

Catamount Underwear

Has no scratch in it—from the name one would judge this was its characteristic feature.

They are made so good that we wonder if its not a case of the new broom.

This Cat-a-mount underwear was not made for Cat-a-logue trade.

You know when you buy from a Cat-a-logue it's the beautiful picture and the smooth description you are paying for, not intrinsic merit.

If we were to describe all the good features of this Athletic underwear it would require several complete issues of the Banner.

For the time being the price is \$1.25

THURSDAY, JULY 3, 1919.

The cellar is going to be a popular part of the house this summer.

The Germans had the opportunity to scuttle their fleet. They scuttled it. They will scuttle the treaty in like manner if a favorable opportunity arrives.

One would naturally think that Villa would be more careful about antagonizing the United States else the latter might take a notion to run him down and kill him again.

Someone has discovered that the "summer time," obtained by turning the clocks ahead an hour about three months ago, cheated the anti-prohibitionists out of an hour of good fellowship last Monday night.

The attitude taken by the village trustees towards Saturday evening dances here meets with general approval. To discontinue these trouble-making affairs is the best way to handle the problem. No one has a right to feel injured over the action of the trustees.

In the death of Dr. Anna Shaw, the woman suffragist has lost a staunch and effective champion. Her life record is little short of wonderful. Poverty played an important part in her early life. But her will power and determination to overcome obstacles were highly developed by being constantly employed in mounting difficulties thrown in her path by her lack of funds for supplying herself with the bare necessities of life. This highly-developed determination has been one of her best qualifications for leadership in the suffrage movement. Who can say that poverty in youth was not a blessing in disguise to this noted woman? It is regrettable that her life could not have been spared a few months longer that she might have seen the fruits of her work—national equal suffrage.

The women of France are demanding punishment for the deportation of women by the Germans, the offenders to be treated as ordinary criminals. This demand from the women who suffered and bore their part in the great struggle deserves answer from humanity as well as the allies. Despite the plea of the Hun, savagery toward women and children is not war in the civilized sense.

There is not room enough in this country for two groups—one committed to the idea of a government of law and order and the other will be destroyed and branch. Some of the liberty we love may disappear in the process of determining which group shall prevail, but in the end an orderly government will remain.

The Toledo Blade declares that man nature and rooster nature are similar in some respects and dissimilar in others. The rooster is very much like man in his egotism, vanity, boastfulness, mock civility and his inclination to polygamy, but the rooster never falls to retire early after he becomes the head of a family.

Rheumatism is a powerful disease strongly entrenched in joints and muscles. In order to conquer it a powerful enemy must be sent against it. Rheuma is the enemy of Rheumatism—an enemy that conquers it in nearly every instance.
Judge John Barhorst of Ft. Loraine, Ohio, knows it. He was walking with crutches, today he is well. It should do as much for you; it seldom fails.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medication, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surface of the system. One hundred Dollars reward is offered for any case that Hall's Catarrh Medication fails to cure. Send for circulars and testimonials.

WHAT BOLSHIEVISM PLANS TO GIVE UNITED STATES

Senate Investigation Shows the System of Government Which Anarchist Agitators Have Proposed

The salient features which constitute the program of Bolshevism as it exists today in Russia and is presented to the rest of the world as a panacea for all ills, according to a report on Bolshevism by a sub-committee of the Senate, may be summarized as follows:

(1) The repudiation of democracy and the establishment of a dictatorship.

(2) The confiscation of all land and the improvements thereon.

(3) The confiscation of all forests and natural resources.

(4) The confiscation of all livestock and all agricultural implements.

(5) The confiscation of all bank and banking institutions and the establishment of a State monopoly of the banking business.

(6) The confiscation of all factories, mines, and industrial institutions and the delivery of the control and operation thereof to the employees therein.

(7) The confiscation of all churches and all church property, real and personal.

(8) The confiscation of all newspapers and periodicals and all printing and publishing plants.

(9) The abolition of all committees of all public meeting places and assembly halls.

(10) The confiscation of all transportation and communication systems.

(11) The confiscation of the entire estate of all descendants.

(12) The monopolizing of every nature of all advertisements, periodicals, handbills or programs.

(13) The repudiation of all debts against the government, and all obligations due the non-Bolshevik elements of the population.

(14) The establishment of universal compulsory military service regardless of religious scruples and conscientious objections.

(15) The establishment of universal compulsory labor.

(16) The abolition of the Sunday school and all other schools and institutions that teach religion.

(17) The absolute separation of churches and schools.

(18) The establishment, through marriage and divorce laws, of a method for the legalization of prostitution when the same is engaged in by consent of the parties.

(19) The refusal to recognize the existence of God in its governmental and judicial proceedings.

(20) The conferring of the rights of citizenship on aliens without regard to length of residence or intelligence.

(21) The arming of all so-called "tollers," and the disarming of all persons that had succeeded in acquiring property.

(22) The discrimination in favor of residents of cities and against residents of the rural districts through giving residents of cities five times as much voting power as is accorded to residents of rural districts in such elections as are permitted.

(23) The disfranchisement of all persons employing and other person in connection with their business.

(24) The disfranchisement of all persons receiving rent, interest, or dividends.

(25) The disfranchisement of all merchants, traders and commercial agents.

(26) The disfranchisement of all priests, clergymen, or employees of churches and religious bodies.

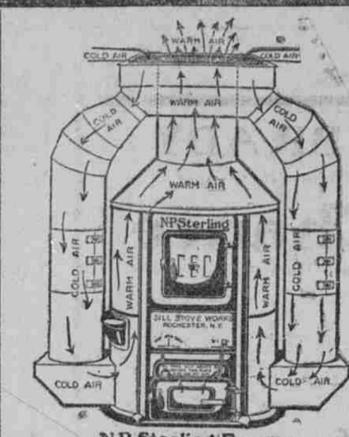

(27) The denial of the existence of any inalienable rights in the individual citizen.

(28) The establishment of a judicial system exercising autocratic power, convicting persons and imposing penalties in their absence, and without opportunity to be heard and even adopting the death penalty for numerous crimes and misdemeanors.

(29) The inauguration of a reign of fear, terrorism and violence.

This is the program that the revolutionary elements and the so-called "Parlor Bolsheviki" would have this country accept as a substitute for the government of the United States, which recognizes that "life liberty and the pursuit of happiness" are the inalienable rights of all its citizens. This is the formula they have adopted to supersede the government which was established by the people of the United States.

Before You Buy a Furnace

of ANY kind, come in and let us prove to you that the STERLING Single Register Furnace is by far the most efficient heating unit on the market.

During the recent war Government experts subjected the Sterling heater to all the known tests for material used in manufacture, workmanship and efficiency of operation. After putting it through all its paces they were CONVINCED and placed an order for thousands of these furnaces.

When you install a Sterling YOU have solved your heating problems for 30 years. Come in and see for yourself as did those government experts and you too will be convinced that a Sterling will give you perfect comfort for more years and at less expense for fuel consumed than any other furnace. Note in the cut the two side pipes which keep the cold air cold until it is delivered at the bottom. This feature insures rapid circulation. These side pipes alone are worth the price of the furnace by the increased efficiency they afford.

BACKACHE IS A WARNING

Bennington People Should Not Neglect Their Kidneys.

Backache is often nature's most frequent signal of weakened kidneys. To cure the pains and aches, to remove the lameness when it arises from weakened kidneys, you must reach the cause—the kidneys. If you have pain through the small of your back, urinary disorders, headaches, dizzy spells, or are nervous and depressed, start treating the kidneys with a tested kidney remedy.

Doan's Kidney Pills have been proved good and are especially for weak kidneys. Doan's have been used in kidney trouble for over 50 years. Read Bennington testimony.

Mrs. Mary Manney, 124 Adams St., says: "I suffered with a severe backache. Whenever I stopped sharp twinges darted through the small of my back, especially mornings and I felt all tired out. I used Doan's Kidney Pills, procured from Gogay's Drug Store and they relieved me. I have had no return of the trouble."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Manney had. Foster, Millburn Co., Mfgs., Buffalo, N. Y.
