

FATHER FOUND TWO-YEAR-OLD BOY VERY SICK

Was Thin, No Appetite, Had Swollen Lips, Stomach Pains, Itching Nose.

A hardy woodsman and enthusiastic fisherman, Joseph K. Lane, of Lincoln, Maine, has a very interesting record to report. He writes: "As a boy, thirty-seven years ago, I began to take Dr. True's Elixir. Once after six months hauling logs, I came out of the woods and found my two-year-old boy very sick. He was thin, had no appetite, had swollen lips, pains in stomach, an itching nose, was suffering from constipation, for months.

Joseph K. Lane.

"I had not been in the house an hour when an elderly lady—a good neighbor—came in and told my wife to get a bottle of Dr. True's Elixir, saying she had seen numbers of similar cases which it had relieved. "My boy was given a half dozen doses of Elixir when he passed a lot of little worms, and right away began to show improvement; he began soon to eat with a relish, play around and look healthy. He did not have to take a full bottle, and in later years, whenever he got off his feet, a few doses would straighten him out quick. "When I got constipated, a couple of teaspoons of Dr. True's Elixir fix me O. K. "My son is grown up now and has a family of six children and he has practically raised his family on Dr. True's Elixir. The children go out and get hold of something not good for them. It's hard to watch all the children, and so when they eat something they shouldn't and get sick, the Elixir is given and the family is put in good shape again. "I have read in the papers you have to take a half dozen bottles of some remedies but you don't have to do this with Dr. True's Elixir. Simply a few doses and then quick relief.

Some Practical Advice

Star: A recent editorial in your esteemed newspaper says that a girl employe of a Springfield, Mass., laundry has collected 2,700 safety pins from the soiled garments sent into the establishment, said pins making when clasped together a string 327 feet long.

What could you do with a string of safety pins 327 feet long? Why not be practical and say that these safety pins—2,700 of them—would suffice to hold up the diapers of 2,700 babies whose combined yells, if pricked when being clothed, would make more noise than the firing of the German gun that bombarded Paris from a distance of 75 miles. Hosiery, Full-Size, Full-Length—the Same Dependable Quality, Every Time

Sorting over the family laundry gives a woman a pretty good idea of the way Hosiery varies in wearing quality. What a woman asks for is dependable quality and value.

She doesn't find it in the mixed and shifting stocks of the average Dealer. The service he owes her is the "Allen A" Service. Her own kind of Hosiery, all of a kind, the same standard quality, wear and comfort, no matter when she buys.

The Label of "Allen A" is the new mark of the Maker's identification and responsibility on the celebrated BLACK CAT HOSIERY.

"Allen," the name of the Makers; their personal pledge of responsibility to you. And "A"—the standard mark of first and finest grade.

The "Allen A" Service is more than thirty years old. You find it in thousands of stores.

If your Dealer does not offer it to you now—he should make up his mind, and do it.

Besides the service to you, he will simplify his business beyond belief.

He buys direct from the Mills—gets exactly the kind she wants—Hosiery of uniform and dependable value time after time.

Censure Comes to All.

It is folly for an eminent person to think of escaping censure, and a weakness to be affected by it. All the illustrious persons of antiquity, and indeed of every age, have passed through this fiery persecution. There is no defense against reproach but obscurity; it is a kind of concomitant to greatness, as satire and invectives were an essential part of a Roman triumph.—Addison.
