Emilio Benoni of North Adams believes that if you want to be exempted from army service, you might as well do it right. According when Emilio faced the Division No. 1 exemption board yesterday he presented a claim on which every statement was marked with a cross. Emilio's affidavit attested, among other things, that he was a United States officer, a minister of the gospel, a divinity student, a member of the army and navy at the same time and a subject of Germany. Emilio was given another blank which he filled out with less ink under proper instruction, proving to the board's satisfaction that he is a subject of Italy.

Heretofore a Real Hair Grower That Shows Results In Few Days

If your hair is thinning out, lifeless, full of dandruff and your head itches like mad, it's a sure sign of the dangerous dandruff germ, and quick action must be taken to save what hair you have and start a new growth. Don't wait until the hair root is dead, for then nothing can help you, but get from your druggist four ounces of Parisian sage—it don't cost much and there is nothing you could use that's any better. Dr. Sangerband, the famous Paris specialist, discovered that dandruff and falling hair are caused by a microbe—then came the discovery of the value of Parisian sage (liquid form) to destroy this germ, prevent falling hair and the formation of dandruff. A few massages with Parisian sage are all that are usually needed, and very soon you should be able to see the new hairs coming in. Parisian sage is women's favorite hair dressing, because it will not stain and makes the hair lustrous, soft and fluffy. Be sure you get Parisian sage (Giroux's), for this brand is guaranteed. William L. Gokay can supply you.
