To Feel Fit to Work

you must keep your stomach well, your liver active, your bowels regular and blood pure.

If you get up in the morning tired; if you get exhausted with the slightest exertion—you can depend upon it that your liver is torpid and needs waking up. A few doses of SEVEN BARKS, nature's great remedy, will "wake up" that lazy liver, and make you feel like new.

If your liver has been overworked, it would cause your whole system to fill up with acids and poisons that would make you feel weak, tired and sick. You can easily remove the acids and poisons from your system by taking from 10 to 20 drops of SEVEN BARKS in a little water after meals. It will keep your bowels moving naturally every day, cleanse your system thoroughly, eliminate undigested food, and bring you back to active and normal health again.

SEVEN BARKS is nature's remedy made from the extracts of roots and herbs and has stood the test for many, many years, and will certainly give you a feeling of new life and vigor. To feel fresh and fit for your daily duties, you must keep your stomach and liver active and bowels regular.

To get and keep well ask your druggist for SEVEN BARKS. If he is out of it, he will get it for you. Accept no substitute. Price 60 cents.

ARE YOU A REAL MAN OR A WEAKLING?

Don't Be Pale And Sickly Always—Let Goldine Build Up Your System.

Are you one of those weak, frail-looking men who seem small and insignificant in the presence of real, well-developed, red-blooded men? Are you one of those who secretly envy other men who reflect health in their faces, their manners, their steps and who have the strength necessary to go through the duties of life without flinching or weakening?

Be a real man. Step out of the weakling state as you would step out of an old, worn-out suit. Put each aside and appear among your friends, before the world, in your new body, build up strength and radiating good health and power in every move.

It can be done. It has been done thousands of times. What you need is food for the blood, food for the nerves. More blood and nerve strength will make your body grow, make your muscles become larger and more powerful, bring color to your skin and make you fit to undertake your tasks and accomplish them as they should be accomplished.

This food for the blood and nerves is contained in Goldine No. 1. Goldine remedies are made of herbs which have proved to be good, slow-building food. Goldine No. 1 also contains iron which strengthens the blood, makes new blood cells, builds up the nerve tissue throughout the body and creates power and vigor. With the iron is soda which acts as an anti-acid and prevents gastric disturbances of the stomach and bowels which is produced in combination of iron with iron phosphorus, arsenic and strychnin or other poisonous drugs.

If you want to be classed with the real men, if you want others to look at you as you now look at big, strong, healthy men start the Goldine treatment. Remember, Goldine No. 1. It comes in liquid and tablet form. And it's sold at W. L. Gokay's Drug Store.
