

# BING! BANG!

## THE HUNTING SEASON OPENS THIS WEEK

and with "preparedness" in mind we have stocked for the best season ever with a lay-out of shot guns and rifles that will surely give you an irresistible desire to get after the game.]

To be sure manufacturers have had to advance prices on all guns and ammunitions, but we have sacrificed considerable to keep our prices down. Shot guns we have in generous quantities at very small advances in price. Under normal conditions you could hardly expect to pay less for the single barrel guns we are offering this season

**At \$5.50**

Others up to \$12.00. Double guns of reliable makes at the usual price ranges.

Rifles of all the leading manufacturers at the lowest factory prices. Some we are offering at absolutely no advance over last season's prices. Come in and look them over.

Our present stock variety of shot gun shells and metallic cartridges is larger than ever. A hundred to one we have what you want. Then we have all the other accessories for the man in the woods, including Hunting Coats, Leggins, Camp Axes, Knives, Revolvers, Compasses, Ingersol Watches, Electric Flashlights, Pocket Cook Kits, Drinking Cups, and a hundred and one things to make hunting safe and enjoyable.

If you don't like the "BING! BANG!" do your hunting with a Camera. We carry a complete line of Ansco Cameras and Films, Cyko Paper and general Photo Supplies.

I wear a crown, but I'm not a king.  
I bear a roof, but I'm not a fang.  
When sent I bite, but never fight.  
I'm oft called sweet, but never sour.

Get me with trouble, lose me with pain.  
Go right to work and have me again.  
Guard me and prize me, and yet some day  
I'll send you well to take me away.

For Hay Fever, Asthma and Bronchitis.

Every sufferer should know that Foley's Honey and Tar is a reliable remedy for coughs, colds, bronchitis, hay fever and asthma. It stops deep-seated racking coughs; banishes tickling in throat, heals raw, inflamed membranes; loosens the phlegm and clears passages; eases wheezy, difficult breathing, and permits refreshing sleep. It is slightly laxative and contains no opiates. For years Foley's has been the only medicine in thousands of homes for these troubles. Sold everywhere.

### B. & M. TO PAY RENTALS

Stockholders of Leased Lines Will Soon Receive Checks.

Boston, Sept. 14.—The Boston & Maine railroad will pay the rental charges of its leased lines during receivership, President James H. Hustis temporary receiver of the property, stated last night. "For the present," he said, "the system will continue to be operated as in the past. To keep the system intact it follows that the interest and rentals due the leased roads will be met and the declaration under which I was appointed so profitable."

It is understood that checks for such charges will be mailed stockholders of several leased lines on October 1.

### FIGHTING BLOOD OF SENTERS

Although Twice Wounded Montpelier Boy Will Rejoin Regiment.

Clarence H. Senter of Montpelier has received a letter from his brother John, who is in a hospital at Cambridge, England, stating that he is doing well and hopes to recover enough to be able to go back to the front again. He has been in a serious condition for several weeks. In a drive which the English troops were making in France he suffered a bayonet wound in the chest from which he is making a good recovery. He also received a bad nose wound from a shrapnel, but again he was fortunate for his physicians performed difficult operations so that the nose is but slightly disfigured. His most serious condition arose from the effects of the poisonous gases which the Germans released in the trenches and it is from these effects that he is slowly recovering. As is known, these gases mostly affect the legs and hands. Mr. Senter suffered most in the hands, which he is not yet able to use much, while he also suffered considerably from a cough which developed from the effects of the gases in the throat. Despite all that he has been through, he still expects to rejoin his regiment.

### MORE MONEY FOR MILK

Increase in Price to Producers Recommended.

Boston, Sept. 14.—A recommendation that producers increase the price of milk to dealers was voted yesterday by the directors of the New England milk producers' association. They set 50 cents as the price to be demanded for 1 1/2 quart can of standard milk delivered at Boston. Secretary Richard Patten of Laconia, N. H., said this price would be equivalent to an advance of one-half cent a quart over present prices and was due to the increased cost of production.

### Tuesday's Primary.

Well, Vermont has had its first experience with the direct primary and it leaves Senator Carroll S. Page "sticking close to the job." As a result of yesterday's voting the veteran senator from Hyde Park is assured of another term in Washington, or at least as much of it as his age will allow him to serve. The Reformer looks for no great things from Senator Page from now on for the reason that he has accomplished nothing conspicuously statesmanlike in the eight years he has already been in Washington. His victory yesterday came about as the result of the most determined support of the organization forces throughout the state, and it forecasts another equally stubborn contest when the time comes to name his successor.

While naturally disappointed at Senator Page's victory the Reformer is able to extract considerable comfort from the primary results. First and foremost, it notes with extreme approval the way Brattleboro repudiated the Page appeal. Townsend, Vernon and Wardsboro are open to congratulation for the same reason. Furthermore the operation of the primary in this county demonstrates that a candidate from a small town can win against one from a large town, opponents of the new law to the contrary notwithstanding. This is shown by the lead which Mr. De Witt, of Newfane, secured over Mr. Divoll, of Rockingham, in the senatorship contest. Another good thing that the primary has accomplished is the overturn of the custom of passing around the office of state's attorney, Mr. Bailey's nomination means that the duties of this important office will be in the hands of a competent and experienced man during the next two years.

As nearly as can be determined at this time the primary method of nomination has come up to the expectations of its supporters on its first test, and it is safe to assume that any attempt to bring about its repeal will meet with immediate and positive disapproval.—Brattleboro Reformer.

### Senator Page Was Wrong.

Senator Page explains that he voted against the rural credits bill because of its tax exemption feature. Evidently he overlooks the fact that in his own state of Vermont money loan-

## Ding! Dong! First Day of School

Sweet music to all the tired mothers.

Gleefully the sweet little girls adjust their hair-ribbons and furbelows in anticipation of greeting their former and newer school teachers.

The boys?—Well! the less said about them the better. Hoping for a series of earthquakes to engulf every building that even resembles a school house, is one of the several mildest wishes that the writer has recently over heard. But then—the male of the species was always, and ever will be, more or less of a talky talker.
