good. It will continue to exist, annoy, pain and perhaps agonize, until these humors have been removed.

Ask your druggist for Hood's Sarsaparilla. It goes to the source of the trouble. It cleanses the blood of the humors that cause salt rheum. It has given perfect satisfaction in thousands of cases. Get it today.
